Good Saturday Evening.

Blood of Christ, courage of Martyrs, save us.

Index Number 422:

Great technical idea from Bret!

To algorithmic 'pair' people who have opposite positions (and I would suggest similar IQ.)

It would be also nice to have a way to capture a informal debate to be posted if all agree, and to collect based on subjects.

.. Lots of other good perspectives (some I don't agree with fully), good stuff.

Nice! It has a name – "Chesterton's Fence" ..

[https://en.wikipedia.org/wiki/Wikipedia:Chesterton%27s\\_fence](https://en.wikipedia.org/wiki/Wikipedia:Chesterton%27s_fence)

I would have benefited by knowing this (better) when young ..

(and when in Holy Tent; [#SexSegregation](#), suffering, isolation (not being distracted on other's whims), giving power only to those with Merit and not isolated (for example women; votes, destroying families,..)..)

I've stopped listening to Noam Chomsky, he's gone insane with the Global Warming, Plandemic, the President Trump Derangement Syndrome (TDS), and other things .. I don't know how – but he's been Main-Lining (injecting into blood-stream) ALL the Witch family rulers' Media Conspiracy Distractions.. and as such is pulling others into ineffectiveness or destructiveness for Evil.

Church Committee II .. the Witch family rulers directing #DeepState, Administrative State, Law-makers, .., and controlling vile putrid cnts and local Witches, Minions, and our mothers have been destroying potentially good men from the crib. Co-workers, managers, slimy vile 'Professionals' all around us will target anyone the moment you ask the wrong questions, learn there inHuman horrorness,..

.. a Web of Evil that would be removed if God would send us a Real pandemic that kills all older women (post and at menopause) except those the Love and Serve.

.

They are the Source of 80+ Percent of the evil in this #CntHell. A pure Unitarian could effective argue that removing all but the clearly religious would be effective, and compared to most their support of the secrete Witch-Matriarchy, the evil-Blinding from crib, the voting for #BabyKilling, #ChildTaking, family and fatherhood destroying, the evil-war supporting and sending our sons, brothers, fathers, uncles,.. off to die or be destroyed – then laughing at them homeless, suicide, suffering,..

.

.. it can be argued that it would be Just.

.

So many of you are inHuman (by male raised virtue standards) howling retarded or functionally evil nightmares – Curses on Love, Joy, Goodness, Truth, Order, Justice,..

.

Each of you, on average costs \$150,000 each, the cost of a modest home for a man and his family, yet you putrid howling-evil cnts crush our testicles,laughing and cheering at our deaths, suffering, suicides – and support those so evil as to drive those – against your Benefactors!

F-ing vomit-souled evil cnts, many of you, with most of the rest active supporters.

others – we'd all be better off, including you.

Many of you are inhuman, most of you are scary hyper-empowered forces of evil in the world, and we all psychologically mutilated from birth not to See you.

I came across this from years ago in an old post searching for something unrelated ..

May the Holy Ghost protect us all from my Error, Sin, and Wickedness - and through God's Grace lead us all to Jesus.

May our Salvation - through His Grace - be my 'Little Drummer Boy Gift' to God..

I was looking for this .. which was stimulated by the "Commodores - Sail On"music video, the hang-gliders ..

.  
It's a sporting concept .. extreme sporting.

Something I want to see, or if I were younger and healthy and wealthy enough - to do myself.

.  
Imagine a cargo plane flying high and the back ramps opens and there are many hang-gliders dispersing, each controlled by one person wearing a para-shoot, radio, sitting and also wearing version of ice-climbing boots, and cameras pointing in all directions.

.  
The hang-gliders may be modified with hooks on the end of the wings, and perhaps some ability to partially fold the wings to bank & dive like a bird of pray ...

fighting' starts with a "Start" command over the radio – each struggling for position to streak down or across and shred a wing.

.  
Fighting ends when below a safe altitude to eject and para-shoot to safety.

.  
Also - when you eject - drop away to open shoot - the hang-glider should then burst into smoke and maybe flames a few moments after separation.

.  
Team sports might involve players purposely sacrificing selves by colliding with others to remove them (both) from play.

.  
Last one flying wins.

If you manage to land with a damaged glider – extra credit.

.  
What do you think? With 3D tracking and many camera angles .. who couldn't enjoy watching both the 3D glide paths displayed and the views?

.  
May God have Mercy on us all.

.  
PS. This Afternoon's, Noon-hour's, and Morning's Post, in that order ..

that reforms should not be made until the reasoning behind the existing state of affairs is understood. The *Thing*, in the chapter entitled "The Drift from Domesticity":

as distinct from deforming them, there is one plain and simple principle; a principle which will probably be such a case a certain institution or law; let us say, for the sake of simplicity, a fence or gate erected across a road. If a reformer goes gally up to it and says, "I don't see the use of this; let us clear it away." To which the more conservative answer: "If you don't see the use of it, I certainly won't let you clear it away. Go away and think. If I see that you do see the use of it, I may allow you to destroy it."<sup>[1]</sup>

be understood within his own historical context, as a response to certain socialists and reformers of his time.
