Good Thursday Morning,

May the Spirit of the Gospel and the Holy Word be Always on our Tongues, in our Hearts, Minds, and in our Hands.

Strange dream of living in a monastery or similar and being woken-up by our [old] Bishop (who has advance and moved away) shaking-me and others in their Cells – I assume – because there was a lot to do to prepare for the National or International Catholic conference we were Hosting, and we all had jobs to complete to get ready for it.

I was trying to suggest that the children that people brought for the Conference would enjoy a project of building a model of a water-front on the beach of the lake out of rocks and sticks and legos and such .. when I was an older boy their was a small lake that was spring fed – the water ran into the lake and I could and did get many or most of the kids to join-in trying to hold back the water from entering the lack by building a dam out of rocks, sticks, sand, dirt, and would become impressive engineering project .. I suppose I was thinking of that, perhaps I was responsible to putting together such entertainment and projects of the children that came along with parents to the week-long conference.

—

I remembered some of my dreams from the morning before, that my room was an Octagon shape that was a few stories up in a tower like part of the house, where all the walls had windows except one wall that was the door to the spiral staircase – I always loved spiral staircases, how whimsical!

My younger brother and I where mid or late teens and would go out with a BB-gun each and fight our neighbor kids – sneaking around the woods and shooting at each other (with eye protection – likely) and that was a regular weekend activity.

There were a lot of other aspects, but that was what I recalled later yesterday and this morning.

—

The sunrise seems significantly earlier this morning – I did sleep a little later but it is more than that – the days are lengthening quickly – we must be near the time of year the rate of change is greatest.

—

I have been re-listening to Dean Koontz's '*Frankenstein*' (Archive: <https://archive.is/5Q3Ry>) series ..

Dean Koontz's Frankenstein is the collective title of five novels co-written by [Dean Koontz](#). Though technically of the [mystery](#) or [thriller genres](#), the novels also feature the trappings of [horror](#), [fantasy](#), and [science fiction](#).

The first three books form a trilogy: *Prodigal Son*, co-written with [Kevin J. Anderson](#), was published in 2004; *City of Night*, co-written with [Ed Gorman](#), was published in 2005; and *Dead and Alive*, written without a co-writer, was released on July 28, 2009. (At the same time that the final novel's authorship was confirmed, having previously been slated as *by Dean Koontz & Ed Gorman*, Koontz's 'collaborators' on the earlier novels were retrospectively removed as co-authors, and all new editions of the novels are credited as *by Dean Koontz* alone.)

A fourth novel, *Lost Souls*, was published in May 2010, and a fifth, *The Dead Town*,^[1] was released on May 24, 2011. Although it was originally announced that the fourth, fifth and sixth novels would form a second trilogy,^[2] the cover for *The Dead Town* states it is the final volume.

Plot summary [\[edit\]](#)

The series is supposedly a modern updating and sequel of the mythology of [Mary Shelley's](#) 1818 novel *Frankenstein; or, The Modern Prometheus*, although the similarities are mainly superficial. Set in present-day [New Orleans](#), the series follows the activities of [Victor Frankenstein](#), now known as Victor Helios, as he continues to create new life forms for his own purposes. Opposed to his activities are a pair of homicide detectives and [Frankenstein's original monster](#), now known as [Deucalion](#).

While the original Monster was made with parts from dead humans, Victor Frankenstein is now using modern technology to create more creatures, particularly [synthetic biology](#). The new race he is making is constructed and designed from the bottom-up, and can be seen as [bio androids](#), artificial humans made of flesh. Their knowledge and behavior is even based on programs downloaded directly into their brain, which appears to be an advanced

.. recall Victor Frankenstein is the mad scientist and not the monster he created. The book series has a twist in the the Scientist is the evil man and the monster has changed over the centuries and is not the Hero, or at least the Conscious of the Stories, and comments often because of examples he comes across on how the debasement of humanity that the Scientist does seems to be limitless, brains in a tank to function as a secretary, his new 'race' are locked into endless hopelessness and sterile limited emotion so to be better slaves .. I though how much like Usury enslaving baby-raping-to-death genocidal Talmud-Sickened Jews and their sick enslaved minions fit this level of evil.

—

Like with Womanhood – allowing them to become so soul-rotting Sick, immune to responsibilities of their evil crimes able to destroy people and murder babies and husbands with other women and Jewish-directed LawFare courts and society support, I wonder how much the world now hates Jews .. it is not hard to consider a day soon when no Jew will be safe, killed in the streets because driving them away when their Poison became to great as 109 countries had tried in history only postponed Satan's rise and Hell on earth that we have today. Death as the surest Justice – them and all adults in family not Repented and Converted from Vagina-God Satan worship and following.

It is sad to think that perhaps such futures where post menopause women and non-Christian non-Islam Jews are all killed for the safety and defense of us and Future will be a reasonable and understanding position – and perhaps Celebrated for the generations that baby-murdering Talmud-Sickened Sickness still exists.

God Demands Love and not Death, and it is Loving to warn and openly discuss that the death of all genocide supporters – baby-murdering women, Zionists, Jews and other where neighbors and others are less then Cattle and if they could find a way would force endless suffering and horror into them (us) and out families and future generations for the dollars and power, as they do and have, murdering those whom otherwise they unable to evil-Profit from – a level of Female-Evil that womanhood has mostly fully absorbed in their often Sick rotting souls but with a more direct sliminess manipulating version, a Male Satan – so good to communicate that their deaths would be a benefit for us all and the world is something that should be considered a Goodness – a Loving Correction.

—

Some things to consider as we hear another genocidal-supporting delaying lie of a ceasefire on Monday to quiet everyone again, allowing another 1000 murdered family members in Gaza and bringing us closer to WWII in defense of Satan and Hell on Earth – using our public resources, taxes, once good Name in this GreatSatan.

*What! Ceasefire and humanity-aid fell through again – **what a surprise** ..*

.. perhaps we should discuss the value of powerful Zionist hanging dead on every major street over the corpses of their burned to death Witch mothers and other Satanic older women in families and social groups.

Something is going on with GAB – the place I grab all those memes I put in SubStack version of this Daily Journal. Looks like GAB will require a professional (paid) version to post memes and such, so many will of the regulars I draw from will – like me – be unable to pay, so they may dry-up and my Status version will likely end there also. I do not know the details – perhaps GAB will still allow one or two per day without a Pro-version, but that is likely me making more sense then this world can expect.

Anyway – I'm a but sick of the lies the GAB founder's and others make of 'free speech' when I have clear screen shot of a link to a publish paper on Covid-19 being refused by GAB, and I have run into weird AI-Demon problems when discussions of Jews mentioned, as well as other times that I have not figured out – except possibly as a bug or abuse.

The best part is it will be one less place to update when I cycle through updating and completing URLs as part of the 'book-keeping'

completeness – allowing more time for personal life or to look deeper into better videos to include or such.

In April of 2006, Navy Seal Senior Chief Mike Day was shot 27 times by terrorists with AK47, 9MM, and .556 Green Tips taken from a deceased U.S. Green Beret. Shot everywhere on his body but his head; his M4 rifle shot out of his hands, he continued to fight with his Sig 9MM pistol after the pistol grips and his thumb were shot off. With that handleless pistol, he killed the three remaining bad guys... then he walked himself to the Med-Evac helicopter.

Betty Friedan: How Satanist Subversion Works

February 28, 2024

(Husband-Carl Friedan

revealed that Betty was never a real housewife but a pill-popping psychopath.)

I reprise this key 2003 essay about the mother of Feminism,

Betty Friedan,

as a reminder that the West has suffered classic *Communist* subversion although no one uses the term.

by Henry Makow Ph.D.

Betty Friedan, (1921-2006) the "founder of modern feminism" pretended to be a typical 1950's American housewife who had a "revelation" that women like her were exploited and should seek independence and self-fulfillment in a career.

Friedan (nee: Betty Naomi Goldstein) didn't mention that she had been a Communist propagandist since her student days at Smith College (1938-1942) and that the destruction of the family has always been central to the Communist Jewish plan for world tyranny. Nor did the Communist Jewish-controlled mass media point this out.
