Good Tuesday Morning,
May the Spirit of the Gospel and the Holy Word be Always on our
Tongues, in our Hearts, Minds, and in our Hands.
Holy Virgin Mary and All Saints - Pray for us!

Index Number 1763:

[Quick Editing note – I realized that I had not updated and reported
the year properly in the last two days' posts. I have made corrections
and adjustments to the extend is reasonable.

..Also, public access to DropBox is still being Blocked – I will try to
email the Tech-Support person directly, or do something similar later
.. something more the leaving a request under 'the Ticket'.

Likely seeing some delay due to the Holiday and normal business
issues related.

If more then that then .. well, they are a private business like
Facebook, YouTube, Twitter, Amazon, .. doing the bidding secretly of
Gov and-or Golden Calf Venture Capital Witches – or whatever reason
– is not something I can do much about but mention it, and use in
Evagulation and argument how clearly the '6 Millions' and other soul
mutilating and evils related lies and history rewriting is happening,
and has always happen in the West.

Also, I have a newer Facebook Archived (Zipped) file on DropBox –
limited now to only the time period when I started to Label and
Number my posts, from 15 Nov 2017. Mostly because of file size, and
little or no changes happen to the earlier posts (except maybe
Facebook removing them .. perhaps. I have to reconsider this perhaps
.. for those who might be Mapping the Censorship, running Searches
and Mapping what the Facebook Witches do not want looked at.

.. anyway, if here in this Multiverse Path with me or others where
DropBox is being a Tool of Censoring, then you will not get to see
them anyway – until or if ever such corpDragon Censorship as Tools
of Satan (if that is why it is happening, and in this Witch-evil Howling
Hell - why would it not be?)]

This morning's prayers and meditations went Far & Wide and given
the priority to correct the past incorrect year reporting on last two
posts I have unfortunately been drawn more to the worldly and away
from the Quantum Mind then I would prefer .. especially when I fall
into consideration of My State in this Holy Simulation - the weird
situation where those who in a regular Reality would have noticed
and mentioned it right away are unable, and so must watch with
others to observe how long it takes to discover the Error and correct,
and see what corrections I do in what is an Error that is in-fact has
unBounded effects through the Multiverse. ... and related tangents.

I do recall I was thinking about the different Masses – including the
earlier Latin Rite – in part because of my realization that I discovered
yesterday and reported in post (Click of SubStack or Facebook
version, of see PostScript for full URLs) that I have 'Sedevacantist'
leanings .. at least I can Apologize that Position in such a way that
seems pretty direct and not refutable, or have not been in the
Female-Evil like putrid silence that the Vatican has were actual Open
Debates where such positions are suppressed – adding to the
Apologetics to the 'Sedevacantist' point.

The older Latin Rite is different than the 1962 (?) version we are now
using.

This was and is being considered because I have equated the Latin
Rite as more like 'Holy Logos' (More of the Symbolic Perfection)
where the Modernist version is some poor approximation of 'Holy
Word' version – that is reworked simplified and much of the Symbolic
Perfectness is intentionally removed to apply in the Language of the
Missionary uses, .. like how Jesus used Parables because if He spoke
the Real meaning only Angels would Understand, and His Closest
followers would understand small parts but incomplete.

.. and this is reasonable – of course, and why I argue that Vatican II
also Implies .. well a Better version of the 'New Mass' (Missionary
Stepping Stone), but a 3rd Old Jewish Version (Messianic version),
Hebrew and Greek – perhaps – and included is a reintegration
[option] of much of the old Jewish Laws practices .. that would more
fully engage us to the Situation He was raised in.

As such the 'Missionary Mass' [Jesus Emphasized] would be a first
Step, then as a soul craves would go direct to the 'Messianic Mass'
[Father Emphasized] or through the 'Latin Rite Mass' [Holy Ghost
Emphasized].

But I digressed into particulars and background - too much.

I was Reflecting on the often mentioned parallel between the
Symbolic_Pi verses the Approximate_Pi (3.1415..) Mathematics
Analogy – As discussed in 'Multiverse Journal - Index Number 1724;,
November 25th, 2022, Friday Morning' (Click SubStack version – no
Facebook because Suspended at time - or see PostScript for URLs) ..

.. Where the 'Holy Logos' in my Prayers and Meditations means the
Symbolic and the 'Holy Word' is the Approximation – where, for
example, Jesus Christ is one Christ of 144,000 Flavors – all of which
together Forms The Son (of the Trinity) .. where The Son differs (and
exists only) in that He holds incompleated Souls being Hosted.

And all this is related to Pope Benedict death – in part my Post Review
and Apologetics by comparing his earlier upbringing ('Multiverse
Jornal - Index Number 1755; December 26th, 2022, Monday
Morning', SubStack or Facebook version, or see PostScript) in the
Golden Calf Satanists' psychological soul Abusing, Mutilating and
Murdering post WWII Germany linked to the damage I and many
have been raised in the Golden Calf Satanists' psychological soul
Abusing, Mutilating and Murdering Feminism, and connected
acceptance (not Aggressive Clear Opposition at every corner and
every roof-top in 1960 to Legal Birth Control and the clear
psychological poisoning of womanhood and manhood and Western
Virtue-Based society where disposing of others becomes the normal,
and the following torturing-to-death of babies by Witches as Satanic
Sacrifices of mothers, fathers, and .. tax-payers and voters souls.

.. the 'turn-away' and acceptance of the Church to not only the world
but own professed Catholics who are openly and actively Heretical -
and Desecrating the Host - and in Risk of Judgment everyday .. that

And this is connection to Female-Evil Pope Francis The Destroyers acceptance of what is [again] the Golden Calf Satanists' psychological soul Abusing, Mutilating and Murdering German Synod .. a further abusing of 'the New Mass' pretending to be Missionary adjustments into Heracy and Evil.

How the German Synod was similar to how once in a while a State Government here in the USA would pass a Law that defines Approximate_Pi as the Integer 3. And for the analogy to be better – was forcing all the engineers and scientist on Pain of Fines, Gun, Prison, Death to never use any other form in calculations, to 'round-up' to nearest Integer at every calculation .. and disregard the Bridges falling down, the Satellites falling out of orbit, etc.

My main direction of meditation was how much my Apologetics 'Released' Pope Benedict – if at all. He may have been unable to release his grip (be Of the World, not only In the World) because he felt that he was responsible – when I related that what happen was the Back-Propagation changes in Holy Simulation History from the mMaster's Sin of Commanding innocent killings become injected into society and the souls of the Virginal Female Nature and society, and so besides what minor Purgatory Hosting can be expected – God's Will withstanding – he will be Forgiven that which he felt most unWorthy because of – his mistakes in Vatican II and beyond – including okaying or even recommending Pope Francis The Destroyer – as the mMaster choose hHis Female Self.

.. some other aspects related to this.

Another concept I was considering is related to what I have detected and mentioned before about what seems to be the 'jumping' of me to different places in the Multiverse – particularly in yesterday mornings seeming unexplained near Barrenness in my Meditations, ..

.. and it occurred to me that I may have written a bit about what was going on in particular in the past in a seemingly unrelated post mention of my Model of Holy, or the swapping of Avatar Versions between Master versions – and this might be because some internal demonically-abused soul-weakness (in the Female) had been fixed – the Male Domain Controller adjusted, and so in Service and Communion with Peers and Others the Master makes available that version for others who have not had the 'Code Patch' applied yet. (Unfortunately I can not find that Post in Search(s) because too little specific terms but should be within 2 weeks, I believe.)

And and and .. some many other aspects Returned .. Submerged back into the Infinite Quantum Mind.

Wow, I got up to do some other things for a minute and I got a Flash of a huge chunk of my medications related to the version swapping. First that if I am in the same Multiverse sequence path then the difference between yesterday morning and this morning is clear.

And that I spent a lot of time going though as a review and expansion of concept of How the Holy Neural (Saints and Sinners) Network would be, could be, is likely being expanded.

And on-the-Side that the swapping is popular because I spend a lot of my Medication actually re-outlining my Model of the Holy, almost like a Seminar, and in this I seem to get feedback and workthrough modification are considered .. as if I am discussing it with very very many versions of me with different perspectives.

So today I realized .. well, some background is needed first.

The concept of the Holy Healthy version of us are those version(s) that are in Communion with God. And everyone of us have them. Think of them of the Version(s) God Imagines at our Conception .. and are complete – and the Holy Ghost uses the Differences in all the Multidimensions to direct the Path for us – and the Guardian Angel(s) are all the Saint Versions (of others) that at the Top-Sphere Surface are the Differences in many directions – so are like Vectors that connect what this version is missing, where each Saint is basically a group of perfect Holy Attributes in Functional Form .. think in terms of how some Saints may be prayed to for specific Gifts often related to how they became Saints.

Non-Catholics might not be used to this concept .. As I often Pray to Saint Maria Goretti for Holy Forgiveness – not only for those who have abused me through my sex, my being male, but applies in general terms. Some Saints are prayed to for finding lost objects, and for healing of particular issues, they are termed Partition Saints of -subject|Aspect|Function|LifeState-.

If we think of these as Weighted Attributes in some Dimensional Space, then they become Vectors – or Holy Forces. And so on some kind of Unit Hyper-Sphere they could be surface Vectors from the Perfect Health version of us .. at any moment a Point when Projected onto that Surface .. the Projection Direction would be subject to the Improvement Goal that the Master is working towards.

Part of Building-out the Holy Neural Network would first require a disconnection with the Perfect Health Version of us, and then using those Force Vectors linking connections to 'Nodes' in nearby Jacob Ladder Level distances from this version of us.

And as I have discussed the Archangel Rafael, Gabriel, Michael are the Functions which do the actually NEAT-like operations. .. See NEAT paper.

“Evolving Neural Networks through Augmenting Topologies” by Kenneth O. PDF (DropBox included)

.. as mentioned in Post ('Multiverse Journal - Index Number 1648:, September 12th, 2022, Monday Morning', Click SubStack, Facebook, or see PostScript for URLs.)

And so, the Transformation from the Quantum Chaos [God's Fat], to Female-Patterns through Satan.exe (Demonic-Parasite Expansions), to nearer the Holy Pattern of Christs' Holy Church, or the Neural Network of The Lion (more Order, Just, Truer) which is Consuming and Transforming, Ordering and making Way for God's Kingdom Come .. for Holy Israel to Arrive, .. as following Lion, following Satan, back towards the Paradox of God Dead on His Cross – through the Holy Infinite Quantum Realities.

Holy Path-Making.

May this be a Blessing to you and us all. [And all our Futures, and future Multiverse Pasts.]

I came across this fun music-video and given my improved mood over yesterday, my relief and Clarity, I thought I would share it right upfront. Enjoy., ..

.. and it reminds me of the amateur Mathematician and gay policeman I used to follow on YouTube and linked to this music-video ('The Justicar' <https://www.youtube.com/@integralmath>)

God Bless him.

He had good insights into crime, Police, & Military matters and other political dimensions .. he stopped creating videos some 3 years ago and I finally removed his account from my subscriptions – I always and still hope he is doing well (and Converted, stay Chasted, etc. .. of course).

I sensed he was the kind of man that you could trust to have your back. If something happened to him – maybe because I used to link to his work.

I trust and expect the appropriate Justice befell those connected – including and especially the Witches in their families. That was back when it seemed like those I linked to for political reasons were suffering from it, the Satanic Horrors in Power in those Multiverse Paths were pretty Ugly.

Including image with some tweets I found while looking for some of those posts where I quoted him .. only found one in Facebook Search, and that was something about immigration and his video was removed from YouTube .. (so the Witches were fine leaving that Post in Search) ..

..and I happen to come across a few examples of Twitter – which I placed in images, but the Tweet; <https://twitter.com/StevWork/status/1260180788890525698> [<https://twitter.com/StevWork/status/1260180788890525698>]

.. is a very minor example of how I use to use Quotes and Replies to 'extend' the functionality of the limits. The YouTube video I linked too was removed – his entire account was removed, in fact. (Why we can't have nice things like a working society, not this putrid ...)

In the image I included an example of Twitter censorship when I 'triggered' one of the AI Bots that often responded with innate comments. Seems pretty clear even today that I am on a Suppression List, that my tweets will only be used against me in a court of law or as excuse to abuse me by Satan .. I suggest that is mostly the case for the average person.

A good interview.

The '6 Millions' Lie discussed, and the leveraged destruction of Christian Western Society – Genocide system for the last .. since before Civil War.

We all need to use the Label of the 'Golden Calf Satanists' instead of 'The Jews' as we need to discuss the Witches to separate from womanhood, while understanding the slimy vileness is a continuum of evil found throughout these and most groups, ..

.. but unlike Christians who will not usually support the evil of others, the majority of Witch-directed Vagina-god following Women and Jews and other tribal groups have something basically unChecked Rottenness in souls – something the Christians strive daily to Exorcise from Self – Loving Neighbor and Enemy as we Love ourSelves.

Listen to the interview and try to figure what is different between 'the jews' and 'womanhood' – Can you see the same situation? .. most of each groups are actively supporting and helping hide the evil center vileness and allowing the evil to define them – and so rest get to play the slimy victim card – and all are sucking off the rest of us, profiting from our Suffering and Deaths through vile vicious lying putrid evil and supporting of them.

Once the evil-Blindness and delusional-lies we were fed from cribs by mother, media, teachers, .. once they were broken, the Demonic mother's oppressive voice is isolated – it is clear that the Virtuous are demonized & murdered and the evil sin-filled are hyper-empowered., ..

Abstract

As research in neural networks continues to advance, the need for more powerful and efficient models is becoming increasingly apparent. This paper explores the potential of Evolutionary Neural Networks (ENN) as a novel approach to neural network design. ENNs are inspired by the principles of natural selection and evolution, allowing for the automatic discovery of optimal network topologies and weights. This approach offers several advantages over traditional methods, including the ability to handle complex, non-linear relationships and the potential for improved generalization performance.

1 Introduction

Neural networks have become a cornerstone of modern machine learning, enabling a wide range of applications from image recognition to natural language processing. However, the design of these networks often involves a significant amount of manual tuning and experimentation, which can be time-consuming and costly. Evolutionary Neural Networks (ENN) offer a promising alternative to this traditional approach. By leveraging the principles of natural selection and evolution, ENNs can automatically discover optimal network topologies and weights, potentially leading to more efficient and powerful models.

The ENN framework is based on the idea of treating the search for an optimal network as an evolutionary process. In this process, a population of candidate networks is evolved over time through a series of selection, crossover, and mutation operations. The fitness of each network is determined by its performance on a given task, and the most fit networks are selected for reproduction. This process continues until a satisfactory network is discovered or a maximum number of generations is reached.

One of the key advantages of ENNs is their ability to explore a much larger search space than traditional methods. By allowing for the automatic discovery of network topologies, ENNs can potentially find more efficient and powerful architectures that would be difficult to design manually. Additionally, the evolutionary process can help to avoid local optima, leading to more robust and generalizable models.

In this paper, we explore the potential of ENNs as a novel approach to neural network design. We discuss the challenges of traditional network design and the advantages of the evolutionary approach. We then describe the ENN framework and its implementation, and present experimental results that demonstrate its effectiveness in discovering high-performing networks. Finally, we discuss the implications of our findings and the potential future directions of this research.
