Good Saturday Morning,

May the Spirit of the Gospel and the Holy Word be Always on our Tongues, in our Hearts, Minds, and in our Hands.

Holy Virgin Mary and All Saints - Pray for us!

Index Number 1957:

Yesterday I was excited to set-up to go to Mass this morning because I missed last Sunday (being sick with fever) and as such it has been a while since I interacted with those others I see and usually share a few minutes after Mass with, as well as my conversation with the man who gives me a ride, etc .. but Alas the Father is still on much needed vacation – and the Schedule shows no Mass.

A mixed blessing as such causes a shift in the processes of writing and publishing these, and with Substack sometimes not updating to Real Publishing changes and URL inclusions until much later in the day, it causes a huge shift in the process and interferes with that actual preparation of the next days .. I did notice yesterday there was only 2 or 3 hours after my completion of that URL interconnection system I have to do before the Real Publication was pushed-up, and wonder if that will be the trend .. that perhaps other publishers are realizing it occurs to them and have given feed-back (if it does happen to others, how would they know but by 3rd part communicating it?)

—

In this morning's prayers and meditations I Reflected on how my 3 Recursive Prayer Format, the last (and so the first I cover and the one most 'run') has two parts – one is a recursive Call and the 2 is the termination condition – which all Recursive functions must have if they are ever to have a chance to Return, and a simplified version of these Prayer Format is to parse [or create] lower Jacobs' Ladder Levels – spreading on same Level with each may Spawn lower versions .. I should diagram it.

That most frequent Called 2-part prayer (I think of it as a Glorification Prayer) Shines when considering Chastity – the two part is the Case where we look at the Good – Holy Human Sexuality used in Truth Justice and Order towards Holy Service, Evangelization, and Glorification of God as we see in very orthodox marriages well practiced, the classic image many have seen of a large family with strong father and caring mother on home-stead, or a Shining Holy man Priest, Bishop, .. or someone who Shines in soup-kitchens and in ministry to the world.

That alternative and the one that will re-Call, until each Branch Realizing God's infinite Love, Mercy, Charity – even to the mother leaving an Abortion Mill and starting to really Suffer in that Sense of an entire Future filled with God's Pouring Blessings and Grace on them both together and separate, God giving the rest of the Day-of-Bread to Seek Him, and further Days-of-Bread perhaps to Ask for Healing and Forgiveness and ..., Or the father who has not intended to become a father and wants to reject his life and path he now on, Or ...

All these are Invitations to Go to God for Healing .. some like the new baby are much much more, Where He takes your Will that you rent from Him and now will Pour Grace and Blessing into. **Repentance and Seeking God** are often the next Best Step for us.

Mercy, Jesus!

—

Okay, I got distracted and 'Lost' the rest of the Flow. Anyway – now is a good time to close-up best I can and get to publishing.

—

—

May this be a Blessing to you and us all. [And all our Futures, and future Multiverse Pasts.]

These are so fun! .. trying to articulate what I know about things that everyone seem so flummoxed by.

Consider a deck of playing cards – and each card is one version of our Reality-Bubble of our Simulation – a Universe – and on each card is our complete physical brain. The physical brain's basic life unit 'overlaps' with at least the brain in the card above and below and is influenced by them. The next further card has some influence but quickly drops away in the Immediate first generation effects but higher through the direct connection in the effect on them – but delayed in filtered.

"What Is It Like to Be a Bat?"

Thomas Nagel

Philosophy is ... infected by a broader tendency of contemporary intellectual life; **scientism**. Scientism is actually a special form of **idealism**, for it puts one type of human understanding in charge of the universe and what can be said about it. At its most myopic it assumes that everything there is must be understandable by the employment of scientific theories like those we have developed to date—physics and evolutionary biology are the current paradigms—as if the present age were not just one in the series.—*Thomas Nagel (1986)*

My intuitions about what "cannot be adequately understood" and what is "patently real" do not match Nagel's. Our tastes are very different. Nagel, for instance, is oppressed by the desire to develop an evolutionary explanation of the human intellect; I am exhilarated by the prospect. My sense that philosophy is allied with, and indeed continuous with, the physical sciences grounds both my modesty about philosophical method and my optimism about philosophical progress. To Nagel, **this is mere scientism**.—*Daniel Dennett (1984)*

Thomas Nagel is a professor of philosophy and law at New York University. He has written extensively on topics in ethics and the philosophy of mind. His book *The View from Nowhere* (1986), this reading, and Reading 32 (also by Nagel) have **been the focus of much discussion** in the philosophy of mind. Although **this** reading differs from Reading 32 in topic, they both (like Colin McGinn in Reading 26) emphasize the limitations of **anything like our current concepts and theories** for understanding human

.. and our Presence is not limited to only a single card (normally) and the propagation of thought is the integration of all the overlapping experience.

There is a lot of this analogy that can be expanded – but first the deck of cards is not limited to a single pile but a pile has many dimensions and so the overlap is not limited to only the two – above and below. Each of us has different Consciousness Overlap levels, so were some people have no internal dialog and relatively isolated between those 'cards' - others are Legion of Selves.

Also – a different person near us is on the same playing cards and we separate in that we are using semi-isolated different parts of an Over-mind.

—

The echo-location sensory may be simply reduced to it's function – 3 dimensional perception and our binocular eye-site should be the way we can think of it .. except imagine that the depth is felt as a pressure intensity placed in a grid pattern on our back skin .. this is something I have considered with the use of [TENS-based \(archived\)](#) shirt and training would be of looking at black-white (gray-scale) images while 'feeling' them .. it would be crude for images.

Instead or in addition – dual stereo images with one on each side of body with depth as gray-scale.

As I understand it that some sea mammals use their skin for such.

So – they flying aside, which personal experiences in ultra-light or futuristic flying back-pack can produce experiences which would be as close as being 30 feet tall – I do not think it would be hard to get 'close enough' to have some idea of being a Bat .. although as with any 2nd degree removed Avatar – that actual perception and mind is deGenerative, attenuated, derivatived, .. of man as the animals in the Garden were to Adam – him but 2 nd degree and Projected into different physical forms.

No, it is silly to say we can not know what it is like to be a Bat .. or any animal – every animal is a Projected-Up Avatar of us anyway .. difficult but likely a Fuller version of us could literately Commune with any animal and so move and Be together and Control them as they co-control us.

You want a real difficult problem instead? Do you still support 'The Dixy Chick' cnts who turned their backs on 'the Dixy' to appease a lot of people who could and many should use their teeth kicked in for being screeching retards willing to put pressure on anyone who supports those that fight to keep the Golden-Calf Satanists from warping our simple limited National gov in this GreatSatan evil-Federal gov .. fought against the enslaving us and the world .. because they so retarded they believe – even though such proof against is very clear to anyone who dives a little into history .. who believe the first pass of Genocide of White Christian men, [potential] fathers, husbands, .. protectors of Goodness and Truth and family and children had something to do with 'slavery'.

.. clearly too many haunted by and controlled through those 5.7 Millions of walking unDead [neverdead] 'Jews' from WWII that where Summoned back in very late 1950's early 1960's.

Teeth kicking-in – a job that young men could do 3 days a week as part of National Service, along with breaking the legs and arms (the person's choice) of all older women of their families for raising such F-ing vile Witches that are a Curse on us all and out futures ..

.. so, still liking their music – is it enough to remember how they seem to stand against such, and then changed when no one looking – or was that done by Golden-Calf venture-capital Satanic Witches that purchased and-or control their work?

Consciousness is an easy problem to address – how to arrange for some 500,000 families teeth kicked in and old women (Witches) public Pain & Shame to help Heal this Nation .. that is a more complex logistic issue.

What do you think? Like the music? .. I still do – but the group name is painful to look at., ..

Why is education so bad?

Almost all of the huge publicly and tax resource employees and Administration has shifted from mostly men to slimy retarded and viscous mind-raping F-ing retardation sexual abusing and mutilating soul-Joy destroying baby-murdering children mutilating male-hating Western father-family-nation-society-destroying F-ing Witches and their Vagina-god Satan worshipping minions and enslaved dog-males.

Stop being a F-ing retard .. why can you not add 2 + 2 and get 4?!

I have had excellent female teachers! – but like older women that existed when I was young .. compared females teachers today, they are like the rabid insane delusional hate-filled mind-raped psycho-vicious Dog compared to the older family pet we all remember.

A person could consider how long it would take to blow-the-brains out of the worst 2/3 of public funded and University teachers (researchers, professionals were vile putrid male-hating women are significant in) and replace with half-way competent - but motivated to improve - decent men.

I think it is loving to say that if you are a women and near children not your own – it is most likely you Gone – dead if you refuse to stop Poisoning them – then be anywhere near children – you F-ing psychos!, ..

Another good 30 minute Tease audio very much worth the time., ..

The dud-rate of cluster bombs is a false rational process .. if a field that children regularly play in has 1 or 20, that 1 will be found and hands and eyes – and perhaps lives will be cruelly ended, those that live will re-live that trauma every day until they die, as will those around them and interact with them.

Dragging to death publicly should be a topic of discussion around every dinner table – the relief of them and their mother and the other Witches that shaped them – their screams will save so so many children and adults lives and futures .. them Burning and screaming will Heal the future when Satan was running amuck still.

I do not know how I ended-up coming across this – but I have listen to most of it and he does a good job in this conversation to overview the clear insanity of the Plandemic and how he started to realize the Fraud and Tyrancy in response – complete loss of Liberty at the Drop of a Hat. He is balanced in the overview – missing the overall coordination – or at least not putting it very forward except in saying the gov world-wide all jumped-in, and such.

I will catch his next few pieces – or go back to review old work – and likely subscribe to his publication. Nothing ground-shaking but it is good to hear a man who follows much the same logic and noted the Wrongness – and gives pause what level of (low) intelligence and-or media Programming are point where people are-where unable to note the same.

These with audio I can not download and save to my DropBox. I will archive if only to have an alternative it might be found, although the audio depends on the original site .. so I am not sure it is of value – except it is a standard form I use., ..

Focus on the noise and you can almost convince yourself you don't hear the screams. By the time the tank is empty, everything's over, even the men are quiet. The playbook the demonic Left uses to do the complete exact opposite:

- put money & power above all else
- worship & baby sacrifice to Moloch & just generally enjoy killing
- lie/cheat/steal (ex. Elections)
- blame others for doing the evil or crimes they commit (false witness)
- hate/envy/covet their bread & butter, describes everything about them
