Good Wednesday Morning,
May the Spirit of the Gospel and the Holy Word be Always on our
Tongues, in our Hearts, Minds, and in our Hands.
Holy Virgin Mary and All Saints - Pray for us!

Index Number 1904:

In this morning's prayers and meditations I realized a few things and
had some Reflections I Ask and Pray to the Holy Ghost that I might
convey with intent of Service, Evangelization, and Glory to God.

First was a kind of reorganization of Prayer Priority. As an old [non-
practicing] computer programming I think of it as a 'Wrapper' – that
is an outer-cover that defines the interactions and imposes a Priority.
That Priority I have mentioned in my past post but it seems to have
taken on a new degree of significance.

That is that all Holy Knowledge be semi-divided into Clarity,
Discernment, Formation, Theology, and Application.

That for Safety and Sanity that all such information be Loving,
Merciful, and Charitable to receive with the understanding that in
almost every case it will be incomplete and perhaps in General or
within Specific situation – Wrong – and so the Holy Ghost must be
sure to make clear Limits defined, although this sets up a recursive
problem because those Limits indicate aspects which it is not Safe to
know .. when I talk about Safety I mean the kind of thing you learn
that destroys you mind and psyche, that breaks and shatters all
models and collapses the Reality that you exist in, the Holy Simulation
become Null and Broken .. Catatonia (archived) or worse ..

.. this happened to me more then once that I have Holy Tent and
Avatar memories of – I once programmed the Holy Simulation to
allow to see all the different incidences of the Day-of-Bread – A kind
of full aspect of the Glasses I created where the user sees all the past
versions a little ahead of time, very useful in many situations such as
Policing, Security, and in places widely used as the user can interview
and if adjusted correctly hear all the answer that person would give to
all the questions about to ask, usually only asking one or a small few
– different versions and-or questions – and the interviewer is not wise
to this, .. anyway – the Avatar of me saw and heard people saying and
doing things they had not done .. but as Avatar I did not understand
it, and so ended-up in a padded cell where I could only stand it if no
one came in, otherwise I would scream to stop them from saying
anything and hearing the endless reverbes with different versions and
such.

Anyway – that Caviot is pretty much Assumed, the Safety related, but I
make sure to keep in in mind as I am not sure if and when I might Slip
into a mode of .. Root (Super-user) .. which is not likely but since I do
Pray and use the Name of Jesus it is possible. The fact that I have it in
mind suggest such had happened or can happen.

For Clarity it is very important the Holy Mary comes into play also –
as some Truths are so painful that we can and do reject them outright,
and even will re-order our Psyche to avoid them .. I recently
mentioned the older woman who realizes one day that all the lies and
'common-sense' she was raised in and learned from 'Professionals'
and Media, etc, lead to the warping and often death of adult sons,
warping and twisting (and deaths) murders of grandchildren abuse of
loving lovers and husbands .. and so can not and will not go near
such .. what she did thinking it was Good and Loving was instead
Toxic Evils and so .. who can deal with that?

I struggled for a while with that about the warped Feminism and Self-
Hate and Horrors I experienced for most of my adult life, at some
point Years and Years 'the Best Years' are left in smoking ruins and
horror or at best confusions and loss of all that might have been, own
existing families, wives, children, success in life and fulfillment of
dreams ..

.. and it was only in the Hugeness of the Evil I realize that I
experienced and was helping convey – that is basically destroyed my
life and lives of countless others were = at best – never what they
could have been – but like my relationships with my fathers, siblings,
mother, .. possible so many others .. every day was warped and toxic
and mostly evil-filled.

It was only some of the Virtues that I picked up somewhere – likely
father-mother and good teachers (would have been Church but not a
factor for me – but raised in a Christian Society It leaked in) that I had
to Stop for myself and Help others .. and being Science Oriented
related to Truth – I felt I was Bound in different ways – in personal
integrity to work at such .. this was after the Ego-Death and during
the Self-Rebuild – and The Lion clearly played a roll in this .. that Need
cause the Connection to form and Open.

So Holy Mary and Her Sacred Heart is needed – likely needed
depending on what we are to Face, and in this Hell where so much
evil is Programmed from crib .. anything Significant will need Holy
Mary and Courage to Face.

It is good to refer to a common saying in Islam .. 'It is Written' and in
this aspect it means that Now is where Free Will and Holy
Engagement is defined to Start, Yesterdays are unchangeable and
Now and in Future is what really matters to those you Love, to God,
and to Self.

Discernment will need Holy Mary's Sacred Heart help until those
Revelations become .. regular .. known and you stop Flinching
emotionally to them. One will implement do you can expect your life

being as Confused and Frustrated to some degree. ...

.. and there is Holy Power in Truth that you will not believe until you experience it. My Modeling when based on Truth and good practices (of course) allows me to See far ahead in limited and general ways, also I need not ask or wonder about some things as they have proven over time to be basically Totalities – or Axioms - the aspects are anchors to Reality and the questions need not be asked (with limit-triggers, of course .. care needed for some things effected or perhaps effected by cultural or significantly different non-standard upbringing, religious beliefs, ..)

Formation is simply the Changes you make to Self to integrate it within self and thinking. You want actual Truths to be only Questions when outside Limits, and some are likely never to be needing questions until and when you in a different Jacob's Ladder Level for example, and often such is so Universal as to only expand Faith in self, and reapply where such is in effect.

.. like what most people think of 'Bad' things that happen to them – All things are reason to Praise God and those things that are 'Bad' are more of the same – and it helps in giving them the Holy Power they are intended to perform, as well as to expand Faith in self and others.

The rest is as indicated, and useful in Apologetics and such. The Theology might be as simply replaced with your understanding and mental models, and practical applications is similar to Formation but instead are more specific to moment by moment.

Something which might and likely is somewhat related to my recent medical situation is an unreasonable level of internal Rage I experienced yesterday .. it was very strange and although to some degree it may have been aggravated and so level of in influenced my 'Meditation and Reflection' part of yesterday's post (archived), it was not something so new or unrealized as to be responsible. At least not in a Sane reality.

I assumed I had Shifted in Multiverse and-or got a different Avatar Program to work on and fix, and would not have mentioned it except one of the videos below talked about similar behaviors by people who Acted them out .. police who Tasered a 90 year old woman or similar – and I believe he said he felt something unusual himself, and speculated on 5G or other Wireless directed influences.

This morning I realized I am living under a death situation related to medical. That there are likely versions of yesterday that I am dying or in high fever, but by the Grace of God, as I have come to believe what I thought was some kind on Kidney Urinary track infection made more painful by aggravation of my [lower] abdominal hernia (aggravated less then two weeks ago, but seeming to get worse, I shifted my wheel-chair around and with loss of muscle mass in this Wasting aspect even that was too much for what muscles left), pain down right center side into groin - but includes my prostate and what is lower intestine, I think. ...

.. It seems like have a rupture in my lower intestine, and the fact that I have been eating regularly so much garlic that my intestines have been made safer and likely small hole, is the only reason my body is managing. There are other details which point to this, and years ago when recovering from sliding off roof and breaking my legs I was on a blood thinner and as a result I had pretty significant blood in the toilet – very much so, so pushed to remove the blood thinner and immediately it stopped, but suggested a weak place or similar.

Of course I am doing what I can. I had to change the pH changing my self-prescription of Cranberry Juice to more frequent smaller amount because of internal-insulin management and adding extended Fasting because of that and to reduce the use of that area to help self-healing which might .. might happen but unlikely.

So, such is up to God as to when. I have started to take regular temperature so I can sense the end starting and perhaps prepare as best I can. I need to get to Confession soon, and another Mass would be good but aside from that if it is time then it is time, and God Knows that .. and if I heal – excellent also.

.. I was not joking about my life as Blessed. Those who faced decades of horror because of Sick Programming and regular mistakes and practices should consider what a Shift can and will occur if you Repent and Seek God.

One of the most annoying aspect of this death sentence so far is the itchiness along the entire inside Prostate and urinary track .. (and the disgusting urine) the Cranberry urine scratches it, but as I mention I have to be careful as the concentrate has no added sugar but it clearly is loaded with it's own, or I will be drinking greater amounts and might still .. the neurological effects of the dying nervous system from expended and no insulin as some of the sensations of a Fever coming on, I found.

And it is kind of weird that I had recently started wondering if I would die before I went blind, or dying through high-fever as mentioned for the 'Heat Flash' point – and decided that would be preferred .. even considered getting some brail-training stuff, but then my nephropathy would likely be pretty advance at that point – so feeling the bumps .. and I considered a printer or display system for computer, and imagined that a printer that used a thin-reusable metal plates that could be repressed flat was worth considering – or a printer the punched out holes in the little then normal thicker paper .. and like those dot-matrix printers something could be created if it did not already exist.

It reminded me of my TENS EMS 'shirt' idea I wrote about where a cell-phone, radio, or other audio device could be reduced [back] down-to phonetic (Phoneme archived) basics – I believe there are only 128ish ones used by all languages – and transform them into stimulation patterns on the shirt – onto the wearers back .. my thoughts were for police, fire, rescue, and military – although the applications are wide - like underwater divers – and could include other sensory information .. integrated with team members GPS

indicate placement of teams relative to users position, and of course the very very useful North direction.

Anyway – do not let any musing of impending death and horrors go unused - to it's full Fruit.

Praise God!

Sorry about the cross medial details .. I am nearly 60 years old and between yelling at clouds, us older folks need our hobbies.

There was something worth mentioning about yesterday's post (archived) that 'Rang a Bell', but I forgot what it was. Something deep in all there somewhere – maybe after I finish editing and publishing I will look – if I do not remember otherwise. Feel free to review – what struck you are unusual or more significant?

May this be a Blessing to you and us all. [And all our Futures, and future Multiverse Pasts.]

Okay, only a small number of videos – but I hope they and my comments are worth your time, now or later, ..

It is time to realize the White Christian men, [potential] fathers, husbands, Social Protectors Genocide is the goal .. as it was in Civil War, WWI [Golden-Calf enslaved Elites in British Empire forced men to walk through German machine-gun fire] WWII mostly Christian ethnic Russians forced to attack mostly unarmed German machine-guns, and all the wars .. the recent volunteer army was to kill off the last few Virtuous raised men as officers, and poor but wanting Better for self and Future, targeting those from families who valued Nationalism and Virtue-Based society and desire to Protect .. it would be good if everyone started openly calling it as it is, ..

... And it is not 'The Jews' that we are evil-Blinded and Programmed not to say – it is the Golden-Calf Satanist Witches or only 'The Witches in Power' and their Enslaved elites. So please use that because it may and should get around 'The Jews!' programming .. are more Just as most Jews are likely not even aware, or aware but benefiting a little .. and like the soon collapse and fall of israel the Witches are planning – they will Sacrifice the ethnic group again to sow later fear and lies and recruit as was done for the Holocaust BS (yes, Jews died but in not greater number by proportion as other undesirable – and they were work camps, of course, and like Building 7 is such a clear lie that it is illegal and we programmed & morally weaken from crib to avoid) that only appeared and discussed when israel needed those people who's answers went to America (instead of middle-east as planned for WWII)

There has been some mention to Hitler as a son of one of the Jewish Golden-Calf Satanist Families – that his mother worked (and became impregnated) for them, Rothschild or some such – and may very well have been part of the Elite that was orchestrating the Genocide and actively understood the goal of driving Jews from Europe into middle-east so that the Satanic Bankers and corpDragon owners could create a Nation for Satan, as the next step in transforming their legally 'human-rights owning Dragons' yet immunity protected and powerful corporate Dragons into legal Nationhood – the integration into a One World Gov that only has Puppets to take the blame – as we have now, mostly.

There is and should be a debate on how much Hitler was actually favored and used as part of this plan, and did he live on somewhere .. remember these people will fly away the Saudis after 9-11 bombing while every other airplane grounded, and similar. Remember Building 7 – building that are accidentally mentioned to have fallen before they do on TV often seem to hear such and then collapse on their own – as invisible plane often crash into Pentagon and destroy Accounting records – especially when some 21 Trillions of Dollar are 'off-books'

“The Genocide will continue!” Shouts the Golden-Calf Satanists.

How can more White Christian men, [potential] fathers, husbands, Social anti-GloboHomo Protectors continue to die in Holodomor Part II if they refuse to try to advance because they have no more bullets – it will be like the Golden-Gulf Satanist in Russia in WWII where only one in 5 ethnic Christian Russians men were given rifles to charge the German Machine guns.

But since no Western pro-murdering pro-endless war male-hating vile voting women at risk of dying, or even paying – instead men enslavement for the taxes – then all is fine.
.. Modern Western womanhood – Septic Sacks of Putrid Vomit are better to have around then far too many of those hideous horrors wrapped in the skin of human females – try to argue otherwise, ..

Montana Judge Blocks Law Banning Dismemberment Abortions That Tear Babies Limb From Limb - LifeNews.com

Steven Ertelt

A Montana judge blocked a new pro-life law Thursday that protects second-trimester unborn babies from brutal dismemberment abortions.

Gov. Greg Gianforte signed the life-saving law Tuesday, but the abortion chain Planned Parenthood of Montana immediately sued to block it.

ABC FOX Montana reports District Court Judge Mike Menahan issued a temporary restraining order that prohibits the state from enforcing the law, and scheduled another hearing for May 23.

The judge said the law likely violates the Montana Constitution under a section protecting individuals' personal freedom.

Fuller said in a statement: "The state of Montana argued that the law did not comply with the state's due process and equal protection provisions. The procedure could still be done if the provider fills the fetus first by injecting it with a drug or saline solution, thus preventing the fetus from feeling pain, the state said in a court filing.

Second trimester abortions can also be performed by using medications to induce labor and delivery. The procedure takes place in a hospital where the patient can be monitored.

None of the alternatives offered by the state for the banned procedure are feasible," Planned Parenthood attorneys said in a statement. "They also carry more risk to the patient. This law bans the safest procedure after 12 weeks."

Abortions never are safe for the baby. Their purpose is to kill the child before birth. In 2019, the Montana Department of Public Health and Human Services reported 1,679 abortions.

Nonetheless, Planned Parenthood filed a statement last week.

the womb. Typically, this is what occurs in a dilation and evacuation (D&E) abortion.

Alliance Defending Freedom attorneys, who are serving as co-counsel with the Montana Attorney General's Office, said the "brutal and inhumane procedure" should be banned.

"Every human life is valuable, and every baby deserves to be protected," said ADFF Senior Counsel Debra Harbo, director of the ADFF Center for Life. "The extreme lengths to which Planned Parenthood is willing to go to protect such a barbaric procedure makes it clear that the abortion industry only cares about its bottom line, not protecting women. Women deserve real health care, and unborn babies deserve a chance at life."

In its lawsuit, Planned Parenthood contends that the abortion procedure is the "safest and most common" way to kill an unborn baby after 12 weeks.

Martha Fuller, president and CEO of Planned Parenthood of Montana, also claimed the law would "strip" women of their "personal freedom" by making it more difficult to get an abortion after 12 weeks.
