The clear lies being told to take your weapons, and hiding the real reason the Right was placed in Constitution (to Threaten and Fight Tyranny of those in Power) and the warping of reality about every aspect of such - by the Puppets of Evil should make clear that .. when anyone else wants to take your weapons is argument enough why you need one., ..

.. These people have almost never told you the truth about anything, and when the rare situation occurred – it was to set-up a greater lie. They and those they interact with and are controlled or others who control them all have been active in Silencing and Censoring – even punishing – those who speak truths that goes against their lies. Nearly everything they say purposely leave relevant information intentionally. They are Evil seeking Suffering & Pain – lifelong for us and all we love and could love, all for Profits that is not limited or even contain money – except in the taking resources from their victims to enSlave and increase suffering, like Tax policies or controlling political movement leaders who gather such and people and then destroy and drive to discouragements while doing nothing or being active in redirecting it – often against the very position all who gave 'hired' them for.

Those who have seen any example of this and continue to believe anything they say uncritically are an evil-Poison Cancer to us all -and should not have power over anyone - perhaps even themselves – as the same should be said to others who listen and believe anything such twisted people say without even greater criticism.

—
Tying up their business resources as a means of Correction ..

.. might have some effect – but we have passed the point where those in real power need money anymore – and 'feed' their Captured Elites from the unlimited trough of Fiat Money the control, and law-makers, and 'off-books' accounting – recall that the monetary REPO market is constantly – every day – pouring billions to the evil-Zionist Witches who hand-out to them .. and also recall that before the year 2000 it was a good estimate that over \$21 Trillions of dollars was handed out to military contractors 'off-the-books' - and interestingly enough the audit was about to start when 9-11 invisible plane (FalseFlag bombing) at the Pentagon destroyed the records.

But as an indication to those on the outskirts of Pure Satanic Evil – sure they can be inconvenienced, and it might help let them know that maybe some KillDosers are being created locally with people like them & there's being targeted, and that if they beaten to death or crippled by one of the children or young adults they help mutilate – that it was Just., ..

Here are 2 sequential discussions with Daniel

Schmachtenberger(!) - with Nate Hagens.

If the Leaders you vote for are not in communication or listen with people like Daniel S. then they do not care to improved you and the State of your loved, the Nation, the Future, the world, .., instead likely only needing an excuse to do something Satanic Goal-Oriented or at best only resource and time wasteful that their evil-Zionist Masters direct - they instead go to to the evil-Zionist Satan Strap-on Sucking Washington 'Think-Tanks' – funded in much the same way and path as already discussed in the previous comment .. while 'Tax-Policy' for you and me is a means of repression, control, abuse, .., and Genocide of families & Western Society.

I have not finished this first video of them yet .. afterward follows part 2, and then I included other interviews with Daniel S. This first has Daniel S. talking much less then I prefer, more asking questions but still some value – the others should be a value also – I know the Lex interview referenced in an early post is good. I discovered him from [The Stoa](#) YouTube Channel.

If you have not heard Daniel S. discussing his work before – I expect you will be surprised and pleased – at least if these discussions are a fraction of as interesting as his previous ones., ..

But I would prefer public (on-line) Elephant Executions – I think. Allowing the Condemned to watch the elephant walk to them from a long distance while head fixed to block on ground – giving them an

opportunity to come to terms - and hopeful Seek God & forgiveness (and allowing God to intervene) in that time, and then as the elephant foot crushes their skull the contents squirts out and slides down a inclined trough for the crowds to cheer – their being one less vile putrid Satanic-Tool horror to Curse us all and our children.

Avocados do not 'Grow to Seed' - you need cuttings from an existing tree that produced fruit that you like.

I discovered this with Squash and ended up with Gourds that you needed a claw-hammer to open-up – instead of the spaghetti, butternut, .. versions I was expecting, although the pigs crushed them & eat without trouble – giving me a greater respect for their jaw-strength and the power of ignorance to keep them penned-up .. like with us., ..

Hello Scott, I was wondering how you feel regarding the viability of laser launch systems using ground stations to push payloads through the thickest parts of the atmosphere? I know there's ongoing research at very small scales, but how well would such systems scale up, and would the essential elimination of the first stage have a major impact on launch profiles?
