[So, it looks like the meme I mention Facebook not liking has cause them to 'Restrict my Account' which in this case means no allowed to Post on Facebook – for 27 [more] days.

Well, that makes my end-of-month Archive skip-able this month, I suppose.]

—

—

It's someone I love's Birthday. God Bless her.

—

In this morning's prayers and meditations I spent some attention reviewing what I recall from yesterday's Post (See PostScript for URLs) – those aspects that 'stuck-out' especially those that we incomplete of might have left the wrong impression.

In discussing how a version of my on some Multiverse Paths got thrown out of the Brain-in-Box for stealing a tiny bit of the advanced financial information that was sent to Fund the Holy Aspect, to be used personally – I was not clear to make sure to detail that it was a Sin because it is against God's Law as defined in the 10 Commandments – instead I jumped right in my mind (and writings) to my normal mode of trying to Understand how and why in that case it would be Bad – and so Apologetics for better understanding and application to other situation that might not be so clear – and that was where I was when I was writing that ..

.. The fact that I broke an agreement with the 'Corporation' formed to take responsibility and benefits of performing the work, that I was stealing 'intellectual property' from them was not in my considerations at the time I was writing it. And that was a Fault of mine in that I had done in some sense the same excuse that so many feel it is okay to steal from them and that is the clear situation where Here-and-Now in this cntHell of my Just location that very few are not filled and controlled by people that are fine raping us to death for a dollar .. which was not the case to that situation I started at.

It is easy to be so deep in feces for so long at the whims of powerful people taking pleasure and profit in dumping on on our heads to Forget there is (and Was) a Better Place where everyone worked together for a Holy Goal and it was a motivation of wanting so more money to live a little bit better and – I do not know maybe have enough to go on a date or something that we understand was standard in America a few generations ago with some hamburger flipping job – never mind something significant like we were doing, and so perhaps – although an excuse I still might argue that those who were determining such things as compensation had heads-up ass F-ing like nearly every cnt I every ran into that classed themselves somehow deserving of all they can collect and slime from you and other people near .. but besides the F-you to them – even though they were otherwise great people to work with ..

.. I do not propose that as a Justification for the Grave Sin.

I was considering the Abstract taking from the Market – as that was a little less clear where the crime exactly falls .. for example if I were to have used that information then one could argue it would effect the profit of all those who own that or those stocks in some small way, which I would have assumed the Holy Indulgence which came across in the information from the long term continuously living (and very isolated) mouse neuron, that the few millions needed for the work that our lab might have cost spread out across the entire market would have – if done correctly – less impact then my single Dip might have.

—

The fact is that it was and would have been a Rending of God's Will – with intent not arguably Good (and so Mercy to be considered)

and so if large enough – as Grave Sins are – is subject to Judgment, and why would we not expect to Burn for such?! Our Will rended and Holy Human Dignity requires that the Act is made Real and Realized – and so Who but the Actor should Own and Carry all the Multiverse that follows?

.. on the side I realized that in one of my 'Holy Candle Prayer' candle I do a version of that ridiculous **'Indigenous people's Land' Deceleration** .. you know, the kind of;

“I acknowledge that his land was one occupied by murdering savages who stole it from others and did not have most of the God Oriented Virtues or Goals as we do, and some were decent people who with huge difficulty might not piss on our walls and rape our daughters and wife while standing our corpses after we invited and fed them, enslaving family them and sacrificing our sons to the corn-god or whatever.”

Except my Deceleration Acknowledges that **'All MY Sins are Before me'** that this is mMy Will Rended from His Will, and pray to be Given Holy Guidance in the Aspects I control to bring it all back to Him. and similar.

—

The other aspect of this is it is a perfect example to outline the Multiverse choices and division of versions of soul and Grace.

A version of me did not make the choice or even consider grabbing a few bits of information for [possible] later use. That version – if continued to be virtuous – was latter deeply involved in the Project as such Virtue practiced regularly would result in great abilities being freed – a great Communion with the Holy Ghost. I have some Blessed Memories from those Versions of me.

And the version that did go through trying to make a purchase of stocks was (dropped down the Jacob's Ladder Levels) and was told I could not work on the project because of that, and I remember Begging to allow me to continue 'to work' in some capacity on it – I really did Love the work and Working on meaningful things and did not care if I was in Jail but wanted to continue .. I think this impressed Her because (unknowing to me at time) she could see that I meant it.

Why the F-ing retards could not understand that a man would like to date .. you know Just F-you All – slimy vicious vile cnts – you all – Yes I was Wrong and Sinned but you F-ers have no business with your warped Hate-filled and unJust cnt-brains being anywhere near and responsible for others. Just F-you!

—

Anyway – I suppose this is still an issue with me. God's Will that I might end up going around kicking the teeth in of all the male-hating and vile Females throughout Hell, .. or at least cursing at them. I suppose it is To Be.

.. At least this seems like a decent place to do it from – Praise God!

—
It did make me less eager to continue. And being Friday I have extra Prayers to do anyway.

Yea, Yea, I am being unreasonable and do 'Entitled' to get living wages worthy of my work and not have such Horrors standing on my Testicles at every turn .. yea, so entitled I would not mind Nuke Fire from the Sky if it would somehow End it for all the others who are in line to Suffer this kind of vile Female-Evil filled cntHell. .. or better – the Death of every woman at and post Menopause if that what Must Be – you lying male-hating F-ing Horrors [Baby murdering grasping ..] and most of the rest who if not Cheering then slimy hiding the Vomit that is modern vile vicious Western womanhood .. Cackling and masturbating to our pain and suffering and Confusion and Helplessness because evil-Blinded from crib .. you send us to die, you raise us to defend and support you - you inHuman F-ing Monsters!

.. **Womanhood and Poison Vomit – can you tell the difference?**

(Early on might be okay to have around in small amounts, but as time goes on ...)

—
May this be a Blessing to you and us all. [And all our Futures, and future Multiverse Pasts.]

—
—
Very few comments again. Feel free to have your own., ..

—

Oh, I sent my appeal into Twitter (see Image) and could have gone on in that description of situation they wanted .. but basically saying that They do not have to feel they must be a vile, unJust, unTrue, disOrdering, and slimy as the Venture Capital Golden-Calf Satan Minion's LawFare courts allow them too be – Be Better then that.

(A good way for all of us to consider being.)

Description of the problem
Tell us if you're having a problem accessing your account, or why you don't believe you violated the Twitter rules.

Thank you in advance for your attention and assistance.

It was never clear to me what the issue was with your system and my posts.
Seems pretty clear that as a Tax and Public Resource dependent business who hold one of the centers of digital town-square and with Sec 230 Immunity, that Censorship of legal Speech should be a requirement - along with interfering with our Freedom to Hear the Speech of others who want to communicate.

And since the courts are unJust, it requires you (corporate You) to be more Virtuous then the clearly sickened legal system, instead of using the vileness to go against the Constitution and the bases for Legal Governorship Rights over States and the citizens - things like the Right of Monopoly on Violence (Arresting, Jailing, ..) and Right to Tax, etc.

Why not Be Better then you need to be!?

If you could remind me why - precisely - I was banned .. was it my argument against infant genital mutilation (both FGM an MGM) because that is what I remember - being effective in my arguments with Statistics and publication references of the harm and lack of positive aspects.

Or was it because I correctly used a word like 'retarded' - meaning being behind or slow .. like "by retarding the spark the engine started"?

God Bless., Steve

Twitter Appeal

Some of that - along with that I had no idea what the problem was that got me Banned.

At this point Satan has already crapped on the total Goodness of such a place as the Center of the digital town square, where All can go and Speak and Listen and Hear what Legal Speech would have us consider

.. instead like our family destroying baby-murdering children-taking Feted Female-evil howling F-ing cnt womanhood-like corporations and courts – we have disOrder, inJustice, Lies, confusion, suffering, Sin, Death, and Hell.

What a Waste!

What a crying Shame .. like my and most men's lives.

Mass Graves for [most] all older [powerful] Western women Is Justice.

Let us Pray for Mercy.

And Holy Clarity And Forgiveness for all us Demonically-Oppressed and enSlaved souls.

Some good stuff .. so far only a little VagFeelie-Belt Tightening needed for some – if you think public execution of Abortion involved people and supporters and voting Fraud, thieves, and other similar – wondering if bike thieves (for example) was routinely hanged in public square when caught would that have an impact on crime .. then have that adult diaper handy.

Some sorry news .. younger demographics no longer value Classic Western Virtues.

Pretty clear that we need to require Vestment into Society through [extra] National Service before having full citizenship; voting or any form of control over others., ..

I find it extremely suspicious that we were all beat to death with information about the Holocaust in school, but literally no one I know was taught anything about the ~100 million people killed by communism.

There were 30-40 million Christians killed. Where's *our* memorial??

- 4 **Dehumanization:** People equated with animals, vermin, or diseases.
- 5 **Organization:** The government creates specific groups (police/military) to enforce the policies.
