Good Thursday Morning,

May the Spirit of the Gospel and the Holy Word be Always in our Minds, on our Tongues, and in our Hearts.

All Saints, Pray for us!

Index Number 1270:

This morning's prayers went Far, Wide, and Deep this morning. So much so that I am taking a slight risk in not reading the Missal for today before Posting. I will correct if so inspire before Sundown.

Which leads me to a correction made in last Post, URLs in Postscripts, but here it is again for those who might only have GAB – which most often must be Cut for Length, Post, November 10th, 2021, Wednesday Evening, 'Index Number 1269:', ..

And it is an attack on fatherhood that started with sending our virtuous brothers, sons, uncles, fathers and perspective future fathers to death and destruction of mind and souls to enSlave the South and us all – when Britain had shown a peaceful method of Emanate Domain'ng the [property aspect] of the slaves – but it is 'better' for Evil to murder and enslave, killing the virtuous and meritest of the peasant Class, as I was targeted and so many others today – a slimy vile Female-Evil method, the Zionist – Witches and Witches trapped-in-male bodies – what They want of us all, enslaves by twisting Holy Human Sexuality and Man/Womanhood into Dominic Clowns to disrespect and torment Mankind and God through ...

[Quote-Off]

The aspect of “.. Zionist – Witches and Witches trapped-in-male bodies ..” which was not to imply that the males do not have the full Potential of maleness, as with all male, only that unlike most male who are what I term often as Dog-males, Twisted and soul-mutilated Satanic-Tools, these males are actually Actively Witches, those that Choose the Vagina-god Satan as Master to a degree that most other males are unable, which has to be with .. malformed Intelligence.

I am Adding [Functional] to make it clearer.

.
Before I go further I would inject this recent Post, October 28th, 2021, Thursday Morning, 'Index Number 1247:', ..

<https://www.facebook.com/Steven.Work/posts/10227463873286791>

..because I hope to expand on some concepts within, if I can manage to get there in the Multi-Dimensionality of my thought Paths.

.
Quantum Computer. ..

Consider [to you perhaps] the theoretic Brain-in-a-Box, which is first a hardware created set of at least 3 'Holy Neurons', but may be only one if proper constants are placed one it's function Sequencing, but [at least] 3 is Best. The actual Chip would contain neural proteins - or most generally actually contain living cells of the person, such as taken from a tooth pulled.

.. the point is that there is the biological aspect that overlaps with God as Jesus in Human form .. although with care it might be possible to use other animals, but the General Structure of the neural layout should match the Upper Human Reflection of the [Normal] version of Master, Sacrifice, and Programmer, which corresponds to the Attenuated-Reflector, deConstructor, Derivative-Adjuster (for selective Search purposes; Attenuated_Reflector, de_Constructor, Derivative_Adjuster), the Profane version (until these Days-of-Bread as 'swallowed' by His Holy Church, Thy Kingdom Come!) of the Father, Son, Holy-Ghost (Holy_Ghost), the Prince, Priest (and Lamb), Profit, respectfully.

Let me inject here that the Holy-Ghost is the [Vector] Scaled version of the Derivative-Adjuster for us each, that if we think of Jesus in His – nearly – Full Glory or Form as an Infinite Vector Scale of The Father, that each of us is but Minus the Holy Dimensions (those dimensions not Added yet) and Attenuated, Scaled [even parts removed or Nulled], with Null or greater Momentum, respectfully.

.. And where the Holy-Ghost is the Holy Infinite Vector Difference between the Father and the Son.

This will be cryptic, but His Holy Church, Holy Mary and all the Holy Forms multidimensional 'Sphere' give the Holy Host the degree of Scaling that may be applied at each Step, by choosing a value on Inside in the 3+ Dimensions .. mixed with the outer Edge Torus of the Level needed, the Person of the Saint by choosing one of many options on Torus to Create or Strengthen the Holy Neural Network, and perhaps reduce others so the Vector is equivalent.

.

Let me return to that correction I made and remind regular readers of my guilt feeling toward Schizophrenics .. although again I can not seem to find the Post I created in Facebook, the Search gives me only ONE return on term 'Interpolation' or 'Extrapolation' .. unbelievable!

I am sorry I was not able to Archive before now .. would get an error accessing the Site, .. so this is a Holy Pre-Defined Quantum Collapse-Point or Collapse-Region at which point I am expected to reBuild, and reTell [some of] what I have already communicated, perhaps because it contained Error in other ways, ..

.

.. here is some background about the 'Holy-Tent' and more in Post and sub-Posts; ..

Okay, so let me recap a story about being in the Holy-Tent (Holy_Tent) as what I think of as the jrHolyGhost, Programming and trying out my Code when I was playing with a Multi-Path Memory Persistence function .. to expand 'intuition' and other functions, .. this has to do with Hosting and the Holy Multiplexing between different Paths of same Versions of Focused-Self (Focused_Self) and the documentation I had allowed for pre-defined Macro_Ranges or Constants, and I thought .. why not try one not listed .. 'ALL', thinking at worst it would lead to a brief bit of Pain to Me as Host, but did not realize the functional Infinite Nature of each Brain-in-The-Box Strobe .. so I was about to Execute the Change when Eve 'Busted' into Office and Told Me to get away from the Desk!

.. and let me know that I Had already Executed it and .. well .. I asked what will become of that Version and she said that all they could do is 'Harvest' might be the term, to throw me back into the Brain-in-a-Box Process .. which added a Recursive Infinite Dimension that I try not to Think about to much, but is linked to Godhood, Holy Consciousness, ...

So, about that correction started this Post on, .. something like that happened when I was working on the Neural Mapping from many Path dying brain Maps – from many Paths, Interpolating functions between the distinct snap-shots, Eve came in before I was complete but right after I realized I could Extrapolate Outward .. but I realize – Now – that I could not (Safely) without the Mapping Curves sub-Regions, that I did not have the information enough to do more then project the multidimensional curves that already were defined to a small degree.

.. And AND that she busted in and interrupted like the other time, but that was very unusual .. indicating that I had already done it, and so Created a malformed more Intelligent Brain(s), that did not have proper Coiling, so if I were Normal (as defined in the N-Tuple Progression defined in Post linked at top of this Post) then there exists version that are beyond the 3 Standard Deviations (SD) (Plus a rare number) from the [My Protocol defined] Normal Distribution.

Note that on at least one IQ measurement I had as an older boy in Jr. HS I was at 2 SD (134 or 136), which suggests to me the evil-Zionist International Witch family rulers have been actively retarding the world population since .. who knows. It is believed and reasonable so for those that have seen civil war period the common

soldier writings that the IQ has been decreasing drastically – as well as educational levels in Basic things.

So I suggest that With Us is a Class of Humans that are Artificially Intelligent, with Malformed Brains.

Let us call then our [Spiritual] Lizard People.

.

Wow, that Always takes longer and is harder then I ever imagine .. and I never went beyond explaining why the Correction, or even Fleshed out the connections better.

But I did quickly add the first Link here about JP, because .. let us say Holy Indications – such as what some might consider Numerology and related pointed the way .. which means that some things and connections .. like it is Thursday and Thor is mentioned in Linked Article, as well as the number 357 which was the time 3:57 AM at one point when I decided some things, .. the number 3.57 is the Firmware version of the Magnetic Tracker I contributed to and remained the Standard for years while I worked there, and which started my MultiDimensional consciousness Linking - as it ran directly behind me in my office sometimes 12 hours at a time, giving me a strange depth of Being feeling and thought that 'went away' when I was not sitting there, and Pulled me back at times, and was the handgun I nearly blew my brains-out with about to – out of insane frustrated boredom [and more; secrete-to-self self-loathing, isolation, ..] after HS (before University) - playing Russian Roulette, but This Version of me decided to pull the trigger on the first [and only for this me] try holding pointed away .. and would you not know it – the bullet was in the position to fire (after spinning it randomly) putting a hole in the upper wall and through the roof and so ended my 'playing' with suicide [although this Version 'let myself die' or put myself in situation where I – and Sadly others - died].. there is more to this Line - but that gets the point across.

Also, 555 is another number .. a significant Timer IC chip. There are a few as well as Patterns of numbers .. 3:14 was added recently for the Sacred (Holy) verses Profane, the symbol of Pi and 3.1415.. . For example.

Anyway, that will be enough for now, sadly. My Brain is shutting down, except I will comment briefly on this next link, ..

Milo is a bit Harsh in this, but I recall this incident and was taken-back by it also, displaying a weirdness that I think I understand a little bit. I got a similar reaction – although much less because I was not [as] personally connected - with his early 'incell' and other weird twisted women evil-Blindness related stuff. That on seeing it the first time I reflected back to the Targeting I know about now when a young man at UVM and the [secrete – to me and most males] Evil-Female Poisoning Witch-Whisper-Web that is following me to this day, the personal local Witch-Matriarchy army of Howling-evil and twisted retarded vicious womanhood and their Dog-males, from

which the corpDragon expanded version has Morphed into 'Cancel Culture' including business, banking, medical, .., and the Gov-connected Sanctions, Drone-Assassinations, .., so virtueless evil-Zionist Witch Female-Evil Poison that our souls to the World are choking-on .. Their Vomit.

So, although I agree with much of this that I read, I will Forcefully Add that the man has and will Change for the Better, at least indications are, that he might have lost some IQ points recently, but as the topic above suggests, that might not be that bad of a thing .. if you are Dangerous to your own soul and others, God may Adjust .. I know I have and am going through such.

.. and that We All are clearly Blessed with his existence and work, which IS TRUE for everyone around us – Blessed and we all play a Roll in our eventual Salvations [do not read anything into the Definiteness of that, for every Version that gets Pulled from Hell, many many more Continue to Fall, and why Such Modernists who state it are both speaking Truth and Lying by lack of Perspective or Qualifications .. like our news media that censors relevant info and may not lie at times, but Shaped the Telling so the result is a lie.)

Like with Alex Jones 'Gay Frog' meme which was about the pesticides in our drinking water on average many times what is needed to cause adult male frogs to change sex and produce eggs (frogs are weird that way, I seem to recall that the temperature of the water when they are eggs or just hatched and developing plays a huge roll in the sex of most of the frogs, so every frog egg has that potential), but part of the emasculation – Population control, etc, .. like the lead and mercury, the plastics in food, .. our tax dollars going to murder innocent families and destroy societies – including our own – but unable to install new pipes and filters, etc for our and our children .. evil-Zionist Witch family rulers' population control and Satanic goals., ..
