Good Saturday Morning,
May the Spirit of the Gospel and the Holy Word be Always on our
Tongues, in our Hearts, Minds, and in our Hands.
Holy Virgin Mary and All Saints - Pray for us!

Index Number 1886:

This was first Saturday for which I get a ride to Saturday Mass and then after Mass Catholic men's breakfast .. which I remember this morning during prayers – so I had to push through the pre-Mass prayers (which usually I do them later in day) and I had not done other things in preparation, so this will not be details on insights remembered from the morning prayers and medications – that although was rushed were still valuable .. it is as if all these past topics and days are all available with more to Reflect on them.

The corner sub-group I was part of at Breakfast talked a lot of problems related to Vermont and National and a little international subjects. The insanity is spreading – apparently there is an entire school system where the Witches are banning the use of 'girl & boys' mention of category .. and no doubt in my mind that the Top Witches the goal and desire .. they would castrate all the males and warp the girls into Sexual enslavement and constant pregnancy and baby-Sacrifices to Satan .. if they had the power.

The Sex-Ed right before Summer Break and more chance for pregnancy and baby-murder seem designed for that .. and similar pretty clear Satanic pushing. Along with – likely soon – Abortive drugs handed out by Witch School Nurse or perhaps a free vending machine in restrooms?

In response to the Wondering of when the Average person will start to wake-up one can assume that the Rate-of-Evil is Set that the generations of Witch and [functional] fatherlessness is that each generation will be acceptable and few will object to the next level, and if we lived to 100 years old we would see actually the Powerful Witches shed their human-disguise and actual Demons would be filled in all the top levels of Education, Medical, .. and Institutions including Governments .. those slimy evil Witches that are never further then 2 Whispering F-ing cnt women and dog-males away from us all will Actually take the Demon form that had already enSlaved them and controlling them now.

It is my theory that we all will have to Suffer whatever Level of Hell the most delusional cowardly self-deceiving person near us Requires to have their Epiphany that 'Yes, Satan Exists and is in control of all these Powerful Secular (and Church) Leadership' or similar – that Satan Exists and so .. God and our Redeemer Christ is Real.

The Question is that the sister or mother or grandmother that had 5-10 Abortions .. without Holy Mary's Sacred Heart how willing will they be to Face the horror(s) of those and others that we have done, without Faith in God's Love and Mercy and all this Charity were almost all of us adult Should have been struck dead and not given all these chances and even this Day at SunDown God a Reckoning and for many of us Judgment follows – so Now is the Day and Time to Repent and Seek God.

Prayer - of course – is our most significant response. At least you can Pray in such a way that each Day will be less Satanic, that untangling form own Sin will allow you to Exist in better and better Realities in the Holy Simulation and the versions of those around us will become Better with us.

May this be a Blessing to you and us all. [And all our Futures, and future Multiverse Pasts.]

Not much Finished fully commented things in this post, as usual. But some good stuff.

The above considerations – especially the Prayer leading us to Better Realities and Better near and connected Avatars .. and the opposite – those who Knowingly Sell their Soul to Satan and Change for worse.

This song reminds me of a friend who that happened to .. at least that is how I See it now – one summer, likely his 15 year birthday the Satanic Family he was part of got him to do something, and the young man that returned to school was human in form and had the memories of my friend .. but my friend was gone.

Those really well-to-do families, even back in the 1980's were only powerful and wealthy because they work for Satan. There children and others are Fed to Her to become Minions of Evil – also. Of course there are plenty from across the board – but most of them will do the 'grunt' work – turning friends and family to Satan and Sin. The Rank & File of the Fungal-Tentacles those top few Satanic international ruling Witch-Matriarchal families, with there slimy evil no further then 2 Whispering-Web vile cnt women and-or their twisted Dog-males.

Sadly – this song reminds me of the boy that was my friend - who Died and was Possessed.

May God have Mercy on him, and us all, ..

A lot of good topics. And some recent history that too many people do not know – because mainstream media never covered it, and those [of us] that have been watching closely usually have a completely much fuller understanding of the interconnections behind the Puppet Narratives.

How many watching the conversations-conflicts with Michael Tracey can imagine Glenn as THAT boy that threatens to leave the playground and take his ball if .. whatever .. goes his way. But manages to make you laugh about it – somehow, ..

Some of this is interesting – but anyone who Parrots 'Toxic Masculinity' without define and giving examples .. and nothing about the universal sexual abusing in work-places and public from women who dress and express constant sexual desires and screech and destroys men's lives if anyone notices [or does not] based on what the cnt delusional-psycho is VagFeeling that moment. Are you there t work or to have sex in broom-closets – Whore?

THERE is an example of Toxic women – now your Turn - you f-ing lying cnts (generally accusing) - give us an example of the toxic masculinity that is so accepted by all men, and that is not your head-up-Vag retarded misunderstanding of what people [men] with honor and virtue are doing – that slimy back-stabbing lying false-accusing cnts are calling 'toxic'.

Anyway – I did enjoy her attempts to break-down and organized .. but I suggest that the female (Witch) nature that competing with men brings-out and is so widespread that women should not be allowed to be in workplaces with men because you are generally worthy of being thrown down stairs of knife in throats that most men would never be allowed to get as F-ing evil-vile, you horrors! So protected that a good percentage of you dead or otherwise Gone because you so vile and vicious and destructive ...

But please – what is Toxic in men at work that is so bad that no other men would not find bad also? What is so Toxic that most men are find with – suggesting you do you Job, stop being a F-ing cnt, stop the Shit-Drama, Stop flashing your tits around, .. or similar corrections or suggestion that you call Toxic?

There is something good to see about the process of break-down, but to advance she will need Objective Clarity, and so far .. not sounding like a Skill or Ability she can deal with.

There is a Balance that is OneFlesh amplification – Order and Boundaries in sex rolls would be useful and needed for most., ..

I only had a short time to review .. some interesting stuff although does not seem to be as focused on Symbolic and Religious imagery analysis.

Antoine Saint Exupery on How to Love a Man

Myha Lilywhite

Speaking about choosing life from the perspective of a man who put his life in mortal peril every day, is the only appropriate way to speak about it, because it is only in contrast with death, that our reasons to live become clear. Saint Exupery writes from an era long ago that perhaps better understood men, because it did not punish them for not being women. It is no surprise then, that from this era should arise the most powerful ideas that can teach us about the male psyche.

And who cares about the male psyche? Why especially should women care? I cannot speak for everyone, but there are men in my life I love deeply. My father, my brother, and my husband, are people so dear to me, that my love for them is edged with the bitterness of imagining the unthinkable realities of their mortality. Unlike the women in my life, they keep their hearts wrapped up their dignity. They steel themselves against the slings and arrows of the world to keep me safe. The ordinary vicissitudes of life touch men differently.

needs softness and delivery, but what makes him keep going when the darkness seems to stretch from all sides, what makes a man choose life even in the face of the darkest foe, is dignity, respect and the feeling of being needed or protecting his loved ones.

How can I know that? I'm just a silly 27 year old girl, newly wed, with no education on my hands and no memories of real hardship. What should I know about real darkness?

It's true, I don't.

And this is because the men who love me, have protected me from it all this time. My graduate school advisor, my husband, my father, my brother, my uncle, they have all made me curious about what they go through that I don't see that when they have that darkness which I cannot see, except reflected in their distant eyes, in the tightness of their voices, in at least offer them understanding.

Guillemot
All animals have an impulse for survival, but even insects experience this impulse in the face of intense and overwhelming physical suffering. It is Man who can find something higher to look up to, up and beyond himself, and endure the suffering an animal would not.

In one message from Saint Exupéry's book, "Wind Sand and Stars":
