Good Friday Morning,

May the Spirit of the Gospel and the Holy Word be Always on our Tongues, in our Hearts, Minds, and in our Hands.

Holy Virgin Mary and All Saints - Pray for us!

—

—

Index Number 1885:

—

In this mornings prayers and meditations I wondered into how something could be technically wrong but perhaps more Right, and how that could be.

Since we live in a Fallen world, with imPerfect people it is not hard to believe, yet sometimes people cut through it. My thoughts wondered around Saint Stephan and his martyrdom – which was a recent Catholic Reading from the Bible, and his assignment to taking care of Widows and Orphans as part of the growing early Church and the need which became clear for such Service, then his Stoning for relaying his Holy Vision – the Stoning which might have been the finial motivation for Saint Paul's initial Persecution and then his own Holy Visions and Conversion.

But I was Considering how we need a Saint Stephan these days – we so many Divorced and Satanic State-married 'widows' and [Fatherless] 'orphans' throughout the West. And someone to motivate others to Conversions.

And I wondered if there was ever a Pope Stephan .. when the Church decides to fill the Chair of the Vicar of Christ with someone Willing to be the Focus of the Holy Ghost [not refusing it], that would be a Good name for Them.

—

I ended up considering such because I was remembering a women who was filling out some form when I was young and she misspelled my name as Stephan [on of the 'French' versions] and I corrected her and she spent a noticeable period of time staring at me .. and it

was long enough that I have a memory of it, and wondered at it and still do when the memory comes up [sometimes when giving my name or someone misspells or calls me Stephan, ..] if she was considering the degeneration of society and West, the possible ignorant of parents, or ...

—

Anyway – perhaps she was able to Look through this reality and See my Holy Name, and perhaps it is spelled 'Stephan The Proud' instead of 'Steven and Proud' .. which is how I have been Hearing it.

—

There were other interesting Reflections, but faded already.

I did want to mention the reason that my 12 Point Apostle-Tribe-Variation Compass is not the variations (mixed levels of the 4 the Base Characters of Man as seen in Book of Apocalypse, and recently mentioned in [yesterday's post - archived](#)) – that those 12 Points are one the Compass Arm itself – not on the circumference as with a clock.

Think of it as a 'Lever' allowed to spin from center point, and on the extreme – the [Female] Church on Left side tip, and the [Male] Single man on the Right side tip, that those are the most sensitive, that a force difference between any imbalance between them would be most Amplified with many time the differences between the difference between the two closest to the pivot-point.

A Perfect balance would be a balance sensitivity to Force measured Perfectly Normal – that is the Compass Needle points Perpendicular to the force, and any deviation indicated some deviation from Ideal. For example in this Female-Evil Filled cntHell where suppression of the Normal Male expression and Poisoning is Church, Military, Civil Order [Police], Civil Welfare, Courts, .. and the destruction of Marriage, Education, Ability of a Man to Stand against Evils, the attack and suppression of Truth, Righteousness, Seeking Justice and Education, etc. .. all these indicate the Point of Compass pointing directly at and away from Grace – so a Waste and ineffective use of Grace.

—

Some things you might consider.

—

May this be a Blessing to you and us all. [And all our Futures, and future Multiverse Pasts.]

—

—

The End of the internet .. The few inter-connected Golden-Calf Satanic international ruling Witch-Matriarchal families and their Satanically EnSlaved Elite Families are working to be absolutely sure you can not read this of anything people want you to have access too., ..

God Demands Love and not Death, but here is a suggestion of a world where such horrors learn to not be Evil.

The Just death of anyone willing to actively support the murdering of babies is not the Line to start killing those and the horrors that support and shaped then (Especially all the older women in their families), nor is that line those who actively support separating fathers-children or parents-children.

The simple fact is the Just hacking to death or other forms of public execution is Just that moment someone interferes with our Freedom-to-Hear, that is you write or say something with the intention of letting me or anyone else who desires to read or listen to it, and then some Late-For-Grave cnt decides to – uninvited – interfere with that ..

.. and then that interfere is responsible for the death of hand fulls of people – their mothers, aunts, grandmothers, employer and possible every major owner and executive of any corporation that supports them – knowingly supporting them .. a blood bath and possible weeks of local and World-Wide entertainment as such F-ing evil Witches and Minions are chained together and dragged to death attached to special train cars designed to allow paying spectators to sit and watch them running along while the train starts and eventually each falls and starts to be shredded on the crushed rock they sliding across .. yet unable to scream because their victims could not be heard and the silence those who would have listen is represented .. babies tortured to death unborn, those who never heard the information that would have helped them or informed not only them, but indirectly but truly everyone connected to them, and all those in the Future.

If the mostly now vile lying vicious slimy cnt women and mothers were raised and also raised their children where such was a real possibility, how much of a problem would these kind of evils be. When killing the mother and the Witches in family and all those that actively supported such now regular average inHuman vile Septic Poisoning family, fatherhood, nation, Institution, Gov, .., and children destroying and crippling Witches and their minions and retarded mind-raped Tools that is modern Western Womanhood and their last 2 or 3 generations of Fatherless and male-hating practicing Delusional-psychos – they are so dense that in any busy city street if you gathered up the older women from those families that were not living in Debt pay-check to pay-check – perhaps 1 on 10 would be a hardship for others; neighbors and-or society – or would be unJust if dragged to death screaming as an example of what a life of baby-

murdering, child-mutilating, Joy-murdering, fatherhood and man hating and family destroy, gov and anti-Liberty expanding howling retarded slimy lying F-ing Nightmares and Curses of those around them that wanted a decent productive and peaceful life of merit-virtue & hard-work rewarded life with a family and a chance to Serve mankind and God.

But do not get me going or your VagFeelies might get hurt.

.. I am only sorry that more people are so evil-Blinded from crib by Satanically-Directed putrid mind-raping mothers .. too Numb and Rationally-damaged not to See this, and to openly tell them and others that until they Repent from their Vagina-god Satan ways – that them Gone, that pretty much any and every powerful post menopause women, and many 'middle-class' ones – would be a Cleansing of Septic Poisonous Evil from the world.

I only have watched the first few minutes so far – he mentions a few things worth hearing and thinking about it – including the Pharmaceutical Company head's recent video admiring the Satanic Goals of the [my details] coordinating few international Witch-Matriarchal ruling Golden-Calf Satanic families.

The drone as a 'false flag' by Russia made me consider all the on-going shelling and killing in Eastern Ukraine by the Golden-Calf Satanic Minions and their Nazi attack-dogs after the 2014 GreatSatan Empire DeepState overthrow of the democratic elected gov of Ukraine .. so were all those 14,000 murdered by Nazis and other DeepState agents a False Flag also .. to reflect on what I expressed before – imagine a Western Society with such Evil is not supported by LawFare threats of fines, gun, jail, .. by an evil Gov, where such clearly evil supporting murdering and murder pushing Satanic tools could be privately dealt with .. they and those that support them not able to hid behind a corpDragon or lawyers, that those and all the older women in family tied to poles in public and an invite of anyone who has been injured to have a swing with a base-ball bat ..

.. even those of us who have had over 1/3 of earned money taken through adult life and used for such Genocides – to be forced to support the [Holodomor](#) Part II .. almost a Century later with same Golden-Calf Satanic families, following to the planned collapse of

israel and the bloodshed to be pushed later as 'another' Holocaust – and so all Jews should take over Ukraine-Russian area now being Genocide – and Rape the resources that Russia has .. as suggested before.

The **Holodomor** (Ukrainian: Голодомор, romanized: *Holodomor*, IPA: [ˈɦolodoˈmɔɾ];^[7] derived from морити голодом, *moryty holodom*, 'to kill by starvation'),^{[a][8][9]} also known as the **Terror-Famine**^{[10][11][12]} or the **Great Famine**,^[13] was a man-made **famine** in **Soviet Ukraine** from 1932 to 1933 that killed millions of **Ukrainians**. The Holodomor was part of the wider **Soviet famine of 1930–1933** which affected the major **grain-producing** areas of the **Soviet Union**.^[14]

While scholars universally agree that the **cause of the famine** was man-made, whether the Holodomor constitutes a **genocide** remains in dispute.^[15] Some historians conclude that the famine was planned and exacerbated by **Joseph Stalin** in order to eliminate a **Ukrainian independence** movement.^{[b][16]} Others suggest that the famine was primarily the consequence of rapid **Soviet industrialisation** and **collectivization** of agriculture.^{[17][18][19]}

Devon is likely in desert covered in Killer-Bees being tormented by his out door cat he rescued – always on wrong side of a door and too lazy to Multiverse Skip.

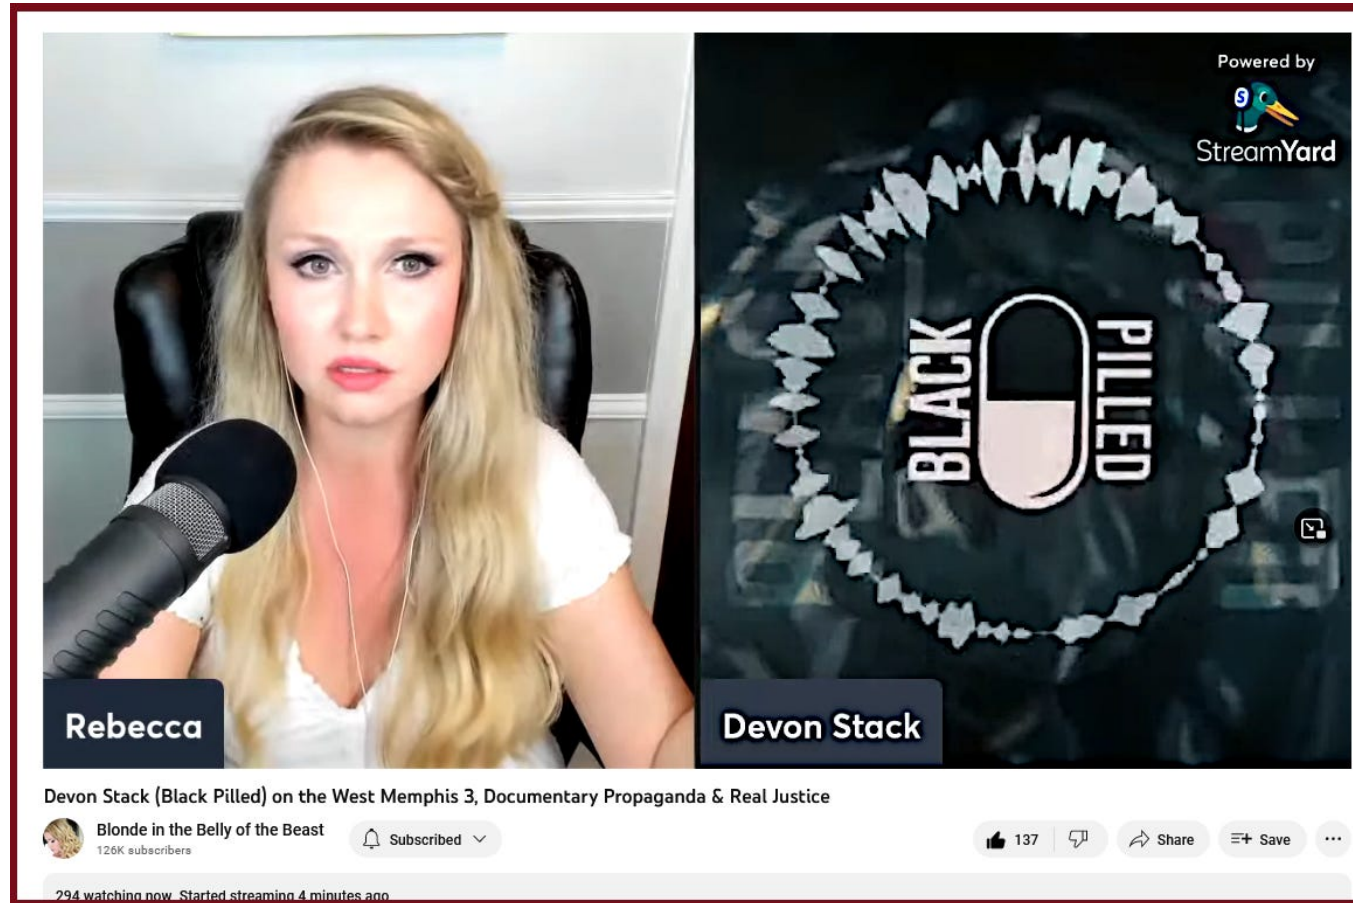

At this time I am waiting for the Stream to Start in a few minutes .. should be good. NC figures indicate massive hidden problem nationwide

During the past 18 months, 331 illegal aliens have been charged with 1,172 child rapes and child sexual assaults in NC, according to figures collected by an independent researcher.

The data is tracked by NCFIRE (North Carolinians For Immigration Reform and Enforcement).

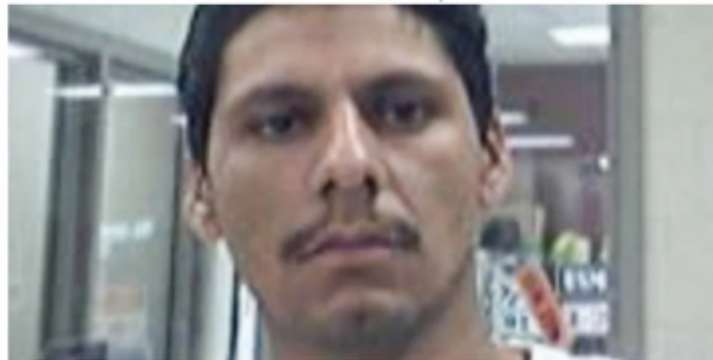

The organization is run by James Johnson, who says he is only able to collect data from 30 of the state's 100 counties, meaning it's likely the statewide count could be significantly higher.

To the white men who told me that they “prefer” white women

This piece has been expanded to include an addendum, Click [here](#).

I am sorry, but exclusively dating white women is not “just a preference.”

At the root of your exclusion of women of color from your dating pool lies a deep-seated allegiance to whiteness so that you and your kin can continue to benefit from white privilege. Further, straying from white women as your partners of choice could have dastardly consequences that result in the dilution of your family and your own perceived whiteness.

So, let’s make it clear: No one is the passive victim of their own internalized biases. It is not a coincidence that the girl that you had relations with last week looks like your sister, mom, aunt or the random Gap ad you found yourself staring at for a little too long.

A homeless man yelling on the NYC subway is normal. We see that all the time. What's not normal is for a Marine to sneak up behind him, put him in a chokehold, and unalive him. That's not justified. The Marine could've just done nothing. He should be charged.

Jury nullification

Jury nullification, jury equity, or a perverse verdict generally occurs when members of a criminal trial jury believe that a defendant is guilty, but choose to acquit the defendant anyway, because the jurors consider that the law itself is unjust, that the prosecutor has misapplied the law in the defendant's case, or that the potential punishment for breaking the law is too harsh. I live in the burbs of SF. Used to work and live in the City. No one in these parts will go into SF unless it's a must for work. A friend had the back window of his car shattered and the back seats torn out while in a parking garage. The financial district and market street are ghost towns. All the lunch places/small businesses that serve the area are going under.

Some other folks I know moved out after a homeless guy passed out and blocked the entrance to their building. They couldn't open the door to get out. So, they called the police who asked if he was dead. They said no. The police then told them they would only come to clear a dead body.

Last time I went into the City we had to barricade in the lobby of the St. Francis Hotel at Union Square. There was a massive crowd outside drinking and dancing in their underwear to celebrate SantaCon and God knows what else. We went to dinner at Farallon, a wonderful restaurant that has since shuttered. To get to dinner, we passed a line of police in full riot gear. When we got to the restaurant the door was locked and we were let in by a host, who quickly locked the door behind us.

So, yea. It's horrible. I've always loved the City. Probably always will. I was born there. My family were gold miners in the 1800s. My grandfather always called his mother A kind-hearted San Francisco Gal.

San Francisco is a beautiful Gal herself. And now she's drugged out of her mind and laying in the gutter covered in vomit and her own feces. Either she'll sober up or she'll die there. And the police will only come for her once she's dead. Breaks my heart.

Three medical schools in North Carolina are now diagnosing toddlers who play with stereotypically opposite gender toys as having gender dysphoria, and are transitioning them.

Yes, you read that correctly. If a 2 year old girl picks up a truck instead a Barbie, that is proof to these activist doctors that she's actually supposed to be a boy.
