Good Wednesday Morning,

May the Spirit of the Gospel and the Holy Word be Always on our Tongues, in our Hearts, Minds, and in our Hands.

Holy Virgin Mary and All Saints - Pray for us!

—
—

Index Number 1855:

—

This morning I was pleased to rise, Praise God!

I had my doubts as I feel asleep. Which put to mind again this concept of Margins – which I meditated on some more with my prayers, and did so yesterday for which I was derailed from writing. (See [yesterday's post \(archived\)](#) - if interested in knowing what Satanic-Distraction caused it.)

Most of us who have existed in adulthood for any length of time will recognize the periods of decline in any number of dimensions - with physical and intellectual some of the clearest and most discussed, but likely they each and others define a huge number of sub-factors within us all, each level advancing and declining and in the gross aspects we most likely notice – the changes seem slight.

About Margins and .. Tithes. The drawing away of 'the better part' of

us – the 'Bleeding' of us away.

I was considering the physical, and intellectual – how instead of us believing that those Better parts of us were not dissipating into the Dark Void of unTruth, inJustice, disOrder, .., into Chaos – Lost and gone away from God and us – but instead being drawn away into higher Jacob's Ladder Levels, and the the least 90% (for example) remain.

And what we do with that 90% - that part of the Stone the Builder Rejects – is the Holy Challenge, and Task .. at 'the end' of this process – will what is left and struggling nobly being Refined and Refining enough to Join back with the very very Best nearly 100% of the original .. while watching that left-over Margin continue to Serve God, Church, Man, Nation, Neighbor-Self, Creation in all Her forms?

—

—

Spent little time looking at video's yesterday after I finished a few of the one's I had backlogged and wanted to review – I re-watched most of those first two linked in beginning of yesterday's post – mostly to see how I might have been repressing some aspects – that demonic-oppression that drives some information we do not want to know away – like that video clip with Prof. Peterson pointing to the universally suffered widespread sexual harassment of men and boys by many women in work-places and other places we are forced to interact in.

The intentional sexualization and constant '*Tits-Out*' that is a horrible distraction for the young men and women in schools and become a constant form of teasing-abuse in public forced not to suffer and risk when earning our livelihoods – the borderline constant risk and instant or near instant destruction that can and does follow throughout life if the wrong action or inaction is done around such walking delusional-psycho. How each of such women is a walking nightmare trap – that any one of them could be that one that turns on you for not noticing or over noticing her in the exact level her daily whims dictate .. and because the hive-mind male hating and fearing and resenting group support each other almost exclusively in any dispute – unless their is some weird Profit they will Prostitute themselves for reason.

-

You recall that video?

.. The short one that most times I review it and realize that the Demonic-Oppressive Witch-directed internal voice (which sounds a lot like our mothers') drove away, .. again. What part of it did I forget – or more importantly forget to think about when the situation

showed itself – each time I see an overly sexual dressed and make-up woman, or any woman not modestly dressed for work, or whatever activity .. lipstick and eye-liner which is the female equivalent of wearing a strap-on penis under baggy pants and indiscriminately proposing to all women (and men I suppose) 'Hey, want to mate with me?'

.. when you watch it – do you See it .. like I described. Do you remember all the women you worked with who pretended to be attractive but actually hated you because you were a man to then cause trouble and drama, who manipulated you and others sexually.

Do you remember workplaces which started as a place of Joy and Service to God & Man and turned into a festering abuse-filled howling horror-show ..? Perhaps like me – repeatedly? That you – if your Demons voice allows – can see it all around you .. the same sick virtueless womanhood that murders babies and lied to you from crib and left you nearly helpless to all the festering vile evil in so many of them, that when you turn to one you though might be different she Gaslights you and further injects anti-Rational and self-loathing, punished for noticing .. 'it is only your imagination .. you must have problems with women – don't you? – well we better write that down and pass that around!' .. haunting you for the rest of

your life, like that guy who could not find employment for a decade to discover his name was on some list that was commonly reviewed – for some false accusation that he thought was cleared from HS.

Womanhood – something truly vile about the constant passing back-forth between and within themselves some [imagined] hurt. Sudden lists of past events that you – sane people I mean – long ago resolved or consider resolved and Just-balanced .. but you realize were horded to fester by the slimy vile cnt which Appeared - to be fired-back in and for distraction and insanity ..

.. leaving one to wonder if such cultivators of evil and unreasoned or lied-about resentment would end once in their graves, or torment them and us all into the here-after.

What putrid sickness this 'Feminism' and sexual-enSlavement we have watched dripping from our fatherless Witch-raised adult-children .. and we are all suppose to pretend that women who would support the torturing-to-death by Witches of babies – instead of holding themselves or other women responsible for the results of their willing and sought sexual adventures .. that such clear virtueless unrestrained and unrestrainable group could Ever be trusted in raising or education children, or working beside us and those we care about, or owning and influencing them or others?

What is insanity? I think the above points clearly to something like that – to pretend as the world and our Hope, Joy, Lives, Love, Futures go down the drain and pretend THAT has little or nothing to do with it – at many levels – the evil-Blindness and acceptance alone is horrible.

—

Like once again .. as like with all of us - any of these could be my last post or your last tweet. I would like it to be more of my meditations and related – but we all sitting in a fully Fire-engulfed house, and as much as we would like to pretend otherwise – it needs mentioning .. and a finger pointed to the only exit still Open,

..

.. Repent and Seek God.

—

—

May this be a Blessing to you and us all. [And to all our Futures, and future Multiverse Pasts.]

It is strange that no sooner did I write that comment yesterday for the CrossTalk video about the Ukraine-Russian war and this GreatSatan's decline and death – will our national corpses getting

too moldy and septic to Profit from fully and looking towards Russia will Devouring Ukraine and Geneociding more Christian white men and [potential] fathers – preparing population for the Septic Putridness of open baby-murder septic-womanhood and vicious motherhood and GloboHomo child-torment and torture, and .., and how it was more-of-same. Like a bad movie repeat .. something which you watched in own family, then in school, University, work-place, professional fields, nations, and Western society .. do we need to keep seeing the same Satanic pattern spreading outward into constant unending insanity, torment, torture, Sin, Death and Suffering in Hell?

When I notice the latest insanity .. Norway joining the Satanic Arm – NATO, and so will be sending their white Christian Virtue-based men to die, or at least now for taxes and resources to be diverted and used directly for evil.

I really do wonder how ignorant or mis-informed their population is. Or is it like here – all pretense gone for all but the 'sports-ball' types who gain enjoyment in the pretense and the spectacle of it .. people who could not turn away from the videos and news of the travels and silliness of our once and perhaps – likely - future President?

I suppose that is more pleasant then considering the suffering of the near 60 babies tortured-to-death by Witches in every State everyday – and all the lifelong torment and suffering to the mothers and others, or the clear to many constant sending white Christian (or Virtue-based) men and fathers into battle for the purpose of killing those same men - and any extra white Christian virtuous men they kill as a bonus.

Sad to see what I assume to be informed people lying about the reasons - that Russia was suddenly a threat because the were driven to war by this GreatSatan's NATO and the festering Witches in Power.

It reminds me of that meme about someone who punches another as they yell-out in pain to confuse everyone - and so do it again and again. Part of the 5 unDead Jan 6th Policemen or the 5.7 Millions undead Horrors that have stalked us since later 1940's or 1950's or whenever it was clear the Jews were not running to middle east, but to the USA .. when you explain well Building 7's destruction I will perhaps consider the other clear lies – and horrors we all have suffered because of them.

—

In an interview on one of the international Western GreatSatan Empire's mouthpieces an interview about Finland's joining where the guest knew what end is up, that Finland's joining has made all of Europe and World less secure – of Course!

.. so poorly are the nukes used these days! I would have used those hypersonic missiles already directed at the most powerful Witches in the most powerful family with a clear message to the rest of the world that each and everyone will see death and horror world-wide if they get in the way of the exorcism of such Cancerous Septic Fergus Fruit .. but instead is this dance towards that end without the removal of the festered septic sources, who they or spawned Witches in future will come out of their NZ or similar places where their bunkers and compounds – small cities – exist and start over again with a world population more like the 500 millions they want.

And to imagine that Zionists and other Golden-Calf Satanist Agents are in veto control over such weapons would be foolish. As there are (israeli and other) nukes in every major city, as every level of power has long been poisoned with Agents of the mind-raped retarded minions and tools – the women and dog-males who are so Satanic-Programmed as .. well, some twisted children so badly they self-mutilating and sexually twisting themselves and those around them in the clear internal Hell that burns in them and fed by the Witches .. as we are all so injured & Scared for life - in some way and another.

It's the jew behavior toward the host nation that leads to the extreme hatred.

Things like seizing the Treasury and claiming as their own and feeding off of the population like vultures: kidnapping women and children to fuel their human/sex trafficking rings and illegal organ/tissue/blood harvesting rings. In the US alone nearly 300,000 (that they admit to) children go missing annually.

Because of Tay-Sachs and 112 other inherent degenerative diseases jews / Israelis are the ultimate parasite. Instead of behaving like decent human beings they fight tooth and nail to force us to stop noticing and calling them out. Thank you @Dickys_Normus for the .mp4 EVERY #White #Christian needs to hear straight from rabbi finkelstein's own mouth.

THIS IS EVIL...PURE EVIL

The FedNow program has just launched while the

media distracted us with Trumps arrest

1. With Programmable Money you'll only be allowed to spend it on government-approved expenses.
2. With Expiring Money the money ceases to exist after a certain date.
3. With these systems our government will be able to control how we spend our money and they will have the power to cancel money that exists in our account.
4. This stops being a conspiracy theory when the US Federal Reserve has pages on their web site to explain how it works.
5. Australia & other countries are removing cash. Protests world wide are happening as people begin to wake up. Do not accept Central Bank Digital Currencies (CBDC). Twitter search and you will see the protests.

<https://www.federalreserve.gov/econres/notes/feds-notes/what-is-programmable-money-20210623.html>

The unspent transaction output (UTXO) format

Benefits of the UTXO model include conciseness of the records being kept (there is no such thing as an "inactive account" or "empty account" under the UTXO recordkeeping model) and the **ability to associate specific (programmable) spending conditions** with every discrete UTXO.

Potential benefits of the "digital cash" model using programmable UTXOs are the ability to specify **spending constraints** on any discrete amount of value and a greater facility to trace the provenance of any particular "virtual banknote."

Franklin may have said it first, but the last two words of his maxim were popularized most by Timothy Leary, who Richard Nixon called "the most dangerous man in America." After Nixon was forced from office, the words "became arguably the most accepted form of ideology among baby boomers," says Wikipedia – which itself illustrates how authority has been diffused in the last 50 years.

It's not enough to "wake up normies."

Let's go with the premise here, let's assume Tucker Carlson has jostled thousands and thousands of normies from their slumber. Now what?

They're awake, they're looking around confusedly, they don't know where they're at or what to do.

Tucker Carlson takes these newly-"awakened" normies and funnels them into a variety of harmless channels: Jason Whitlock, Candace Owens, Adam Carolla, Glenn Greenwald, JD Vance, Larry Elder, Dave Rubin...

Whatever these normies are now awakened to—vaccine shit, racial violence, Ukraine spending, January 6th—he conveniently provides an utterly benign solution for their new problems.

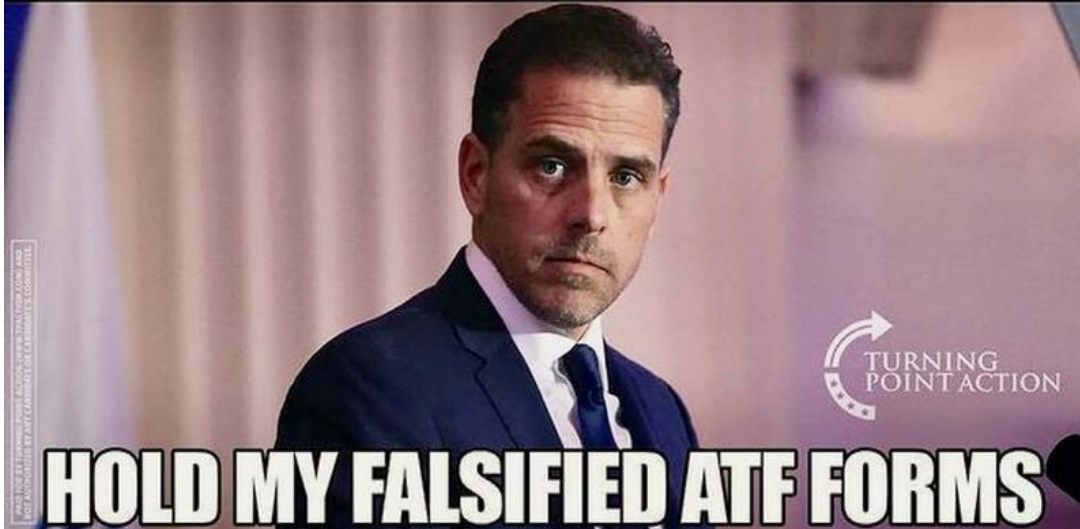

The powers-that-be know that they can't keep you from "noticing" forever. Some of us will always slip through the cracks, break the conditioning, and start noticing up a veritable storm...

That's why Tucker Carlson exists.

He's there to say, "I noticed too! And here's why we're never going to do anything about any of it."

Tucker Carlson has done more to wake up normies than anyone else in America. A bunch of compromised race grifters are being coordinated to "purity spiral" against him by their handlers in the Biden admin and other "centers" because of how effective Tucker actually is.

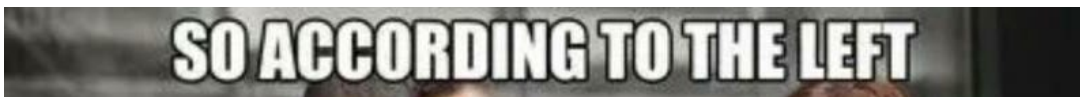

CHINA'S CONTROL OF THE GLOBAL DRUG SUPPLY

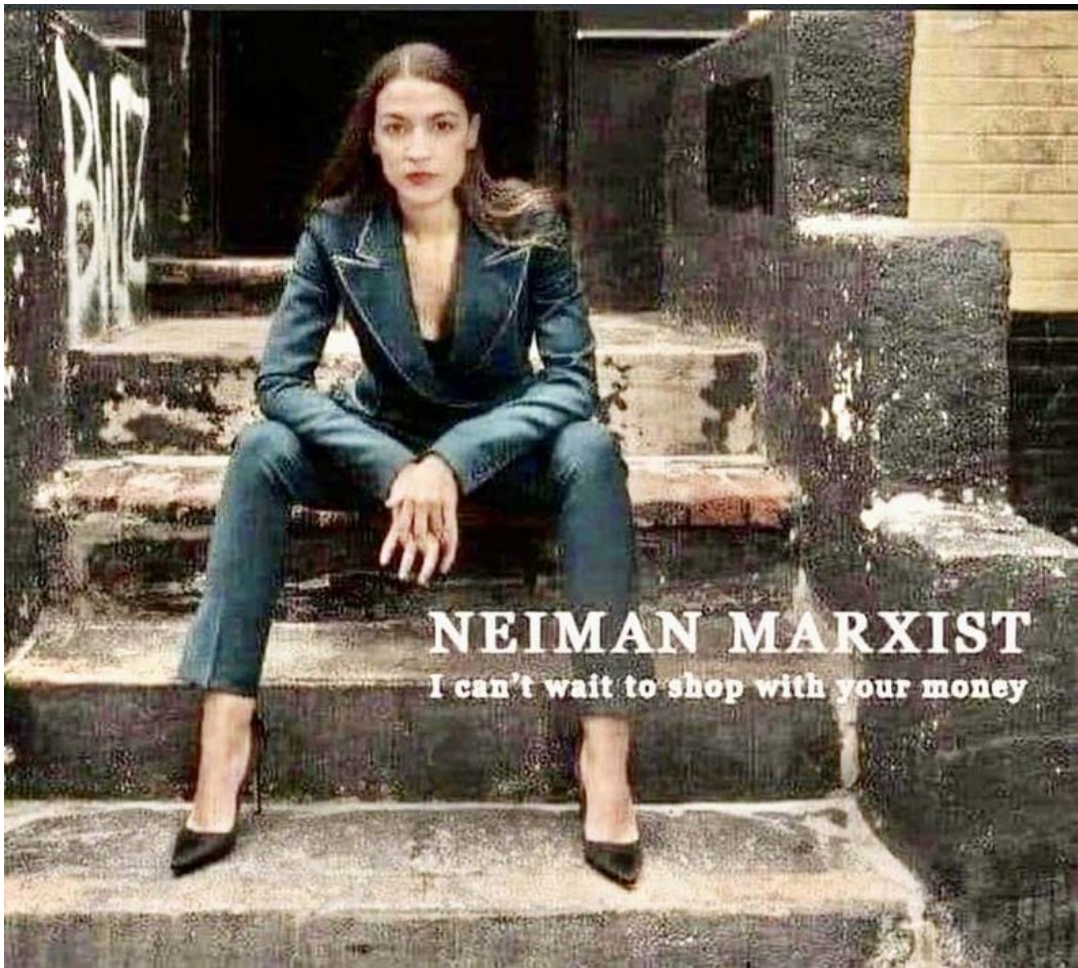

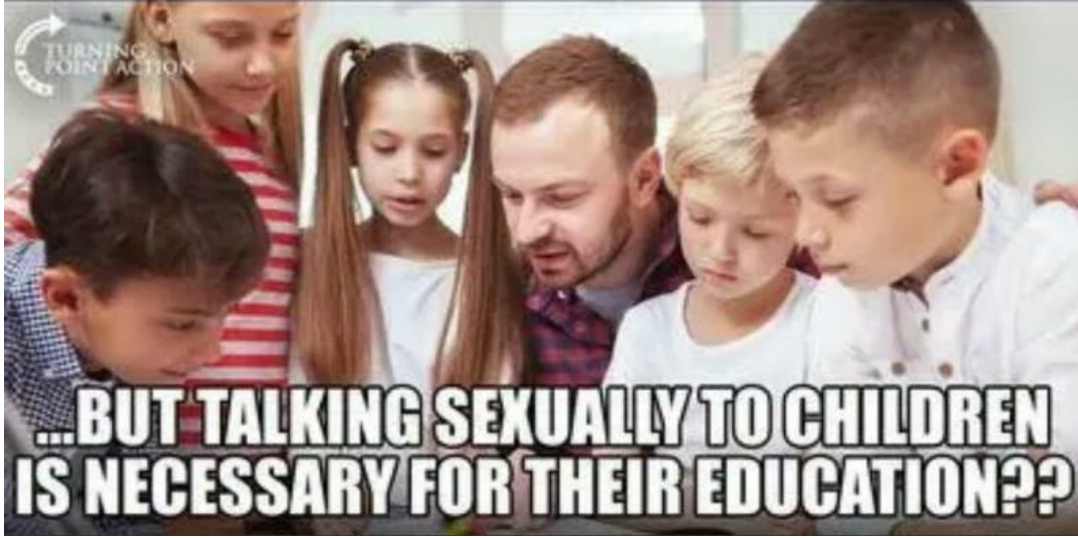

"80 or 90% of the core components to make critical drugs [are] coming from a single country... It's not the first time China has threatened us with drug shortages..."

This is a threat to kill Americans by withholding medicines... If that's not a wake up call, I don't know what is."

Can someone explain to me why putting on black face is racist but putting on fem face is empowering?

Endlessly arguing about something is a sign of a successful psyop

People are still arguing about things like 9/11, Moon Hoax and Covid while it's absolutely clear that shit's shady as fuck and real action should have been taken a long time ago. Endless arguments about something won't stop the powers that (shouldn't) be. No one will be brought to justice. Further hoaxes also won't be prevented. On the contrary, endlessly arguing about something is a sign of a successful psyop. Covid, for example, is being currently slowly moved into Moon Hoax territory, where it simply does not matter anymore. You can argue all you want, you can prove the obvious all you want, it simply does not matter anymore.

It's not about the lack of information, it's about the lack of meaningful action. Compartmentalized conspiracy theories are not a threat to them. It's just as they want it to be. While people argue about Covid scam, they move on to building prison cities and implementing climate scam. When masses will finally start discussions about prison cities and climate scam, *they* will be on the way to the next hoax by then.

Basically, we are constantly being held one step behind and *conspiracy theories* are not only harmless to them, they are even beneficial, because endless arguments prevent real action and real change.
