This Friday morning in my hast to advance through my morning prayers and meditation to pass-through and complete the added Friday prayers and extras, I was held-up with Pattern recognition in my Sifting though the Infinite Quantum Mind.

By Facing what I know and perceive of this reality and broken-up through my Model of the Holy much seemed to fall into place.

As usual with these Hyper-Connections, to remember only the basics in outline and some general flavor is often all one can hope to hold-on too, and I found that by trying to Structure what is Reviled in terms of Witnessing or Apologetic is the best way to hold together and remember what had been Seen .. in a kind of

Condensing by Rules that are fairly simple, the concerned '[Zipped] File' when applied to those rules or Model – it is possible to reBuild [parts of] Original and the better the Model, the better the reBuild from memory.

—

So, let me suggest that Religion is the ultimate Reason for Science, the Application of Science and Apologetics of the Natural and Supernatural should not be considered disConnected, that they may have seemed to be because of our lack of perspective and tools, and we have now at least the Basics to make the connection.

The Concept of the Supernatural being projected down to and giving Form in the Natural should be assumed. The concept of Natural Law as a thin Reflection of the Truth, Justice, and Order that is the Supernatural, including Man as the 'Ghostly Projection' of God.

What has been missing is the clear examples that Bridge our Thickness of Intellect – and as God is Loving and Merciful – the more Thick the more Clearly it is placed before us .. including those around us who Serve the Ideal of what little [more] they can See by Helping others, and in Societies form organized Religions to help Hold and Spread what can be Gleaned, and unfortunately in our Fallen Nature Pride and Assumed Superiority too often infects so that the Aspects of Religion that is ignored and not mentioned in the two above is to Add-To what Truths are further Gleaned, and not mistakenly adding changeable local, social, and other things that change and flow in time and are little but the Differences between the Holy and the Profane, the fads of Sins us Fallen would Like to be approved, or expression and excuses of them Wrapped-Up in .. if not Proofs of why those Sins are okay, but Injected Doubt into what has been Rationally derived as Universally Good, that has been Codified in Doctrines and passed-down well fitted practices of the Religion.

The other Fallen nature approach to Religion is that of Exclusion. The Other is always Wrong, Bad, and Evil, and has nothing in it that is of Value, and at best is only a heretical version that must be suppressed. The application of what is Good to direct at anything that touches on the Established fundamental Truths to the practices and 'fixes' that bridge the parts that are incomplete given such Protections, instead of applying Rigorous Apologetics in Defense of the new Ideas from the Perspective and Using those Truths.

I think of the original Protestant Reformation with relation to the Catholic Church who from what little I understand of the State of Church Militant of the time was very Sick, Selling Sins to those who could purchase them being a small well know example, and it is a wonder that a Possible future Doctor of the Church and Saint might have been unable and attacked for whatever Revelations-bits that – Given a Healthy Church and Theology might have greatly Strengthened the Church in Ideal times, or helped being a Healing

of some of the clear Sickness of Her and Her Leadership.

That is a shameful internal example. Let us consider an external example.

Some Eastern Religions consider Life as Suffering, and it is a reasonable - but greatly incomplete and lacking – characterization. Suffering is clearly a huge aspect of this Fallen world, and as many believe it is a result of Sin, Ignorance, unfulfilled needs and desires, Separation from an Ideal of each and every one that occupies it, a Lack of cooperation and sharing, and much and similar more.

And as such, at least one major branch has focused on that and Imagines of Nirvana which is Suffering Free, and the Path is the removal of All Desire .. the aspect Catholics and other Religions often aim-for in the abstract – to be IN the world and not OF it. And unlike most other Religions that more-of-less use it as a guide to reject being entwined and enslaved by disOrdered Passions, and not the total Rejection of Passion – of Life in and of Well-Order Passions, Ordered under God and His Laws and Loving Him (and so following and doing His Will) above all Passions, how ever ordered or disOrded.

That Religion might be though by many to be so Simplified as incomplete, and Wrong in that this Being in Nirvana is not without Suffering, but has connected and Ordered the Suffering into Total Meaning in the Service of Others – the Giving of mind, body, and soul continuously for all others, from which they may and do Live, and in Living are Shaped towards that Nirvana or Communion with Him and All – with God.

The aspect that many Christians Feel, that in Giving of Self is a Holiness, and Joy follows from those they Give to (Suffer for) Advancing away from needless Suffering but towards Better Meaning for what Suffering they have and eventually and in small and growing ways discover and Embrace that Holy Pattern, of Holy Husbandman Self and Others towards the Man on the Cross Burning in Joy all the Souls and Worlds to Love and Support.

—

And so I suggest in this simple example that there exists a world full of malformed Holy Catholics, while also I argue that practicing Church Militant is hardly Israel (Holy Catholic Church, Jesus Christ's Body, Bride, and all Her Forms.) That each and all forms of Religion exist to Inform our Catholic Church in some aspect that is lacking .. lacking simply because those who are practicing it for the Sacredness Aspects, but not the Sins that are allowed by there incompleteness, as we see when many Catholics and other Religions practice the Sin of Pride and 'Othering' when it comes to the Religious Expression of there Sect in the World. The warning and Yelling of Damning and Hell-fire from Assumed Position of Superiority and taking pleasure in it, opposed to the Humble Servant of God communing with others with Holy Human Dignity at what they are Missing, and perhaps what they might Share that is

Lacking or Miss-Applied in some of those practical bridges that are sometime Duct-Taped to described or understand the common Mysteries that are Know True yet seem to be impossible or contradictory.

—

To expand on that last point, and introduce the Concept of Science Religion that has Spread over the world to the seemingly effective application to the material world as well as method of expressing it in ways that are grasp by many and may be used with seemingly good results for all to see, and that many have decided from has mistakenly Killed Religion and in so doing is Worship Satan and Her enSlaving Materialism, UnTruth, inJustice, disOrder, Sin, Death, Hell, and Evil.

For as many Know and most Fear – their Soul is eternal, and when actively and functionally denying this they further enSlave themselves to worse Fallen existences, those beings seen in our and many religions – Centered and Worshiping one or more Sins and Fed what putrid septic remnants of stolen Grace by Satan Only to Serve Her and Evil .. the Hungry Ghosts who can only Eat and only exist when used to Stave and bring Sickness to those existing in Higher (Jacob's Ladder) Levels .. is one of their immediate Fates – Forever (when given the feted version of Grace to Be) away of an endless Hunger that can never be Satisfied and Suffering that seems to always Be .. and many of us could easily end in Communion with That Tool-of-Satan, and there are many many others, Levels of them and in some very real Sense we Are Them in comparison to Souls in much Higher (Jacob's Ladder) Levels. .. the Wages of Ignorance, Sin, and unTruth, inJustice, disOrder, And Lack of Faith, Hope, and Charity.

No wonder many would rather listen to the Demons voices-in-mind [Connections in Holy Neural Network to those Sad Beings that are cultivated and Strengthened by Sin] that excuse sins and Promise that Suffering will end at death, and they will not need suffer the horrors, unTruths, inJustices, disOrder, Hate, indifference, Want, Despair, ..., When the greater the hope and desire to avoid will be their souls destination in the Hungry Ghost or other communions possible, any and all to some degree as Wanting and lacking in their God Rejecting anti-Truth desires and Sins.

—

And Now to expand on that last point I was distracted from, Rational Thought [and forms of Science which we create in seeking to Know God and Creation, the drive to Know, Love, and Serve Him that is Right and Just and has been disOrdered by The Fall ..] such is God Given or Reflected in being made in the Image of God.

And such a Religion that spread based on Science – although often dismissive or religion and God, and worse – may be Transformed, Ordered, and in Service to God – Glorified.

Consider, for example, the Concept long ago argued by a Philosopher during the Enlightenment Period in Europe that we may be in a Satan Controlled Simulation Machine, and questions How would we know it?

.. a Computer Simulation where our senses are all connected to it, and besides our personal awareness of our State of Being (thus so) he wonders '*How would we know?*'

Many have examined and I have seen arguments that this is Provably the Case, unfortunately indications and other proofs depend on a level of Rational Thought and Intelligence Both that are being actively repressed by the Demonic Forces in the world and each other.

A man who has the intelligence sufficient to Believe in God normally, as should be Assumed by Natural Law, may be repressed socially or physically – always in need and want homeless – for example – and engaged in Sins that require reduced Godliness like Rationality to partake in [more – but never enough] fully, like the repression of the Eternal Nature of Soul in the desire that death will end suffering, or the hope and dreams of having wealth drives a person to spend their last \$20 on lottery tickets instead of cough medicine for their sick child – the Pleasures can not be Grasped without the Suppression of Rational Thought and the temporary Pleasure feeds the repeat, while the Suffering that results in realization and guilt of what should have or could have been become a further drive to Escape into that or similar Sins.

God's Grace and Mercy is often as simple as momentarily releasing such Chains of Enslavement and bringing some Clarity of this Pattern, Freeing the Inflect and allowing Rationality to come in-play and with it Understanding not only the Trap they are in – but the Direction Out through God.

Often – too often – Cowardliness towards what seems like a momentous task ahead is sometimes too much, that the person actively seeks the enSlavement because they are unwilling – unLoving of Self, neighbors, Nation, Church, God – and too selfish and virtueless to even Try. A Holy Sadness, when comparing the relatively tiny part of hard work and dedication is known to God to bring a Life where these Sins and failures are Transformed into Holy Service, a Stepping Stone for their and many other's Salvation .. I personally have met such people, and have been Blessed so, although feel unWorthy of Such Holy Love but God is the Judge of that and other such things and all we can do is work to Be Better and Show Him Right – to Testify of God's Rightness [as well as Justify our Ancestors, Parents, friends, education, and society's – those aspects that apply - rightness] in Better Thought Word and Deed.

—

Again, I believe I have become distracted. Computer Simulation and the aspects that are facts buy beyond many peoples ability to

understand them – things like the Quantum Eraser Experiment, or arguments of overlapping Multiverses at the Plank-constant levels are difficult for those who actually found them or first considered and noticed the discrepancies or seeming impossibilities. The physiologists that found that people started to react correctly Before the tested event actually could have been Observed and long before the nerve impulses would have started – but did anyway – as if some sharing between staggered-in-time multiverse parallel Universes were connected in the mind .. many of such which – when viewed with the correct Model make sense.

The Question most would Ask is why .. and how. The How is as I have argued not as important because if I can argue and show some way that each and ultimately all such things Can be made to work, then without the need of Asserting that it is correct, only that there exists some way – perhaps a much better way – but here is one way, and so such is not only Not Impossible but since what I purpose in general is within our understanding and mostly our abilities, and unlike a man-on-moon project, this can be added-to by any and everyone who has some interest in sciences and willing to share and learn form others, entertain ideas and in many unique-in-God ways add-to.

As regular readers would know I have been doing that with my Holy Model, and by Assuming the Doctrines of Catholicism were True, such as the Biblical Events are True in the litter sense – at least at some degree or other, and other Facts Asserted, to Ask and try to answer that then How could it be described (how could it Be so) using Rationality,..

.. and simple example is the seemingly different versions of the Passion and Resurrection, all True yet do not seem to fit-together. My one solution to this is because the general Event happened in different Jacob's Ladder Levels and-or different Multiverse Paths. All are True and reflect the Same Holy Events but as seem by slightly different Being-States, or Perspectives.

Just as one might argue that the 3 Wise Men were able to be near Jesus' Birth (in those Multiverse versions they existed) because the Annunciation to Maiden Marry was made at the same time to those 3 Wise Men and they had 9 months to consider, interact, and travel - and the Guiding Star was something only a few could see, as is the reported case with many Holy Approbations and other Visions of Holy and Demonic – they may be only seen to those who are to be Significant in some way, or should be.

—

I have – in this Process – used what I Know to be True to start with – the Basics from which Catholicism is based on – to the best of my knowledge and it has not been a few times I have derived things that the model predicts and turn out to be something I did not otherwise know but learned to be the case of Docterin or derived from Doctrine. .. but had I been more aware of any other Religion I

might have – and hope that others will – do similar for those, and perhaps the overlaps and differences will shed light on the Entirety of Project, and the Holy Bicycle Parts and Her more Perfect Shapes can be deciphered,

.. to the Glory of God, and Hope of Salvation to All.

—

—

That was not were I was planning this to go – I hope to show or suggest part of 'the Why' of a Program to Exercise and Heal Holy Weaknesses (which makes vulnerable to Sin and those sub-soul voices that desire them more than God.)

.. Perhaps on how my Model of a simple situation can Recursively turn into something fantastical, but following only a few rules and protocols.

Like the (sub)Model of Master of Village of 72 male Virgins Concept (that divided like Adam to form Eve), that the 72 is 12 (Apostles – variants) times 6, and 6 is 3 (Trinity of Aspects) multiplied by 2 .. Avatars of the Master. The 2 are the other two Trinity Aspects where that mMaster is 'being' the Aspect which is in need of (or goal of) improving or Healing, likely related to the specific Weakness of the soul of Holy Communed Soul that the Master, and this all related to Saint Johns Book of Revelations description of the Son of God on throne, with 24 Kings on thrones (Two Circles of 12) and the basic Aspects of Man – the 4 Beasts with eyes (looking through and into Multiverses) .. how He in Center is Master, the 7 Lights or Powers-of-God part of the Holy Projects System which passes Grace-Beams (perhaps) Through the System of Beasts, Kings and such into the Holy Quantum Firmament .. Projecting the Thoughts and Directions of The Son of God, further Divided by the Two Levels of Kings (in opposite spinning concentric Circles) .. And all our Realities are made Solid (to us) but not unlike the Shadows on Cave that Plato and others suggest.

.. A well educated society with Christian Virtue Based Values and good Formation must allow for #FreedomToHear, so that everyone who suppresses something one person wants to say to the world to any who want to turn an ear should be the Condemnation of not only the world, but all the Futures – especially those filled with Sin and Horror like we have today – needlessly because decent Men and potential good men were all suppressed and mutilated – often by those horror vile Things occupying our families women's minds and bodies, Demons – because no one who is rational and human would do the evils such Things to do us and others they profess to love, and from outward appearances seem to so the confusion is destructive.

Female-evil, slimy saying '*I care about you*' while Poison Vomiting into us from the crib .. if that were not now the Rule .. then this cntHell filled with self-destructive Hyper-empowered destroyers of souls and Nation womanhood would not have Shaped this Horror we have before us throughout the West, and Poisoning the world.

Of course those in power and charge care nothing for us and those fathers and possible fathers being forced to kill each other, many of the most virtuous Sacrificed to Satan and Her minions, and the Treasure wasted that could and should have been applied toward non-Evil and ideally Good goals, taken from fathers and possible fathers if they were not so impoverish and constanty repressed and crushed by Satan's Minions and Tools all aorund them and us all – as well as in evil-Federal Gov, corpDragons, Medical, ..., ..

A good video, ..

.. but with Warnings about Bret (and very very intelligent people who do not warn us Openly and Loudly they are limited by YouTube in discussing some things, and taking some positions which are True will destroy them, so either are actively hiding such or internalized the Lies of those Satanic Venture Capital Golden-Calf worshipers that are actively destroy Western Rational [Christian] Virtue based society, that Hate us all and want us Burning in Hell with all we love.)

Okay, after my mention of him and his wife '*and Trust*' recently here in a post (see after for URLs) I decided to try one to see if his clear intelligence that should have spotted the Satanic-Poison Injections for what was Better than a Bad Flu (Better because children were very unlikely to be harmed) yet number transposed between the regular colds and flu and the clear increases in testing was driving the panics, the reports – pretty reliable – by professionals that the Satanic Medical System and those Witches and Venture Capital Golden-Calf Satan Worshipers were then silencing, firing, .. those 'in the Know' were reporting that many of the deaths and even

hospitalizations had nothing to do with the covid virus, the redefining from a annoying dry cough that lasts a week or so (which is what I experienced early on) for most healthy people, if anything – the redefining Flu as the symptoms .. so much that was clearly and loudly out there and easily found, or if seem easily checked .. that every alternate source of information suddenly because Fascist Suppresses and Publishers, that even a place like GAB was blocking URLs to actual published papers by established researches, ..

.. the question was not if you should have known but had to know something was Significantly 'Off' and so must have been Lying or refusing too look because of the response – and recall they had already been punished (he had) but effected entire family for not going along with the White [Non-Black] Man Bad crap and having the Witch-filled College Administration drive them away - instead of backing them.

I believe and this is a good example of how fantastic he could be .. if he would stop lying and pretending and understating what an intelligent man who knows the science and background related to many of those fields clearly being made a Weapon (to the Destruction of the West, like was done with Universities) .. the section of the Great Reset, and I thought, okay he is making much much better noises but still unreliable.

Then he happened to bring-up they were demonetized by YouTube and half of there family income was gone, and they were discussing the Cancel powers [which are Insane and anyone not seeing a destructive level of worry about even it at a tiny occurrence, but it is including The President of the nation!]

Before I get distracted - so now he is doing the communal mentions

which is fine – but underneath it all is that same Threat – that YouTube might remove his channel at any time – so the Demon voice he might have noticed at the Demonetization only was turned down but Still is controlling him.

The AI Shaped YouTube Demon he is using is still very active – it seems clear. But that alone – besides being mentioned and warned about – is not reason to ignore him .. sure he is figuratively covered in Lepercy and festering sores and you must not share body-fluid and let the Witch-Spells put you Asleep, but like this video – so much good stuff it is hard to not learn things .. but all with a Grain of Salt.

Funny he talks about Reputations .. it is so clear to a huge percentage of population that most of these Elites are only still Prosperous and Comfortable by not getting in the Way of Satan, and-or supporting Her evils in whatever degree they can .. and he learned from YouTube that they can and will hurt you if you cross some undefined (so you better only talk about cat videos!) line and jumps around – forcing that Demon Model of Satanic Evil that the AI is creating to be extra Large and will and likely has filled most of his thinking day-to-day mind.

.. many people have seen those Venture Capital Golden-Calf Satan worshipers [most Jews, #NotAll] – and many others and their Minions – treat 'the masses' as less than human and even Profit and Seek the Pain, Suffering, Death, Damning and Burning in Hell of us and families – and lies and sliminess and LawFare Female-Evil twisted statements that are conditionally true and-or manipulative to bring death, horror, evil .. that his statements are very likely some of those.

Once you realize that our 'loving' mothers, aunts, older sisters are soul-mutilating vile lying male-hating POS and most of us all probably better they died at delivery of last child or soon after because they warping and twisted us so badly with their Vagina-god Satan following Feminism and other horrors, it is suddenly easy to understand a lot of positions that were once considered extreme and unthinkable – because of those howling evil cunt older women who raised us lied and twisted us into believing along with all the other lies.

It is now easy to look at actual 'historical events' and short of real proof – Assume it is part of the kind of lies that helped turn our mothers into the kinds of brain-F-ing horrors that they became because they Believed it along with all the other Venture Capital Golden-Calf Satan worshipers' Advantageous 'history' reframing

and hiding and Censoring.

6 million! Insane that people can believe such from those who benefited from it, continuous Murdering Thieving Fascist Satanic-State disguised under the Good name of Israel – and all those crimes being framed as *'well they were worried it would happen again'* like the howling cnts who say that a man should never hit a women are likely the kind of women that Knows if Just she should be beaten and perhaps stabbed in the throat, and actively laughs when some wife or girl friend sexually mutilates a man.

God Demands Love and not Death, but I can surely believe a young man who hacked to death his mother might have been Just, and even consider that had she died a long time before it would have been a goodness for him – the victim of Female-Evil howling Satanic horrors.

I only watches a little of this and jumped around to sample – seems like a good guest and some interesting aspects that are common throughout the West and everywhere where decent people are struggling with the constant lies and horrors from those they trust, ..

.. like many with mothers and women near them – you assume they have some Virtue and Values and share common goals and then learn they are Coining all our souls to Satan, and the realization of that is hard to grasp, and harder to deal with

Especially like in a family where the mother goes insane and on a whim destroys it and the evil-State (roll of Satan) empowers the slimy vile lying back-stabbing cnt the children to raise and all the materials you all gathers – often most of a life's work, with constant abusive enslavement to death .. yes, not too different. Chuck Schumer just outlined the so-called "Great Replacement Theory," in which he advocated giving amnesty to 11 million immigrants to make up for America's low birth rate. It's fine when he says it. It's only wrong when you notice it.

As Christians learn how self-styled Jews have spent millions of dollars to manufacture the 'Jewish myth' for Christian consumption and that they have done this for economic and political advantage, you will see a tremendous explosion against the Jews. Right thinking Jewish leaders are worried about this, since they see it coming.

American Conservatism exists only to prevent the radical left from becoming complacent. They offer just enough resistance to keep the Left engaged and the Right pacified. Conservatism is nothing but a subversive terminal cancer defended by the host it is designed to kill.

Elections aren't really elections. It's just polling data the ruling class uses so they know who they can get away with installing as our rulers and how many people will go along with the new rules they plan to impose. It's a thermometer for how well their propaganda is working

new rules they plan to impose. It's a tremendous job for them. Their propaganda is nothing that conveniently serves the dual purpose of convincing the slaves that their chains don't exist.

TEN STAGES OF GENOCIDE

- 1 **Classification:** People are divided into "us and them."
- 2 **Symbolization:** People are forced to identify themselves.
- 3 **Discrimination:** People begin to face systematic discrimination.
- 4 **Dehumanization:** People equated with animals, vermin, or diseases.
- 5 **Organization:** The government creates specific groups (police/military) to enforce the policies.
- 6 **Polarization:** The government broadcasts propaganda to turn the populace against the group.
- 7 **Preparation:** Official action to remove/relocate people.
- 8 **Persecution:** Beginning of murders, theft of property, trial massacres.
- 9 **Extermination:** Wholesale **elimination** of the group. It is "extermination" and not murder because the people are **not** considered human.
- 10 **Denial:** The government **denies** that it has committed any crime.

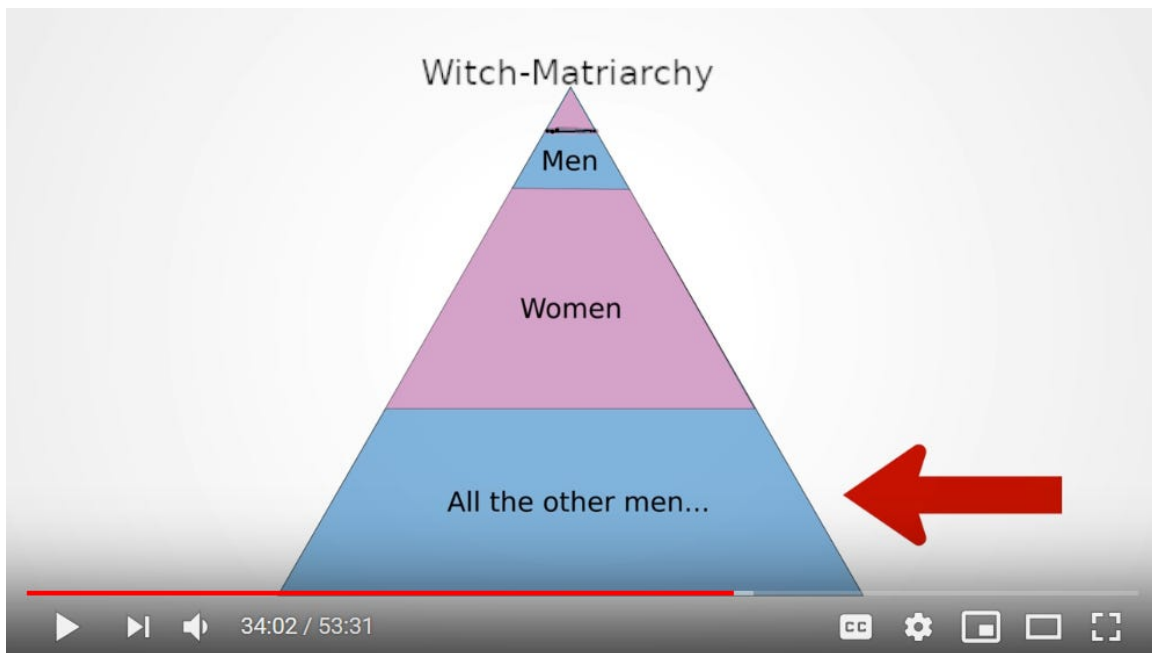

Haiti -Jovenel Moise was murdered yesterday,
Tanzania-John Magufuli died March 2021 and
Madagascar -Didier Ratsiraka died March 2021.
