Good Monday Morning,

May the Spirit of the Gospel and the Holy Word be Always on our Tongues, in our Hearts, Minds, and in our Hands.

Holy Virgin Mary and All Saints - Pray for us!

—

—

Index Number 1895:

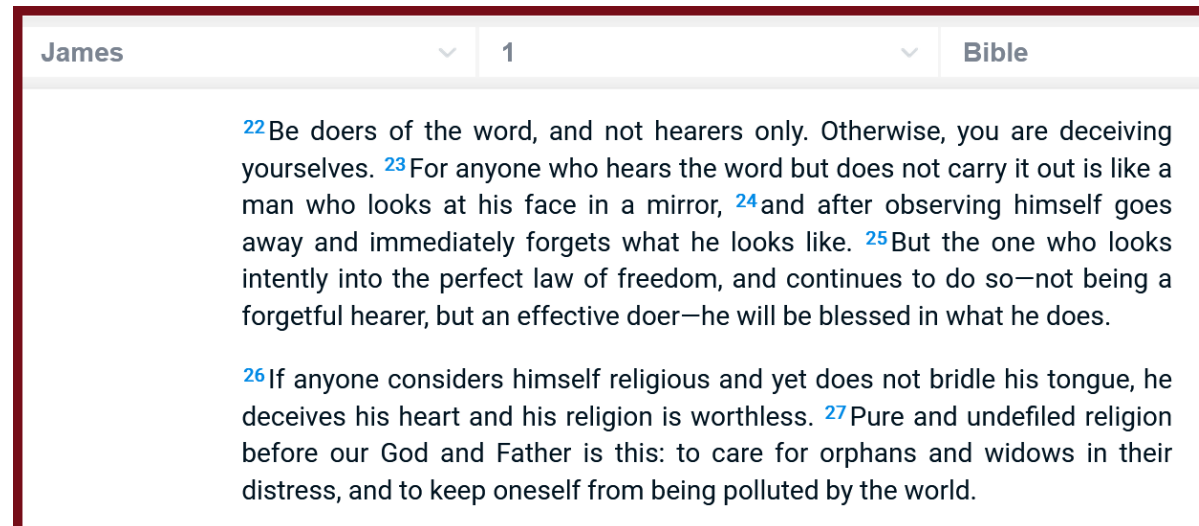

—

In this morning's prayers and meditations I went Far & Wide, and had I not had the normal human Profane interaction and a sense of this Service I likely could have not stopped, each aspect opening into further connections – many returning .. I am sort of at a loss and nearly crippled in my inadequacy to bring even a tiny fraction of any one theme .. as each call up a long history of previous Reflection I completely [or nearly so] forget I have had.

So, I will start at the End – and see where I can lead us, and perhaps open new Bread.

-

Yesterday at Mass was a Biblical Reading that jumped out at me .. Letter from [*James 1:22-27 \(archived\)*](#);

"**22** Be doers of the word, and not hearers only. Otherwise, you are deceiving yourselves. **23** For anyone who hears the word but does not carry it out is like a man who looks at his face in a mirror, **24** and after observing himself goes away and immediately forgets what he looks like. **25** But the one who looks intently into the perfect law of freedom, and continues to do so—not being a forgetful hearer, but an effective doer—he will be blessed in what he does.

26 If anyone considers himself religious and yet does not bridle his tongue, he deceives his heart and his religion is worthless. **27** Pure and undefiled religion before our God and Father is this: to care for orphans and widows in their distress, and to keep oneself from being polluted by the world."

.. and in the version I linked to a Mirror is mentioned, where as the reading at Mass and in Missal 'a Glass' is mentioned.

The image that came to mind and that I prefer is a clear wine glass and ourselves being contemplated as one might at a extremely valuable and prized wine – you as a sophisticated experienced partaker, and here is an extreme rare sample – a once in a life time opportunity – and you savoring & contemplating the upcoming experience and how you got to that situation and benefactors and ...

But a Mirror is fine.

This conception expressed seems to reflect on some of the Wisdom people share about being careful of who you pretend to be, as well as distantly of love your enemies because you will become like them.

Strangely this passage came to mind as I was considering the transition that occurs to us as we enter into the Rationality (but Pre-Sexual) stage of Holy [Human Sexual] Being at 8 years old by the Jewish standard, that we only start to really impact the world in a Holy meaningful way – and how critical that period is for the rest of our lives and the world we are part of.

My Rationality was sharpened and the emotional turmoil of my family situation only started to be managed at that point – and strangely a Lesbian Cold teacher was key in helping me, the Sharpness and emotional correction she gave me was far better for me than what most female teachers would have done given the turmoil of grief, .. mentioned in this Post,

.. of the older favored teacher abruptly leaving the field and class and her replacement – I had transformed much of the mother aspects of my relationship to that older woman as a response to the growing hyper-empowered demonically influenced mother and the horror of her Tyrannical control and destruction of my Father and his position – the State had given her power to remove him and further torture us all and she was using it and 'feeling' it out, a horrible nightmare demon had and was hollowing her out from her inside, Satanic State and society supported.

Not only had I lost my father when she dragged us out-of-State (and that relationship was murdered) but I was experiencing her Soul Death and absence as a kind of evil-Machine took her soul.

I longed to be absent from her since then – and sad to say, it still is so. My younger brother in his Service to family was forced to endure the Demon when caring and looking after her you years and his Rationality was been broken and but by the Grace of God is unlikely to return, and even my younger sister brought a version of It with her on a visit – the longer period of health-care related exposure wore down what defense she had displayed in the shorter visit with her and the afternoons she and I visited together .. the warping and anti-Rational emotional reaction and contrived misunderstanding she displayed when she brought the Demon was the indication to me that It had taken hold and she was not alone. She displayed the classic 'Triggered' and the Witches have been making not unusual or worthy of mild comment but clearly some Demonic-Possession aspect. It was so different than her normal self .. it was clear.

Anyway – That female teacher did not show any love with hugs and soothing, but instead Loved me as I needed. 'I am not her. She is gone. I am your teacher now.' or something similar. I made me breakdown and cry, but it needed to be said and she did show me a little kindness but not overly so – not entangling me back into that kind of parasitical dependence I had been in to the horror that was at

home and the need of a .. 9 year old .. still expected from a mother who had retarded the children into a sick parasitical '**Devouring Mother**' trap ..

.. I should and would have not needed such if she was Gone from my life in a major way at 5 or even 4 years old – which should be the standard now given this festering Demonic evil now everywhere.

Anyway - It had the kind of think that one would have expected from an old British man teacher. And exactly what I needed – in fact I would not be surprised if she was not British – they (her and 'a friend') vacations in India, and she had create pictures and such from it .. I wrote about it before and my realization she had 'Othered' that culture by arguing about the 'parents' crippling own children as pretty regular when I came years later to realize most of those were kidnapped and the Witches would use enslaved – sexually or otherwise – men, perhaps and likely victims themselves who would cripple them and if they survived – produce another money-making Human Cattle for the Golden-Calf Satanic Witch to manage .. the actual number of mothers doing such to own children I did not think was high – although .. sadly .. I realize with the inhumanity of womanhood and the horror they easily display and demand and support – torturing babies to death [based on sex or hair collar, or Lust, power, ..] and destroy families and coining all the souls connected – as happen to our family that was relatively rare is now the standard .. no .. if there is a non Orthodox Abrahamic women it not Just she dead and gone by 20, she is a very very rare women.

Walking howling demonically rotting from inside females is what the West is filled with, and there seems to be little but band-aids suggested by any who even glimpse, and the places that might have been supportive of and amplifiers of Warnings .. like all the Churches, Synagogues, Mosques, and non-Abrahamic Temples and such are [Actively] Silent, and supportive of the evil-Blindness, or talk about it as a general problem and usually focusing of the males' [Response] behaviors and pretending the septic mothers and Witches controlling society are not the issue or that such exists in this 'Patriarchy'.

So .. imagining mothers in India and else where given half a reason to mangle the left-hand of their new-born .. sure I can believe that! InHuman horrors that too many of them are, clearly.

So, perhaps that teacher was correct and I had made it more complicated. There is little behavior that is openly exposed of womanhood in this West today that a rational clear thinking person would not decide that modern Western womanhood in general is a Toxic Septic nightmare that is SIN & DEATH to all who get near them or are forced to be in their power, and the older they are – and the more powerful – the more clearly they are a Threat to all Goodness and Life, and an afterlife not Burning in Hell.

That seems pretty clear. If you can not see that then I am sorry to say that you have been mind-raped into retardness and are likely self-destructive and destructive to all those you care about – raised and pushed to be so and worse, and often by those you imagines and believed they cared about you but were always actively Betraying you – Knowingly – those that never warned the males near them of such Monsters and the Growing Threat and Numbers, instead crippling and sucking-off the ignorance and lies fed and supported by

them and others – and to such a degree and extent that it should be standard procedure to stay away from all women not active Orthodox, that although many might not be fully engaged in the Demon Possession yet, the generations of increasing evil-Programming and mind-raping our own mothers, aunts, sisters, .. and Professionals have been silent about, supportive, or actively pushing makes them all 'ticking-time-bombs' and most of them would drop a Lover or Husband in heart-beat and murder your child [that you might not even know about] and Leach-and-enslave some other man for nearly nothing ...

And it is not getting better - of course.

—

Sad – the destruction of womanhood. What small percentage that – had we unconcerned with keeping the population going at a Western Society torturous based rate – that the rest of us better they all gone at a pre-menopausal age [18, 20, 25, 30?] given the constant evil-vomit they slurping-up because they too toxic and destructive?

-

Have you warned your sons, brothers, uncles, father, grandsons, co-workers, clients, students, or are you another one who is late for Goneness?

—

Oh, well .. it is sad this went that direction. But men in a Burning House need to stop painting the walls and Prioritize, and I suppose that is in play here.

I am impressed with James and the Significant point.

Works AND Faith needed .. and applies to so much – including the transition from learning a skill and applying it and Becoming Shaped by it .. the '***the hand that shapes the tool, that shapes the hand, that shapes the tool, that ..***' in mental and spiritual dimensions.

—

I was internally debating the back-connected debate of Rationality at 8 (Jewish Teaching) with a side trip in that as example of what needs to be further Realized in the Catholic Church, the 'Conformation' age and how sloppy and frankly Sick it is that that aspect had been removed .. Jesus completed the Laws but did not remove the Significant Aspects of Holy Human Beingness .. and it would be hard to take serious anyone who does not agree that ignoring the Celebration and Holy Ritual that was so significant to Jesus that he become a little disoriented and returned to the Temple against Sacred Law.

.. Seems a lot like the Apple replacing the Fig as Fruit of Tree divorce of Sacred Scripture and Writings that Satan has been directing against the Church – frankly.

—

And that reflections came about related to the Question of when is Death of any of us not Just.

That we are clearly here only by the Grace and Mercy and Charity [Love] of God and that although aspects of our Fallen Nature alone is not enough to direct automatic Death Judgement on us all from birth, most of us who have entered puberty and few from before have not gravely Sinned, and an unmerciful God would – and perhaps does for many many versions of us – Condemn us.

An interesting Character in that recent 3 volume book series – I mentioned recently with the Crippled Torturer - was struggling with his non-Natural aspect where he enters in battle often into a mode where he is death to all humans near him, and in this fiction universe where some form of magic exists it is more then only a emotional warped aspect – he is able to defeat the unkill-able that normally is untouched by regular fighters.

He becomes Death – the face-pealed away version of the Holy Ghost centered version of our soul where Dragons and Universes are Eatable with ease – where the Holy Simulation 'Off Switch' takes care of everything.

And yes, it is fictional but it is a fool that does not value the Apologetics Fruit that such 'Sand-boxes' and though experiments can and often produce – like recently mentioned about the details might all be incorrect but the Pattern is valuable .. like noticing that most of the successful Neural sub-Networks are of a class of patterns that would translate into sophisticated logic circuits and seem to work universally – the Pattern and the exercise and more is the value .. and yes, You DID eat breakfast, but that is not the point.

The character in book (The Bloody Nine) kills an older boy which seems unJust and I was balancing that 8 year old Rationality point and what little the story relayed – he was in the middle of a battle and involved himself and may have killed by then with arrows, and others factors such as his father's glory of violence and war .. anyway, that 8 year old point brought to mind that passage from James and connection to the difference and effects of Applied Will, Sin, and such that naturally follows.

—

Unrelated to the Teach and Indian and the crippling of children for begging I was discussing recently with someone how eating beef is so relatively rare I have detected a significant value of it in my diet that fish, port, and chicken does not touch, and wondered to my friend if there was something too the Cow Worship that the Indians (Hindi) do. I said it half jokingly to him, but I realized I needed to consider it given my Model of the Holy Projection of Lower Jacob Ladder Levels' Avatars aspect, and that of the 4 Beasts of Man as seen in the Book of Apocalypse the Cow-Like version would be the only non-meat eater and might be though of as the Service Aspect.

I was further reminded of the Saint F. Sheen's video on the Catholic Mass and the 'Chewing' and bringing into Higher Kingdoms – Jacob Ladder Levels aspect ..

.. also reminded me briefly of the demonizing of cows and eating them - the insistence of removing cows from our diet by Satan in this cntHell Witch controlled incubators of Damned Souls, souless Human-Cattle we are to somehow know we are – filled with self-hate and loathing to be tortured to death and eaten by the Witches.

—

Such Apologetic for the Hindi seems like a good place to mention again that College of Apologetics as a tool of world Peace and Establishment of world-wide opposition to Satan, and the beginning of consideration of an Abrahamic Justice System distilling the very Basics of Human-God Laws for us and our world that maintains healthy freedom & liberty in all aspects of Life - benefits all - and only the Satanic could oppose.

Something fun .. skip-able as I did not have time or inclination to go into details that would have made it better – and too many other important videos and comments following for those with time constraints to spend on this – but for those that do, I hope you enjoy.

This video about alligators in the sewer in Florida reminds me of my idea of introduction them into Burlington Vermont's sewers and water run-off systems with trackers and phone apps and night-vision cameras .. I had a pretty involved idea which could be a money makers and increase property taxes, in part because instead of roomers of them in the sewers – we know they are there and you can track them, donate and name them, and at set places – feed them .. if the phone app was something like the [Pokeyman Go \(archived\)](#) ..

.. you could go to the spot the alligator is and use phone to point down and see an animated version of them .. say doing different hings – playing checkers, drinking tea, or whatever the person who has donated the most that month – and name them – indicated they did most of when not moving around.

I even would have an alligator pit that had a limited protection from falling in – something the drunken students could dare each other and perhaps .. accidentally .. feed them. I though that a 2x4 board across it and a fee to dare to walk across .. all live fed to Web and if you fell in and fight a few to climb out – you know that would be seen across the world .. Joey – a Freshman UVM Student escapes near death fighting two hungry beasts and climbs up out .. and then here he is complaining because they got one of his shoes ...

It is late or I would outline much more I was discussing with fiends and strangers while people-watching sitting on Church Street years ago .. rarely but on occasion with parts of ideas added by others., ..

This week lot of good issues and current events discussed in reference to Law, history, relevant background, and similar.

Some VagFeelie Leftie vile false-witnessing cnt was upset because she was called as a lying vile cnts, and so must award money and-or destroy the men .. Trump .. this time but if you do not think that your son, brother, uncle, .. are not more easily destroyed by such Witches and mind-raped and raping society destroy cnts would destroy those you care about – destroy their families and likely the evil-vomit of Sick Western womanhood would not poison you life – women or not? Why she is not Justly kicked to death on the court room

steps by sane women is another example of why it reasonable to call you inHumans and virtueless cnts .. as a Class of Demon Possessed or evil-Programmed Animals shaped like humans. .. instead you watched and masturbated over the drama with yoru Witch friends – did you not?

Remember the 6 months rule. If not documented within 6 months – then automatically Known and actively Punished sufficiently as False Witnesses, and if no clear public shame & pain officially applied – then kicked to death by similar 'protected' people from similar class of people - because it is pretty clear you All are Lying unTrustworthy inHuman F-ing horrors that a Curse of us all, we all better you all dead at menopause then .. Especially as long as you all stay silent.

About Twitter – we can hope what Robert suggests about the new women CEO is true.

Interesting – I have been half following the Turkey Elections and I heard accusations at one point about 'Russian Interference' yet nothing about election manipulation by [selective censoring on] Twitter .. almost like corpDragons should be considered Nation-State and War declared against them and all the owners and executives and older women in families targeted for death if they do not surrender and all properties taken., ..

.. what a F-ing cnt Elon is, yes he should preemptively cut-off Turkey for the threat – instead of pretending to have been forced too censor. F-ing Bullcrap – it is more Satanic Puppet Show where each play their little excuses and have their scripts .. anyone ANYONE with that much Wealth and-or Power should have a death warrant over them for being a Satanic minions .. If the most powerful people started dying until such got better – how long would this evil crap go on .. the most powerful and every older women connected to them – and any cnt that objects (because like 'gun laws' if all those cnts and all the older women in families were killed every time they wasted resources over it .. would they still be blocking solutions and debates - still?) .. in fact if a person never had to or expect to have too worry about rent payment – it is like entire world better they Gone .. Satan Strap-on Sucking cnts or close enough to know they are supporting Satan.

Every F-ing day I see another reason that if the correct (worst) 1/3 [at least] of the world made Gone – it would not be unJust. God Demands Love and not Death – and Better from all of us .. It is Better to know and say that all in power over us would be better dead – and that they should Repent .. soon.

—
—
Some good news – although the proper assumption the modern Western women are lying slimy vile cnts filled with viciousness and hate – as many of us have run into too many times – at scary numbers increasing yearly as Satan captures more of their souls .. some possible indications are that perhaps such is starting to be understood – even if subconsciously.

Still – you think – who every you are – that you can decide to separated a father and children – the quicker you Gone the better – and if you are a State – the removal of the top 3 levels of every EVERY department and group, and most if not all the Witches – mother aunts older women in your families .. and F-you and die screaming if you can not understand how evil such is .. baby murder also.

What level of Justice must you witness to Believe – the hacking to death or feeding feet first into wood-chippers of other so F-ing twisted and evil?

God Demands Love and not Death – but keep such clear mistakes you making uncorrected and unwarned would not be Charitable.

About the lies – actual data on parental fraud numbers widely reported – checked with blood-types in the National Blood banks – and these are people the inHumans (by male virtue standards) acts like they care about, .. and the police reports of false allegations that turned out to be false .. those that exist are hidden and use to be able to be searched on Google., ..

If a Vag-cnt does not like something a man doing – Police are forced to respond because State is ruled and policies set by Satan and Her Golden-Calf Satanists. There VagFeelies allow them to murder babies and destroy families, separate fathers-children .. so our Liberties are nothing as long as their Cursed Breathing exists compared to their Satanic Evil Power.

The police pretend it is White-Knighting to [lie to self and] cover-over any comfortableness related to their honor, oaths, and the Satanic policies and evils they are required to follow – and should know they are doing.

It is that easy to understand.

What are you – Retarded? .. or Demonically Evil-Blinded [from crib]? not to see this clearly., ..

It has been [too] long time since I added his content – mostly because I have not taken the time to see his point of view to this recent version of CntHell we all suffering, and see if he can make some better sense about some aspect – or has some factor that has not been considered as fully as it should.

Did you miss him? I like to watch him in part because I see that at least someone seems to have Escaped the Cursed Suffering the West is being [Justly?] Punished through.

Why not call it Just? – some 100 Millions of babies legally tortured to death our babies by own mothers and Witches using our enslaved stolen money, generations raised to be inHuman horrors, constant wars-homeless-abuse of benefactors and virtuous, children-fathers allowed to Suffer .. as well as womanhood allowed to turn into Human-shaped Things that sadly too many if Gone would result in a better world, they a Curse on themselves and everyone else, .., so many evils and insanities, and yet you likely think most of those horrors and such are normal or will once that Demon-voices is given a few minutes to help you forget and-or demonize me and all who mention such – dropping an IQ point each time and enslaving your mind even more., ..

As Ernie ranted on about how Jews controlled the entertainment industry, Bert could only clench his fists and concentrate on his breathing. He knew they were fired - now it was only a question if Ernie would stop before he said something that would get them killed. As Ernie's rant veered onto the subject of underage girls at Hanukkah parties, Bert realised they were screwed.

"Well, we might as well put it on board—although I'm not sure what use we'll have for a box of rusty nails, broken glass, and throwing darts."

The final stage of awakening is understanding that their ultimate goal is not just to destroy America, but to wipe out the white race.

They aren't flooding the border with minorities to rig elections. They already have that under control.

They're flooding the border with minorities so white people become the minority in their own country.

Utterly sickening.

There are moments in life that define us. Moments we're given a choice between right and wrong. Moments that determine whether we are men of honor or mere cogs in the machine.

Daniel Penny had one such moment in the New York City subway on May 1, 2023. On that day, Daniel Penny proved himself to be a man of honor.

What we see in this photograph of Daniel Penny in police custody is the moment when every single cop had a choice between doing the right thing and doing the wrong thing.

And every single cop chose to do the wrong thing.

Kindly spare me every last ounce of...

~ *"They're just doing their jobs."*

~ *"Those decisions are above their pay grade."*

~ *"They have families to think about."*

~ *"They have bills to pay."*

...and any other excuse for us to keep cowering in fear. To participate in the total destruction of our own civilization. To do nothing.

Spare me the Sean Hannity lapel pin talking point about how *"99% of the rank and file are good people."*

Spare me the absurdity of all absurdities about *"trusting our system of justice to get it right."*

"But you know some of those cops didn't want to do it!"

Right. Because they know it's wrong. And they did it anyway.

"But... but... but... those cops have kids!"

Yes. And those cops betray their own flesh and blood when they go arrest the last guy alive who was willing to do the right thing in the country that their children are supposed to inherit. And in the coming years, when those cops' children are shot, stabbed, and raped in the same city those cops so proudly "serve," won't those kids be so proud of their dads for putting a stop to anyone willing to put a stop to violent mayhem.

"So what do you want them to do?"

I want them to do the right thing: Refuse to arrest Daniel Penny.

I want every cop in that city to say "no" - and tell that sack of shit DA Alvin Bragg that if he wants Daniel Penny arrested, good luck doing it himself.

If evil people issue you orders to do what you know is wrong, and you dutifully execute those orders, what does that make *you*?

Hey - I understand - if you just do what the boss says, you won't miss the big game on Sunday. It's way easier to comply with evil, forsake honor, and catch the game than it is to say "No" and deal with the consequences of doing what's right.

So stay comfortable. Don't rock the boat. Keep going along to get along. Keep following orders from the worst people on Earth.

And then keep asking why we have so many problems without ever once looking in the mirror.

Yes, the people at the top of the pyramid are the biggest problem - but the compliance of their foot soldiers - people we're face to face with every day - can no longer be excused.

Whether or not we're willing to face it - we are in a life or death struggle.

There are no more excuses.

There are no hills left to *not* die on.

One cop - *one cop* - needed to say "No."

One cop needed to be willing to put his own ass on the line because it's *what's right*.

From there, it either sparks a chain reaction of *what's right* - or it sets that cop apart from a sea of cowards, consequences be damned.

But we don't find out if that chain reaction would have happened, because *not one cop* was willing to do *what's right*.

The epidemic that plagues our society doesn't come from a lab in China - it comes from within ourselves. Our nation has devolved into the largest collection of eunuchized cowards the world has ever known. We allow ourselves to be held hostage to insanity in exchange for fleeting comforts that our posterity will never know. Few appear to understand that the restoration of Western Civilization might conflict with the restoration of their hobby car, and could even result in interruptions to their streaming sports subscription.

When one of us breaks free of our shackles and does the right thing - as Daniel Penny did - the physically weak but institutionally powerful pinworms in charge unleash the full power of their

corrupt system to extinguish the name of strength, righteousness, and order, and remind the rest of us that doing what's right will *not* be tolerated - **especially if you're White.**

With all of my heart, I wish nothing but the worst for those who comply with this inversion of reality.

It's time we make shame great again.

"It is the first responsibility of every citizen to question authority." — Benjamin Franklin

Franklin may have said it first, but the last two words of his maxim were popularized most by Timothy Leary, who Richard Nixon called "the most dangerous man in America." After Nixon was forced from office, the words "became arguably the most accepted form of ideology among baby boomers," says Wikipedia — which itself illustrates how authority has been diffused in the last 50 years.

Going forward, the policy of every Republican State regarding victims of Soros-prosecutors must be thus:

- 1) shelter them
- 2) refuse to extradite them back to any Soros controlled jurisdiction

In other words, asking people to “donate online” is NOT enough
