Good Friday Morning,

May the Spirit of the Gospel and the Holy Word be Always on our Tongues, in our Hearts, Minds, and in our Hands.

Holy Virgin Mary and All Saints - Pray for us!

—

Index Number 1702:

—

In this morning's prayers and meditations I touched on some interesting Catholic Doctrine Apologetics, such as Infant Damnation. And a large number of other inSights, and some of them are; ..

1. **Atheists verses Satanic-Wolfs** disguised under the label of *Atheists*,
2. **Discernment of Holy, Sacred, Profane – deconstruction system** for *Theological Categorization*,
3. **Sin related to God, .. Master, and us (Avatars)**,
4. **Practical application**, upcoming society-wide planned contrived emergency.
5. **Recent Demon Encounter**.

—
—

Let us jump-in!, ..

—

1. **Atheists verses Satanic-Wolfs** disguised under the label of

Atheists

I mentioned recently again my concept of a College of Apologetics at the Vatican, in relation to Leveraging the God-Willed Generation wide destruction and Take-over of the Catholic Church through the Leadership that is clear since the late 1950's and likely started in earnest with a foot-hold early in 1940 – a system of destruction that has been mirrored in every major Western Institution and (and Through, in part) Motherhood and Womanhood – including Governments at every level that has significant control and ability to Threaten or hinder the progress of suppressing Rationality, Virtue, and systematically driving away all Goodness and Hope, us and all we love or could love into Hell.

-

This College was mentioned in Post, **Multiverse Journal - Index Number 1700:, November 2nd, 2022, Wednesday Morning, The Feast of All Souls,..**

Let us differentiate the Atheists from Satanic-Wolfs disguised under the label of Atheists as those who clearly Value Truth, Justice, and Order in that priority – or able to argue why in different priority or why a state of disOrder would not result in unTruth and inJustice.

I use that example about disOrder because an better Realized Truth might lead to a change in the system of functional Justice being implemented - and so result in disOrder while the new Truer System is worked out.

But those that destroy and disOrder – which we see around us – under some excuse of better justice, like not applying laws equally based on .. some vomit excuse.

The system and those in charge is unTrue and unJust and every one in power and supporting should be considered suspect. There is some form of Evil Profit, and likely each minor person involved is active for that Evil, or unaware of the larger evil but benefiting and- or likely to be punished or destroyed if oppose it, or unaware and have real plausible deniability.

The corporation sub-contracted to clean the offices, and the people who do that would not likely be part – although should not be considered as unknowing about it or some problems – for example a cleaning person might have noticed that it was likely or reasonable to piece together from things he noticed that the State Family Services [for example] were involved in trafficking the child the take guardianship, and may later have reason to believed that some are disappeared – in Satanic Sacrifices for example. Then reasonably assume that at least some including the management are Actual murdering Witches.

And they might realize that such knowledge puts themselves at risk and Proper Prudence [like Seth Rich did not display in a similar situation] and self preservation as well as all he loves depends on him acting like he does not know (and getting away from that situation and the people involved.)

2. Discernment of Holy, Sacred, Profane – deconstruction system for Theological Categorization

-

Recently I mentioned this and hinted at such can be a System of Theological Categorization and of some value. In Post, ***Multiverse Journal - Index Number 1695;***, ***October 28th, 2022, Friday Morning***, ..

.. And so by examining each in relation to the other – including the other's possible over-laps and so the resulting Difference – when

Codified in a procedure – and be applied to anything else. And this would and does work for many things that are otherwise you might not think to compare – yet value exists (in terms of the full Platonic or other Holy Forms – meaning the non-physical aspect of the things, such as the 'sit-ability' of a Chair)

You might think that the Sacred is only something containing Holy-Aspect and Profane-Aspect (that it exists here in this Holy Simulation - in our Reality) and something Truly Holy could not take Physical Form.

.. the Body of Jesus before His Resurrection should be considered Sacred because, and it follows that being the Image of God - manifested in the Profane would make it so .. as all us Humans are, but on Resurrection and after He was Holy and 'borrowed' Profane aspects to Serve Him (and us) – to paraphrase “Thomas – put your hand in my side, and Believe.”

But is that all that is in the Meaning of 'Sacred'?

The Codified System would make us ask 'what remained – if anything – when we Subtract the Holy and the Profane in something Sacred.'

.. and in this case we may have defined it totally only in those terms and so the answer is Nothing, but if we apply it to a separate Concept, like Scientific-ness .. since it helps us Know God, is there something not Holy about it? Is it Sacred – then?

Applied – as my previous example in post suggests – Secular, Scientific, Cultural, Temporal (,....).

But could be applied to a wide variety of concepts.

—
—

3. Sin related to God, .. Master, and us Avatars

This was considered in relation to something like Infant Baptism and Damnation. Which would likely be objected-too by many Catholics, and likely All Modernists because of VagFeelies. Perhaps it is possible to Return better Communion with The Body by showing how something Might be palatable – to give an example of how and so it reasonable to imagine that to The Word that some other True reason exists, and those ruled by VagFeelies can then first be in Line again with the Faith, and so also See that their Heretical position based on Feelies is Wrong and a danger to your and other's souls.

I was considering my Model of the Holy in relationship to the above Theoretical Differentiation System related to the Difference between the Master (or the Village of 72 Virgin males, Avatars of Master – then expanded to 144 males & females) – Note the 144 in relation to the 144,000 mentioned in biblical reading from Book of Revelation mentioned in Post, ***Multiverse Journal - Index Number 1700:*** (URLs above)

The question I was considering that with such Understanding and Control over Satan.exe – those System Calls that allow for manipulation and control – under Holy Authority and Risk of Judgment from the above Masters – those Truer, more Just, and Ordered as Holy Defines and Enforced by Archangel Micheal, ..

.. with such, what difference in Actions constitute Sin and so for the Master a Drop in Jacob's Ladder Levels and other aspects. That is from the reference of us. What aspects would cause us to Sin but would not be a Sin for A Master?

My mind fell towards all those Sins of Action but based on Good Intent. And also considered the doing a Small Sin to prevent a Larger future Sin.

.. we know that the Second one is Never Right because it .. basically is an unJustice to God. That 'the future' to God does not matter – basically. Every moment being Eternal and so that Offense might be Excusable to many degrees and perhaps all we Sacred Humans in a Profane reality might have to do, but it can never be Right – except in Temporal Relationships.

But since one of the Master's Function is to Shape our (and hHis soul) into a more Holy State, hHe Must give us the Option of Sinning – that the Holy Simulation must contain a Failure State for us, where you and I would never knowing leave a loaded gun in sight and access to a small child – and doing so and expecting or even considering it likely enough that the child might hurt themselves or others, yet me may leave the older child exposed to a burning candle flame, and perhaps expecting them to learn about it and the Pain and so the Damage such a sensation might make.

—

I mentioned infant baptism and damnation.

I left a Foreshadowing of this (to myself) when I meditated and then mentioned the 'Burning Away' of a soul in the Fires of Hell to the infant-Christ State that an upper Master might do to a version of us to recycle it and used in a New Conception. That I suggested that the Holy version of that soul would then contain that versions soul, and that the new born and through life would (normally) be blocked from remembering such, and as the Sins that sent that version to Burn so extensively were then Manageable by that souls version in the higher Jacob's Ladder Level – the memories would be Awaken .. as I sometimes have memories of the memories allowed me from Past Multiverse lives and Paths.

There is enough testimonies in history of people who have been allowed or managed – usually after a Psychic Death or other Trauma – to have such to some degree or more.

The only thing to add is that what little Suffering such a soul would get would likely be taken-up by the Redeemer – such as those Aborted like my Daughter .. that since the infant Avatar is a copy of the Master – the ILamb version of hHim would be aware and

suffering – as likely the souls of all involved in the action in a manner that reflects the degree specified – if Judged so, after the Day-of-Bread's end at Sundown and perhaps is Suffered Before Solar MidNight when The Son of Man Comes and Judges.

The 8 year old age point is Significant in relation to this. At that point the soul is at Risk of Judgment for their choices. With the Mercy and Considerations which the Holy Applies, of course.

And so I suggest such a Doctrine of Infant Damnation is possible to not be as those who were upset about it might feel. And that although details or even in it's entirety might be wrong, the Significant aspect is – like all the Mysteries and seeming impossibilities or outrages and seeming Offenses against Justice, it is very Possible that otherwise reasonable methods and systems circumvent such completely.

And so my Hope of a College of Apologetics and at least a sub-Department to include Atheists' perspective, and so we all can Enjoy the God Blessed Holy Gifts of Intelligence given to those who are non-believers and may only – at that point – approach from a computer-mathematical AI or Simulation angle. Imagine all those Asians, Chinese, non-believing Ashkenazi Jews, and so many others, along with those who label themselves such as a Skeptic although 'feel something' and will not commit - all who that once Oriented properly at the concept – can not only contribute in many ways, but come to Understand and Believe.

4. Practical application, upcoming society-wide planned contrived emergency

I bring this up because during Meditation this morning another 'Piece' fell into place to suggest to me a soon contrived Western Wide emergency.

in Yesterday's post (see PostScript for URLs) was a video that helped put into place what I suspect is a world-wide plan being worked on. The video of Roy and the following one he referenced about that Oil and Energy is being Purchased in great levels from Russia and others – and so the supposed shortage is actually because those 'in-the-know' are filling whatever local and regional stock-piles.

And because the clear dishonesty of this we can assume it will be another Action of Evil, the Rulers and there Minions are planning to cut-us off of energy for long enough to cause the Goal – population reductions and tighter control on all and rewarding – with access to what we have today on fuel, food, electricity, .. to those who actively help and some to all who will Submit (or Have Submitted and not pushed-back on there evils – so many of us are targeted already.)

—
I foresee a period of rolling blackouts for the electrical grid, even though stockpiles would be full, as part of this.

And this would give those who want an opportunity to learn exactly which of the 60 families are in real power in each State. .. by following the electrical patterns. Those not subject to rolling blackouts, Especially those in Rural areas far away from power supplier (so huge line-loss) would either be part of those families or live near.

The rural aspect for around Burlington Vermont comes to mind as besides being the Center of Evil and Elite and Witches' homes easily communing distances, that if past electrical pricing is a real indication of loss in wires, that the further away and still getting (continuous) power the more likely they are part of it.

One would expect that places like the power companies and distribution centers to have military position – or active armed guards, and may already be unwilling to allow [anymore] people to know how full the stock-piles are, but those who watch trucking and train and shipping might have seen an increase recently in activity.

—
I is my hope by writing about this that if and when it comes to pass, You might consider some of the other things I am writing about in a different or better light.

Repent and Seek God.

—
—
5. Recent Demon Encounter

I have reason to believe I survived an Overt Demonic Attack recently, that ArchAngel Micheal came between us and the man carrying the Demon. I am Glad I do not need to avoid or fear the Carrier, because I like him and feel sorry for him and hope to be able to help.

Something happened, and I had THAT feeling that '*I would be shocked-surprised-amazed if I was allowed to remember*' rare feeling I get when something Holy Related happens.

He – the Demon Carrier – once suddenly made an excuse to stop talking to me after looking at something behind me – kind of 'off in the distance' so I suspect he actually knows he is carrying it – even if most times he is Blocked. Definitely Enslaved, and I ***Ask the Holy Ghost to Inspire me to assist him in a Helping Direction, in Jesus Christ's Holy Name.*** .. perhaps this post and related might be it.

—
After-all, Having Been and Being Trapped or Entangled within the Folds of Multiverse Recursive Dimensions aught to be Good for something.

May this be a Blessing to you and us all. [And all our Futures, and future Multiverse Pasts.]

I got another Facebook message about another contrived offense '**Bad Thought**' indication and they want my personal version of the '**Crack-Head Granny-in-law screeching and Pissing Herself Demon** in my mind – like the Demons that Big-Tech, MainStream Media, Teachers, ..,and mom-aunt-grandmother Shaped – the Punishment that my version was not in sufficient control of me .. and likely soon no food, water, heat, electricity for me!

See images. It is Bullying to put a meme up suggesting that Nancy Pelosi's husband (**God Bless them both, and wishes for a quick return to full heath for him – and her**) that he might be a drinker and was planning to get 'hammered'

I include such as 'Background' so history and Multiverse can understand these events in a wider view, that such is widely talked about and understood, that the False Created history and presence is unTrue and so more showing the hideous evil those in power are .. in defense of all our souls, like the souls of those who lived and fought in Germany in WW2 and accused of horrible crimes that many were likely not intentional – starvation deaths for example – and to cover over others or make excuses like the fire bombing of Dresden or the intentional murder of German soldiers in camps by us.

.. so when your son or grandson who might have committed suicide is considered in future – the years and decades of Witch targeted and general vomit-filled co-workers and 'regular' women, along with mother and aunts and such who are barely human (not to have warned or helped him in any useful way he needed – like with Truth about so many vicious slimy male-hating lying coordinating evil women all around him) – those F-ing nightmare crimes are not forgotten and his death is put into perspective as he driven there – and powerless in intended helplessness and ignorance from those F-ing mothers and other vile womanhood near him, them.

May God Have Mercy!

.. So many things to consider related to dealing with Satan and Her Witches.

The Statistical Karno Maps (Karnaugh map) method is very useful. Easpecially as 'the statistical' and be considered Quantum Data, being either both False-True Or [-1,1] - that is all the -1.0 to 1.0 in value at same 'point'.

Anyone who argues any point of censorship and related to #FreedomToHear interfering – besides clear Criminal Speech as defined in standard present law – should be assumed to be Demonically Oppressed, and if trusted by you to any degree is done at own Risk of Judgment., ..

.. Like actively supporting Euthanasia, baby-killing, and father-children separation – a clear 'recorded' attempt of Informing and Warning, then if they continue a Corrective measure – Ideally a Record in #PublicDataBase or open warning to others who engage with them, or similar .. not whispering, hiding and slimy-like, but a clear statement ideally while the person is present – 'After discussion and warning S/he is still pro-baby-murder and so I consider her Demonically Oppressed and I do not trust her at the level you seemed to be [about to be.]', ..

About the editing of tweets – GAB allows but GAB needs and Tweet and all such Social Media should make older versions easily available and Numbered, so if you respond or re-tweet 'Quote' a entry – the original is what is displaced and for the edited version that a simple button on corner – for example – would allow a cycle-back through versions.
