If you can tolerate the twistedness of Academics that are just sure that police shooting minorities for fun, without concerns, that racists are everywhere and people actually try to be in some kind of Racist in-group, and similar Brain-F-ing that results from being too close to University filled Witches and #MaleHating cnts that twist our minds to destroy and make us Suffer in confusion, and/or in choosing wrongly and failing because they intentionally GasLighted you, etc. so they can enjoy the evil, the suffering, homelessness, deaths, and suicides,..

.

I've seen Academics who actively researched these issues with such preconceptions, and discovered they were lies and unfounded, intentionally! - so changed political leanings because they realized the putrid evil of them, and the Evil that Festers in 'Education', the Witches and their Satanic Minions,..

.

.. I've seen these – why haven't they, or .. you?

.

If you can stand listening to the victims inadvertently turned perpetrators in amplifying and spreading of lies and evil, this is a good video.

The Ring..

How many would just put it in a cabinet (or dishwasher) and ignore it until God Directs it's use for His Service?

.

.

Oh, the trolley thought experiment!!

.

I always considered not getting involved as the correct response.

The argument is shaped like this;

.

What if you were not there at all?

.. Your response is 'Correct' by default.

What if you were there but just didn't notice what was happening, or that you Could do something?

.. again the same.

What if you were there but took to much time to decide, and so did nothing?

.. again the same.

.

With this you can probe the meaning of Consciousness..

.. You're there but is sure you are dreaming it, for example.

.

If – like in a thought-experiment – you turn away or change thought-Path in mind, does any one get hurt?

...

This reflects an aspect of the Quantum Realities of Multiverse, and God's Inclusion into Creation by 'Looking' at them, allocation Grace and Quantum Collapsing them, and allowing us – through our choices – to expand Creation, together with Him.

.

.

I like the Ship of Theseus ..

https://en.wikipedia.org/wiki/Ship_of_Theseus

.

Especially the bit where you keep all the worn pieces and put them back together to make 2!

.

The answer is .. yes, you now have 2.

.

The slow single pieces exchanged eventually take the replaced property though function and position with the remaining. The rebuilt is actually arguably less the real one, because it's property of function and shape was not continuous, although every piece was from original. It's as much like the original as if you dissembled it completely and reassembles it immediately, but both having (temporarily) lost it's Entireness property.

.

Of course the real question is what is meant by 'the same' .. are you 'the same' person you were a minute ago?

.

Not really.

.

.. so it's a throw the cat in the running bath-shower kind of situation ..

.
 .
 His concept is used a lot, here is a less widely used example ..

 I would respect those professing Communism if they embraced the Poverty it would bring to them (us all) as an Offering to God and Man. But it would seem (mostly) they instead seek to Steal and crush those that Create and Build.
