Is that suspicious?

This morning I broke from my normal prayer and meditation routine to try to document some aspects of Holy Human Sexuality I have been considering in the last few days.

Yesterday I spent a while considering what it must be like as a young woman who recently entered womanhood to have an older man seem to sense her – to naturally respond to her spiritual wondering – a very real Probing she did not understand is something that can be Felt by others – the spiritual equivalent of putting her hand on him – and hand with a Note that says 'I am Considering what it would be like to Be with you.'

What it would be like to have this man respond in a way that not only says – I Felt that, and I understand – because I was once your age with Lovers your age and was too foolish and shallow to realize the Depth of Offering and Giving that came my way, in part because she did not realize it either, driven by her new womanhood attraction to a man she found sexually attractive and aggressively pursued. Aggressively as a woman.

The Probe that Asks – why are you different, not just You but as an older man with experience and a wider life, what is it like to be away from the shelter of parents and cleaved as One, and .. and many other questions.

So yesterday I pondered that and to how it must be to interact with such a man when he Notice such a Probe .. how it must be like what I felt this song did a good job of describing, ..

.. I would imagine it would be enough to make a young women blush if she found herself talking with him in public with others and she reflected how Naked she might be to him.

Of course he would tell her to please look elsewhere, not as a Rejection but in practicality - age being larger then society would generally allow and although some states would allow marriage with parents consent - I think - and unmarried engagement would not happen even if such would be desired, which is not the case I feel – Sexual intercourse would be only family and One Flesh oriented. That social issues and health reasons – length of life in particular .. and other aspects such as my Service to God, Church, Man, Nation, Selfishness, Creation, and as God Wills, and financial aspects.

Although I did buy a Lottery Ticket and suggested if He wanted such .. that would clear waiting a few years more as I put together a good HomeStead set to Survive & Thrive (God Willing) the Coming Days for a family.

At those odds it would be arguably a Sign – if not Secularly manipulated, of course.

And such should not limit those that are young, in love and Faith, and not physically limited!

.. we will have to be content know that in other Jacob Ladder's Levels we are already One Flesh with huge families Closer to God. Have Faith – God Loves us and wants us All to be Happy and Closer to Him.

That was more of a tangent then I expected. I wanted to go into my reflection of older womanhood – in particular the Pathologies of pre and post menopause - in the Spiritual Dimension.

Many will know with the Concept of God creating All out of the Firmament – the Water or Ocean.

I have argues that this Ocean is the Infinite Quantum Realities, and God's Womb (Uterus) as the Garden of Eden was part of.

And I had discussed the concept that in our Reality that the Ocean

contains all the basic elements from which any Physical Object may be created in terms of possible physics we understand .. a Battery's atoms – if enough Ocean was sifted through – could be collected, and if we had finer control over forces, measurements and computing power and a proper Form (the final physical form as well as the recursive physical manipulation routines, control structures, ..) - analogous to a sub-set of The Word and a device to Speak it.

Many have grasped this concept and have come up with ideas such as the Star Trek 'replicator' – perhaps using pure energy to create the atoms while assembling, or in fantasy a being with some form of Holy power reforms objects, or seems to create them from nothing .. we have long been comfortable with such concepts, and I could argue it is because many of us are not far from Being at the Jacob's Ladder Levels where to Speak Jesus' Name while framing a request and image in our mind Creates such as imagined, or at least been in the presence of such people.

—

Such a concept of the gross physical manifestation might take the form of a ocean ship or a sea-shore factory which pumps great quantities of element-infused sea water through and collecting, separating out, and gathering into useful industrial useful forms, and in a concept of recycling something akin to a stomic might be created where old land-fills and new garbage is thrown in and acid-base treatments are used along with Electro-Magnetic forces and physical agitation to reduce such garbage when added to water – into a rich soup that such 'sea water' sifting processes could work on.

.. And so as our understanding on how to measure and control finer and finer clumps of elements such physical devices could be produced that approach that ideal .. for those without Faith, still enSlaved by the anti-Logos Forces that reject God's Love and would try to Create with themselves as The Center, living forever Suffering themselves.

—

But I was to discuss the Holy Magic of womanhood. The woman as Degenerate (Sub Set of) Man Who's soul is Free to dive deep into the Infinite Quantum Realities (under Holy Guidance) and Shape the Souls and Beings, not [as] limited as Man is to the limits of Order, Truth, and Justice, who does not Collapse the Quantum State too early to Grasp that which is needed to Participate in the Creation of new souls and bodies, such Blessing to God, Church

Man, and [Right Ordered] Nation, Self-Neighbors, and Creation, .. - whatever God Wills.

One can think of her regularly diving into this Ocean, an Ocean filled with Chaos and some Danger .. to return and Bleed away that which was shaped and not used .. not forming into the Support Organ of the growing Life, and Bleed regularly as to remove that which can only be effective if Fresh, and will be pain and poison if not discarded, to Bleed through much of her life as men are sometimes required to Bleed in regular sacrifices and sometime Death in support of God, Church, ...

I had some Reflection on the Dangers that such Depths dived into Chaos would produce – frequent interactions with things that most Men would never encounter, and the Danger of being so often unLimited by Truth, Order, Justice or the Spiritual Freedom to wonder further High and Low, and how Father, Male Family, Husband, Patriarchal Society are needed for such frequent whimsical Travels.

And the final ending of such – how that could be a Blow - too much for many, especially when confronted with 'What Could Have Been' and no longer Possible [but by the Grace and Love of God.]

.. one of my regular prayers are for couples that are unable to have children. I had an Uncle that was such a huge positive influence on me who they were unable to conceive and so went childless .. he was a teacher and I believe she was involved somehow and his Steady Quaker Spirit settled me and left an imprint on my soul that only a fully engaged father might have done, and all in only a few interactions for a few hours each .. so I know God's Will may bring Barrenness on some to leave Room and possibility to be Filled with Spiritual Life.

That is enough for now – that last remembrance is so bitter-sweet that it is Painful.

May this be a Blessing to you, and us all. [And all our Futures, and our future Multiverse Pasts.]

Here is what I put-together yesterday ..

.. I hope this also is not Censored as Monday's Facebook Post was.

If you would like to provide feedback to Facebook or those with Power about how you feel about your taxes and public resources and legal immunity (as publisher) used in such a disrespecting (to your and other's dignity) and the damage to others and the future in such a Digital Public Square, the intentional re-forming future history into their Satanic unTrue Lie – that in yesterday's post (see

PostScript below for URL) contains a 'reference number' that can be used – although I suggest only as an example, that you resent being treated like a child, that all legal speech that is not intended to disrupt (such as spam or intentional repeated interruptions) should be unCensored, that they are fraudulently & abusively using the legal immunity meant for protections to allow Freedom of Speech – and that the fact courts have or may side with them is an indication of the unJust Horror and Evil that our Justice System and entire political system is under, .. for example.

That you support and feel import that Speech and your & the Future peoples Freedom to Hear – regardless of the legal content.

.. If you would like.

Evil-Zionist Catholic Leadership has pushed the evil-Poison injections as a 'Sacrament' .. needed for Salvation., ..

.. this content creator (Alison) towards end reminds of the power of
being victimized – like many fathers who's children taken from them
– once they recover many could spend every day making a different
(o trying to) to prevent such festering evil – some to the point they
could spend a hour or two each day – if given an change – hacking
to death those that empower and do such – entire courts systems

and all the powerful that push such evils to destroy womanhood and society and families.

Such would be Wrong – at the level that killing those attacking armies trying to ransack your village and kill all the men & fathers, rape and enslave all our women and castrate and sell off all the boy children left alive.

God Demands Love, not Death - And He Demands Better from us all.
