Good Friday Morning,

May the Spirit of the Gospel and the Holy Word be Always in our Minds, on our Tongues, and in our Hearts.

All Saints - Pray for us!

This morning I spent some time Meditating on my post content yesterday (see Postscript URLs), that this reality is a screen at which many previous and perhaps future realities are splashed on-to, like Waves – a kind of interference pattern.

I have written in places of my childhood when we lived as a fairly big family isolated in the nearly empty housing development occupying a huge chunk of woods – with other year-round families and eventually one or two over time – my love of going to school to engage with friends, and so much time playing away from family alone in the woods, the 'gravel pit' - it was nearly entirely sand with some stones, and my Landscape of imagination – some green army men, twigs, branches, string and a chunk of time produced wonders I look back upon now – to be destroyed and 'the bodies' collected to live again either then or at some other point, the occasional plastic model or other such allowed me to shrink into a smaller version in my mind and live the life of a '**Robinson Crusoe on Mars**' ..

.. Mars - or a distant land, planet, .. and a GI Joe stimulated shoe-box glued spaceships or tied to kites (if I could not ride a huge kite then my substitute could and I would live vicariously through him!), and ...

But I got side tracked – even today that seems like a magical life, and I recall once Asking God if I could live-forever, and it seemed like he was waiting for me to Ask .. I recall I Asked one Spring day - when I had a broken whip-antenna and was using it to 'trim' a tree stump of early little shoots (more fun was the fan-like ferns) where the 'sword paths' would cut a plane of material and with skill much fun in 'trimming' such – although in my over-zeal I typically over-did it (“3 more times is Eternity”), but let me get back onto the topic intended.

In the mostly center of the sand pit was the low point where water collected and being a relatively flat area a bit of rain and road side run-off (creating caverns in the sand – which prompted green army

men scaled bridges of sticks and string and leaves and ..) and often the puddle was very big and I spent a lot of time throwing stones into it – and any puddles on sides of road and .. everywhere. Still water and the patterns of waves, the exact placement & timing to create effects desired (two or more waveforms meeting at a stick jammed into bottom, and the timing and placement of the stones .. I threw more stones in my life!)

If I were of an indigenous tribe I likely would have been called 'Puddle Watcher' or some such.

—

And that is what this Reality feels like. That I Exist in overlapping waveforms – and this entire world is also, where the dropped stones are Holy Changes which cause Quantum Collapse and resolve into what is experienced by me and us all.

.. I have discussed that although I sense I am the Focal Point of this entire reality – that we ALL are, and the seeming paradox of this .. that we each have a Greater version of us as Triad (Prince, Prophet, Priest) that our Holy Maturer much much timeless older versions are the Master, Programmer, and .. puddle .. the Sacrifice – the Lamb whose soul is the Quantum Collapsed Canvas.

Often we limit ourselves to the model of the here and now as solid and the thoughts that one could sit and watch a painting you just created change as you slip through the different paths that exist where you made different choices in colors, shapes, even entire topic seems far-fetched – or that you could decide to 'keep' one version because you liked it best – limited only on the application of whatever skill level you have at your best, and that you could go through life ALWAYS doing that, avoiding realities that are

unpleasant or worse ..

.. I was reminded today of some of my memories – glimpses of situations so intolerable that my very Being moved away from them .. my son as a toddler backed over with trucker, car accidents where I looked back to see, .. or walking into the living room to greet my father and step mother returning from work and momentarily seeing them standing there looking at my dead body and the horror a 357 will do it you play Russian Roulette only once (as in all things – all chances are-may-be realized, and that the Reality of Me alive drew them to me and away from that.

After a – likely infinite – number of those you start to get the feeling of the True Shapelessness of the Infinite Quantum Mind where there likely exists those Realities Centered on my father (as Prince, Prophet, Priest) or step-mother where my walking into the room getting their attention was to them like the reality I walked into and turned to ghost – a fragment of a memory quickly disregarded as not real .. and that life (But by the Mercy, Love, Charity, .. of God) would possibly be lived out by them.

.. And I think that is in some sense how we can be Both the Center of Reality and a side-Character to others .. that the Holy Marriage and 'One Flesh' is a holding together our souls and after a life or togetherness and children and .. that a New Soul is Shaped – or start to shape .. perhaps to be Born Together .. and so Union and Communion and Love and .. may be Realized.

—

I have written that I have at times recalled dying so many times it is a Wave in itself – car crashes, falls, killing blows to head, .. and those are only the ones I recall because I was not so drunk on

alcohol or other mind-altering, asleep, the suddenness of a bullet to brain, etc.

My through this morning was to expand on the living forever bit to say that it alone is reason to Seek God, otherwise as anyone who has spent time with self going over some of your sins, mistakes, .. in a coldness and perhaps Sober – more through God's Eye view, realize that those are and will always be part of you, Scars and mutilations of your soul and Vales might at times allow us the freedom from the Horrors, what is more needed it to Become the person who you and God knows would never do those or anything like those again, and ..

.. and this is where 'the many versions' of us come in. I have talked about it in the past – that one of the aspects that allows a small part of God – which we all are at the core – to Change is through a type of 'Moving Average' that we are divided at all (or most choices we make – and sometimes do not make) as with those Multiverse Paths, and each time you actively strive to be Better, suddenly all those future versions of the Spreading Wave ARE Better, and although there are almost always periods of our lives where we make really bad choices, the Loving Response of experiencing the horrors allowed by the Holy usually for most aspects of our versions turn us around .. so if you imagine a wave half-way to the edge of the puddle and consider the expanding area that is fills, that at any point on that outer edge soon become a significant chunk of the edge that hits the end, so that a wave that at some point 'went bad' and stayed that way for a while then changed – the new and remaining area soon becomes much larger then that other part – in fact given the infinite nature of our souls, any positive change soon brings us major percentages of our soul Better.

[Updated: Thanks to a replay in my SubStack messages - There is a method already it seems.

I should have looked harder!]

Here is a copy of a comment I left with SubStack related to upcoming Q&A they are planing for those content publishers/writers. I think all who create content for publication should want and expect this from all platform.

“I would love to know what work - if any - has been done to get a download Zip file of all content - like Facebook allows.

.. are there plans to implement this reasonable and likely much needed feature?

I have had a huge amount of work removed from access because of the Whims of or new standards applied, and it lost - as I am sure everyone who discusses anything of Significant is concerned about .. beside a few incidences from this Platform with me (which was cleared up) it suggests that a turn-over of [To!] psycho BlueHairs from our twisting Universities .. in 6 months - for example - or a

similar change of management or owners 'conversion'/'virtue-signaling', appeasing public howls that SubStack have content that suggest or questions {add your hot topic of moment} following threats of deplatforming of whatever system you depend on - including banking, internet serving, .. [see GAB's Censoring by such Evil owned horrors they had.]

I would love to hear about such a feature or related news - as I am sure many other would [be].”

Mothers – Stay home and breast feed .. anything else is life-time traumatic for babies, and bad for mothers. The continue to raise your children when this is passed .. we pay enough taxes that if we not spreading death war and horror with our taxes and resources – then perhaps we could have a better lives for us and our children – and the rest of work not being murdered and bombed by the evil-Zionist Satanic Machine of Horrors.
