Good Friday Morning,

May the Spirit of the Gospel and the Holy Word be Always in our Minds, on our Tongues, and in our Hearts.

All Saints - Pray for us!

Alright. I had to do a lot of updated and 'DropBox' printing, and long ago lost my good connection to the Infinite Quantum Mind I had this morning – mostly because of this tedium of trying to work around our crumbling Western Institutions and the reason so so much extra work is needed.

.

A Sad Waste and impoverishing to us all. This is what happens when Truth goes – Trust in our public and tax-payered supplied and supported institutions and neighbors – more time spent not doing, but trying to protect the ever smaller amount produced. Those benefits go to a smaller and smaller number of groups and people, and those who once could – are unable and perhaps attacked – yet they pretend they not filled and directed by Genociding vicious horrors - pretend so to take more of our enslaved blood, sweat, ar time, pretending that we not 'souless goys' and 'non-family' they

Sad about the Rot that goes against it's True Spirit or Truth and Liberty and being able to communicate without Crack-Head twisted granny-in-law's silencing and removing and kicking us in the testicles for saying things basically in public they do not want anyone to hear .. and I wonder since my Debit Card refused to withhold payment to amazon for the package that disappeared in UPS - had problem with label was the report, and was fixed and .. disappeared, and I could no fill out paperwork at UPS because the subcontractor Amazon used did not seem to have an address and other things the UPS site requires or will not accept – of course with the tracking number they would know that themselves, but punishing tedium and time & resource wasting is how society is being destroyed by those who are in power and hate us and want us all dead and burning in hell ..

.

.. so by refusing payment I might get someone to respond – not having an extra few thousand in money to get a lawyer involved and such, but about a month after requesting the withholding my bank told me the processor would not do it .. and although they never said it – it is clear Amazon and Card Processor one big family and if not the processor will not side with customer against such as large company, so they have effectively remove much of their Value – while I am sure not reducing their charges.

.

So this corpDragon Gov system allows them all the 'cover' of waging war on us, and since they have Captured all the Elites that are in position of power, while pretending they some victim of the gov, .., good Satanic Puppet Show.

.

Same with Big-Tech .. sure they are the tax payer and public resource supported digital public square but no court will touch it – and who has the resources, and the very few law-makers who

.
So I spend my mornings trying to make semi-permanent what the Satanic Horrors will only remove when convenient – this DropBox is like that, if not already a 'business partner' then will be forced into it or more likely only cow-down when asked .. and poof – all gone.

.
.. Like the Archive site, with money and unlimited Threats at the command of Them, who could Stand – and why not 'sell-out' or 'duck-out'? (Notice please, the Stick is used more now than use to be – people could profit in a monetary way from having a gateway to something They wanted, with the Threats only coming-out for the truly principled and entrenched.

.
Sometimes a mass nuke war seems like a nice change of pace to this howling fetid vile septic rotting corpse of Western Society – all dressed-up and make-up and propped-up to look alive – but anyone close or wanting it to function as it should finds putrid slime & sticking rot & likely as not an Army of vicious 'Protectors of Lies' beat you bloody and-or destroy your lives and put you family on lists that haunt them everywhere they go and whatever they try to do.

.
Those Lists are like the old Curses that are in the Witch Stories and Biblical – 7 generation of sickness and horror.

.. I suspect by my father helping form a Union and getting fired and winning the court case (then having it over-turned by the VT Supreme court – for why? - because of politics. The ruling elite do not want living wages for even the professional classes – no even back in .. 1980 (around PATCO Union Federal Strike Breaking) but want us all groveling in the dirt and covered in soars & our own sickness like many of the Cities they control, and only those that

.
I think it was that that I was added to one of those Lists. Yes, you say that those at UVM destroyed my job application so my Boss never got it and asked me why, and had to go refill one out .. to the position I had been doing as work-study and was tailored to my qualification & experience because they all vile vicious [white] [man] [christian-values] hating slimy Witch-directed cnts, which can be true and also that I was/am likely on State and likely Federal 'Hate List's – and not on any special-elite family 'White List'

.
So instead of putting together a well considered and Inspired response to a fantastic audio-only video of a private conversation between Richard Dawkins & Jordan Peterson which I think I have some insights into aspects of, and perhaps might be able to add something – since I am not a 'blue check-mark' well behaved person from the ruling class or an upper servant with years of never getting out of my lane, .. I can write if I can manage to find all the pieces of previous work that has not been removed, and try to put it in the form that as a composite will hold together as society crumbles into rot and horror as seen through the active destruction of our collective service and contributes ..

.
.. and I sometimes think – you know, if nukes started falling first on the homes of the horrors that are Satan's minions and directing such .. even if 2 – 3 Billions died, if less then 1/10 of those were the horrors in power and their minions, and half were active supporters and general horror and curses on the decent and would-be decent (older women), and and and it stopped things like the baby murder and the corpDragon produced birth-control and media-liars, and ..

.
Well, perhaps the fraction of total numbers of babies tortured-to-

.
I would prefer – if forced to choose that path out of this Slide into Death & Hell – sadly would be the death for the next 4 generations – perhaps – of every women at menopause (and those over to start) who is not actively a value to society and mankind – Service, Stewardship, Sacrificing for God, Church, Man, Nation, Self & Neighbor, and Creation .. with a Real pandemic – a different kind of Biblical Flood to Cleanse us from their Female-Evil Curse, and concentrated power that has enslaved our minds and souls – sending to Hell.

.
The 4 generations seems generous, and let's face it once it was realized that the howling vile twisted screeching F-ing typical delusional-physio women was dying and the reasonable not vicious horrors where living, how long would it take men and decent women decide that it they really cared – they would raise our children as they should have been all along.

.
So, alas. I will leave you with some of the pieces, and perhaps you might be interested in – at least listing to the video – but if not, oh well.

.. perhaps I will revisit this at some other time when not considering the death of 1/4 of the world as likely the only way forward to a place at least not as vile and evil as I recall in my childhood – when most older women where an asset and not a Call to be Killed to protect others.

.
When they were not such a Curse on Life, Love, Joy, Order, Justice, Truth, Children, society, ...

.
.

Wow, once they get through Petersons' review of his political-related experiences, and get technical – it is a Joy to listen in .. these kinds of discussions I hoped to get at University .. but instead – like most of modern Western Institutions - it was Barren, Hostile, and Toxic.

(But God Knows I do my Best work Alone and Fighting - that I am too willing to only fit-in.)

.

.

This video is a Joy – especially gets going once through the history bit – Start at time [11:40] to skip Peterson's background dealings which thrust him into the public eye, or listen as it is interesting in itself, ..

Some chunks of stuff which might be of interest and would work to inject in above – specifically to Dawkins contention that he does not understand Quantum Physics – which I find very interesting for a man of his abilities to not get at least a general understanding ..

.

.. particularly interesting in that one of the only measurable proofs we know about related to God is in the Quantum Eraser Experiment ..

DropBox: <https://www.dropbox.com/.../Quantum%20eraser%20experiment...>

.

.

And a person does not need to understand fully or even in huge detail why such results occur to then use the information to extend into more significant aspect of what it could mean, and does mean in some contexts.

.. After-all, most scientist do great work borrowing from results of other fields they do not know in depth.

.

I find it Particular in someone so invested in Science as a religion and God as unproveable and so to be ignored. But perhaps someone might clip out my hissy-fit above and forward these bits too him, with the understanding that he can connect the dots – if he wants too.

I think to cheer me up – I will re-listen to this .. and maybe imagine what I would have injected, and where.
