April 29th, 2023

Good Saturday Morning,
May the Spirit of the Gospel and the Holy Word be Always on our
Tongues, in our Hearts, Minds, and in our Hands.
Holy Virgin Mary and All Saints - Pray for us!

Index Number 1879:

This morning prayers and meditations ended in an interesting
perspective – one I have embraced at different times and perspectives
and you might note – once it is identified – in a lot of my re-
interpretation of the past in my life-time and before.

This perspective is connected to some of the Multiverse Choice aspect
I discussed again in yesterday's post, and how from an external view -
all our choices are chosen and result in a probability distribution
which reflects our internal State – including our focus Apature ..
limited by our physical situation, our interpretations and believed
limits, abilities, experiences and .. and our willingness to be Influenced
by 'external' factors – and those who deviate from the Path-Most-
Taken or the few Paths can be indications of non-internal
Deterministic factors .. reaching for Holy or Oppressed by Base-
Desires and such.

Let me Start here where I finished. I was wondering why such a focus
on the warping of the sexuality of children is such a problem ..
institutional version because my generation was likely the first –
corresponding to the Loss of [functional effective] Fatherhood – was
the first to have such sexual mental mutilation poured directly into us
from our mothers starting at crib.

I imagine that the gross sex rolls were the focus in past society where
Satan had not Poisoned womanhood and Fathers and Men protected
such Septic evil, the impositions of templates and warped excuses
and lies in the mind-raping we see now all through society where
School teaches children that specific beliefs or discussion of topics
without a vagina and Witch's Authority and Direction is Bad ..

.. that many facts are Evil to exist or discuss. That you should feel bad
to believe or think some things and that some feeling are Bad in
general to have (of course those are the ones we mind-raped into
responding to the world with) and in such a mix neuroses and a
castration in rational thought and openness to new or different ideas
are impossible or difficult, and all this is Layered – so that breaking
through one layer later in adulthood results in only a partial freedom
and since such [Demonic] Oppression is designed to be active – that
freedom is soon forgotten and those Walls reassemble – from internal
processes and enforced externally.

My insight to some of this was from my experience of being the focus
of the local Witch-Whisper-Web and how isolating and confusing I
became because people around me acted very strangely and on
reflection even back then to some degree it was as if they believed
some evil aspects and were always waiting for me to verify such, or
were actively trying to ferret-out some nefarious reaction, and of
course people I only just met and becoming friends with would
suddenly seem colder and less engaging.

Of course I had the blessing of years of active interactions with close
friends and lovers, in work, education, and private life .. and so should
have realized that there was some kind of warping force targeting me,
and that although most of the people acting strange were only being
used to abuse me – like the attack dogs programmed to snap and
bite from what they would believe are reasonable and rational
reasons, that there were a few who were clearly directing such.

But, alas hind-site is better and especially as I now realize that I had
been successful in life to that point by internalizing all the problems –
interpersonal – as if they were all because I needed to improve and
change .. which was part of the woman-always-right-good man-
always-bad-oppressive aspect, but it was also, or more so, the
Christian society aspect of self-improvement never hurts and is always
Good, and ..

.. and because I never imagined such concentrated evil and
coordinated – I was victimized for years – always confused and after
long periods of personal isolation I started to think like the vile Witch-
Tool Pro. Peterson and so many others – that all those women could
not be wrong .. that I must be the problem.

Of course as I said – with such a track record and decent history – and
the fact that I got along very well with people who were not [yet]
poisoned by the Witch infested Hell-Hole I was suffering.
Unfortunately I did not spend much time away – except to sit at home
and be confused and self-abusive in trying to understand .. to
Understand an Evil so Deep and Horrible that only travels through
Hell have given be the ability to look at it without flinching too much
.. the kind of evil that will rip apart living babies or sexual surgically
mutilate children and adults – victims clearly of Witches, or consider
the starvation ans sickening death of 500,000 Iraq children as 'fine' ...

Anyway, that warped pre-programmed view of me by others, those so
programmed that they were unable to even see the clear examples or
long term behavior that not only goes against those per-programmed
beliefs but somehow re-affirms them in that we must be even more
diabolical and sneaky then the Witches that Injected such Evil into
them could have suggested ..

.. those victims are what many of us call 'Lefties', those where you
mention crime statistics about violence related to the most gross
outstanding coordination and you are Bad – even if they later agree
that those might be somewhat true – but you even knowing such
makes you a racist, the intelligence data also – except when you
mention that we are of a group for which the average is the highest ..
well, your bad because you know such things – I suppose.

general attacks of the values [indirectly] of society with beliefs – mostly insanelly wrong but often not argued or corrected about because – like I thought personally – they were wrong and clearly the evidence has been and is before everyone’s eyes and surely besides disagreeing and perhaps suggesting politely that they look into it deeper and hear is an example .. was nothing compared to the constant Septic Vomit from those that they trusted and believed cared about them, and seemed informed, and a lot of other aspects ..

.. so it seemed that one day we find – like I did personally – that the Tone of people changed .. that for some reason those confused rambling of that older child - clearly wrong beliefs you tried to correct in the off-handed way because Society is so clearly not racist, destroying indigenous, is clearly generally helping to those less able, generous, valuing many many good things and ways of living, rewarding self-improvement and merit virtue and hard work .. those confused rambling falsehood were instead being re-enforced by Witch Teachers (Men had been driven from that and many professions, and those that remained did so on the tight-rope of the Satanic Witches that controlled the funding, the mob of vile slimy cnt women 'professionals' .. so such false beliefs now coming from that now older blue-haired niece is all over the place, and that such clear information that you know and is hard information is a seeming piss-in-ocean as Truth and Critical thinking were removed in their 'education' and a single fact that disproves their lie-based warped beliefs to them is further proof that you are evil because you know that fact and you oppose the Religion that the Vagina-god Satan following Witches profess.

That laying-down of the pattern to view the world – instead of the normal healthy giving children Gross overall values and explaining why 'WHY!' - as the children use to always ask when not oppressed – why things – rules and such – exist in relation to those values .. like human sexuality in the specifics – the basics of biological facts are outlined in time to prevent pregnancies or sometimes in general guidelines to know when others are intruding .. but the details are something to be explored and learned together in a Marriage situation and in less irreversible ways in the process of finding a spouse.

Sex education was a hot topic back when the Federal Evil-Education department was created – until then it was a regional thing done as needed (I imagine intercity and high concentration of adolescent peers and situations such as fatherlessness in groups required some different education guidelines then rural less populated areas where families of peers all know each other (and parents were sometime 'arranging' situation with other parents.)

.. I apologies! – our building had a fire alarm and I decided to actually exit after shutting off computer, and the start-up after a while waiting for the 'all clear' I ran into hardware start-up problems and although these are cleared up - I find my line-of-thought, at least the pattern similarity in many recursive levels has left me for now. The Injected warping, and how that connects with memories, different live-path versions, and the 'slippery' history and how we view what we know to be true and how little of that is not re-Written like Jan 6th or WWII or Civil War .. while defining evil our Western Society and the Great Men that fraught against all ideas and their own base-nature and sins, and fought not only those and the slimy all-present Female-Evil and Chaos of existing horror conditions into ..

..Into something Better and Potentially Holy Good, And those men and families and societies together that kept that same mind-raping unTrue, unJust, disOrdering evil from our children by protecting them from women and mothers, and protect women and mothers from the Satanic Witches that would use them to destroy us all – including them – break our minds and drive to Sin, Death, Horror and Hell .. as we are now seeing.

.. and only Demonic Oppression and those evil-Programmed Patterns and underlining Septic views prevent such from being clear to those who [even] can listen and look at the information that shows the UnTruth that has Poisoned all our minds, souls, and Hopes.

May this be a Blessing to you and us all. [And all our Futures, and future Multiverse Pasts.]

Not many videos – been busy and getting behind – even without fire-alarms and computer problems.

Here is what little I have assembled; ..

Really good and fun interview. This is that Full audio of the sample 30 minute video interview I posted about 2 weeks ago, here; ..

Here is part 2 or 2, part one posted yesterday. DropBox save is the 360p resolution which is still usable, but if reading along on screen you might want the 720p or the 1080p .. the actual size of those videos is huge, the detailed flowing text not well compressed in those algo. which are generalized for other video conditions, ..

.. a good project for self or assign students is to define the characteristics of those compression algorithms in relation to this discovery .. and wonder how easy it would be to optimize for flowing text and how small those files might have been. And how a typical cell-phone video is often shifted left-right up-down where 'background' sections are the same, and why would that not apply for continuous flowing pages of text.

I did put some considerations to the interest in this story for women, and I will need to go through it to pick-out what is so appealing. I watched the movie a long time ago and I recall a lot of the adventure aspects – the fighting .. but not from the main woman's point of view – but I imagine now it had .. besides the raw sexual aspects and the violence with her as 'the prize', the struggle and hardship the men in her life went towards her security and love. .. a lot of that is Projection of my understanding today with the mangled memories of a movie I think I was not too interested in watching to begin with – and a woman I knew and who's opinion I trust in such matters suggested there was a lot of depth and attraction to women in it.

It is definitely on my list of books to read (listen too) because of this – to see if my Model of Female-Perspective matches, and of course regardless that there seems to be no Brain-Eating Space aliens., ..

On Literary Science and the Bounds of Knowledge
Lawrence M. Krassa
On April 26th, Daniel Sharp wrote a thoughtful essay for Merion West, in which he reviewed my new book, The Known Unknown/The Edge of Knowledge and the concept of literary science more generally. He and I have kindly given me permission to reproduce it here.
