Good Friday Morning,
May the Spirit of the Gospel and the Holy Word be Always on our
Tongues, in our Hearts, Minds, and in our Hands.
Holy Virgin Mary and All Saints - Pray for us!

Index Number 2194:

Yesterday I decided to break my water, (metabolic important salts),
weak caffeined drinks and no solids Fast, and immediately regretted it
– feeling sick within a bite or two after being so attracted to what I
made to eat. I ended eating cooked-frozen solid protein chicken leg
and a few veggies and whole garlic that was baked with that chicken –
good opportunity to replace more simple salt, at least.

This morning I decided my insulin-desensitvity had been greatly
improved over those 5 days, and yet I regretted breaking the Fast, not
waiting for Sunday after Mass Pot-Luck lunch. I restarted for these
two days .. and wonder if perhaps I will show-up with a tupper-ware
container and grabbing a few samples for the following Sunday's
Break-Fast, but although samples might be taken (for Science – of
course) I will likely cave and regret again engaging my digestive
system and those organs.

The sad news is that I lost access to those Dreams I mentioned
yesterday morning .. it was in some kind of stupidity blindness that I
realized by breaking my Fast that I Eat that pizza that her message on
it, and so ...

Today there are a lot of videos and I have been going to be early and
barely watched some of them, and those that I did – many I did not
comment below – but it is already after 9 AM and I will give you a
chance to use your 'Theory of Mind' skills and awareness of my over-
views to speculate what [else] I may have written about them .. good
practice, and perhaps a lot of such will expand your Consciousness,
increase your links to the Holy Neural [Saints & Sinners] Network for
greater Dimensional, and to Sit more versions of your souls around
Your RoundTable.

Some more things to consider about and perhaps meditate on.

Saint Fulton Sheen, all Saints of the Day – Pray for us!

May this be a Blessing to you and us all. [And all our Futures, and
future Multiverse Paths.]

Two good CrossTalks worth some time if you have it, perspectives and
points of view that likely are at least different to some degree from
you – the best and only kind of Diversity that we should respect and
seek., ..
