Russia or any nation would be insane to trust this GreatSatan given the history of ignoring signed agreements. I agree with Scott ..

.. I am sorry Russia is unwilling to kill all the older women in the most powerful 15 international families and anyone near them – and turn-around all our futures into a Better place - by setting a policy of ignoring the Puppets and killing those real powerful families at the first single man woman or child death under their evil.

Surely this is as the founders intended, no?

These are actual street signs in Washington, DC. International dignitaries and tourists see these signs when visiting our nation's capital which no longer represents the American people, but instead the baseless, anti-white ideology being forced on them by elites working in DC.

WHEN YOU GET ASKED ABOUT SOLZHENITSYN'S OTHER BOOK

"You must understand, the leading Bolsheviks who took over Russia were not Russians. They hated Russians. They hated Christians. Driven by ethnic hatred they tortured and slaughtered millions of Russians without a shred of

Russians without a shred of human remorse. It cannot be overstated. Bolshevism committed the greatest human slaughter of all time. The fact that most of the world is ignorant and uncaring about this enormous crime is proof that the global media is in the hands of the perpetrators."
~ Alexandr Solzhenitsyn

Cause of "excess deaths" obviously not given.

Temporary morgues are being opened across UK to deal with surge in deaths

Bodies are being stored in makeshift morgues to deal with a backlog of deaths over the winter months as the NHS struggles to cope and hospitals reach full capacity. Temporary mortuary sites are being opened up across the UK in a bid to deal with increased demand following a deadly festive period.

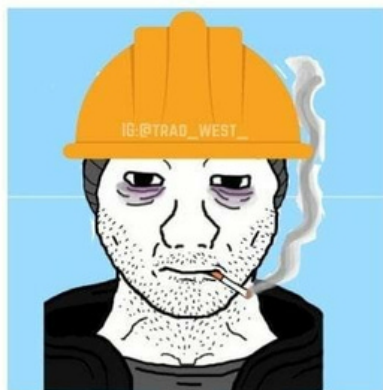

Some sites that were erected to compensate for the number of Covid-19 deaths during the pandemic are now reopening their doors again. Others installed include one at a council gritting yard in Salisbury, [Wiltshire](#), and another at a former landfill site near a nature reserve in Wollaston, [Northamptonshire](#).

It is estimated around 4,000 more Brits died than normal towards the end of the year - with a combination of flu, Covid and hospital and ambulance delays all blamed. As a result, the refrigerated units - some which resemble shipping containers - are being used to cope with the current winter death rates.

In Northamptonshire, Wollaston Mortuary, which was used during the pandemic, has been 'reactivated' as part of the county's 'death management activation plan'. Named The Leys, it consists of two large cold rooms with mortuary-level racking, an office, and a covered reception area for discreet transport to and from the site.

It was used to support both the Northampton and Kettering General Hospitals with mortuary capacity during the height of Covid and has since been reopened due to seasonal demand. The mortuary, which is monitored 24 hours a day, is owned and managed by both West and North Northamptonshire Councils.

The Wollaston Mortuary site manager, who wished to remain anonymous, said the site reopened in winter to cope with deaths over the festive period.
