Good Saturday morning,
May the Spirit of the Gospel and the Holy Word be Always in our
Minds, on our Lips, and in our Hearts.

Index Number 931:

It is late start for me to get on-line this morning. I woke up very early and got my morning prayers finish about normal – I forgot to do Stations of the Cross yesterday (!) which I vaguely sensed yesterday all day, like I needed to do some more prayers but the normal were not it .. weird how hard it is to add that back into routine. I would mentally 'tie-it' to the Sorrowful Mysteries Rosary, but that is done twice a week, so it is not as 'neat' a tie-in then it could be.

Anyway – started cleaning. Started with the sink, the drain is slow so I went to town with a plunger – I had to do it once before about 2 years ago .. hair I suppose, but if it can not drain faster then the water pours in from faucet – that's a danger for overflow, and possibility for big water damage. I rarely need to run it long, but best to not have it as a risk.

Then scrubbing the sink, I need a better brush to clean the soap scum, but I don't want to scratch the surface – I bought a new brush but it's not firm enough. The issue is this is a new building and I'm the first person in this apartment, which means that every scrap, every scratch, every ding has my name on it. I never lived in a new place, most already so scratched up that I would not think twice in using steal-wool and that would remove the soap-scum and a part of the sink!

Then .. vacuuming. Now I knew I was in trouble .. this happens every few years it I am not careful to suppress it enough – the cleaning bug, and next think I know I have my cot and mattress washed, vacuumed under it – a first since I move in, the walls cleaned, along the baseboard, .. it's a weird autistic thing, if I'm not careful I'll have my collection of old toothbrushes out and spending 4 hours on some little corner, unable to move, dehydrated, and with a week worth of work ahead to get the rest as clean, ...

I pulled out a replacement chair while my normal clunked chair is drying, and wow, the think glides across the ground .. my clunker chair feels like I'm pulling a plow behind me, even going backwards – but it's good exercise and like anything I send a little time duct-taping (duck-Taping, Quack!) and fixing, I prefer it to something brand new.

.. I imagine God is like that with us and our damaged and clunker souls, He spends so much time patching and fixing that He grows a fondness for us above the Infinite Love. Like well worn and re-stitched Boots, or Blue-Jeans.

My prayer we interesting as usual. It occurred to me that my referenced to the metal nano-particles that bind to brain and other neurons mentioned here ..

.. towards end under the Indian 5G video and the mislabeled 'vaccine's might sound 'crazy' to those who had not seen the posting some time ago with the articles about such – to control behavior.

Like with Alex Jones 'Gay Frog' meme which was about the pesticides in our drinking water on average many times what is needed to cause adult male frogs to change sex and produce eggs (frogs are weird that way, I seem to recall that the temperature of the water when they are eggs or just hatched and developing plays a huge roll in the sex of most of the frogs, so every frog egg has that potential), but part of the emasculation – Population control, etc, .. like the lead and mercury, the plastics in food, .. our tax dollars going to murder innocent families and destroy societies – including our own – but unable to install new pipes and filters, etc for our and our children .. evil-Zionist Witch family rulers' population control and Satanic goals.,

.. but you slimy retarded cnts only hear 'Alex Jones thinks gov making frogs gay!' while fishing out another huge booger to examine, add to collection, or eat.

The other was about the KillDoser Day I Posted yesterday here ..

.. BlackPilled Devon did not do the story justice, the local powerful really were targeting that man, and although I agree with Devon about it was an inDulgence, that he should have done something else – like what I'm doing, for example, I think you really need to hear the more complete story to understand why I wrote that having such people local and running into them day-by-day in parking lots and shopping centers would be hard, because once you understand the story you Understand that such slimy vile evil people will do that to you, our love – like your little boy son in the school system, that their brains smashed on side-walk might be the only way to prevent them from doing it to another, and it would be Just, like going to the town meeting and shooting them all dead, ..

.. Just, but Wrong – as God Demands Love, not Death, that God wants us all to take a Bigger View, and use such evil and situations to husbandman and guide others, to Transform, Order, and otherwise bring to Glorification them and others from it, as Jesus would do.

To Love and Sever God and Man through it – as and for Holy Service and Stewardship. That is the Love God Demands, and not the Sin & Death that Satan wants, and we all twisted from crib to Do.

you Look closely – you might See one or two of your local Zoning Fascist evil-Zionist Witches, Minions, and evil-Tools in this story, ..

So elite vicious #MalHating F-ing cnt, who thinks an increase on everyone's taxes by \$100 is nothing, because they want 'bragging rights' on a new school doohickey or whatever – and who cares if families that have lived for generations in township must move because of the increases they constantly pushing?

Anyway .. back to what I had gather yesterday ..

Any friend of Tommy .. that is enough of recommendation for me! .. even if I had not already had a good idea of your politics.

You are against evil-Zionist Witch nation-destroying immigration, and white genocide, white older girls and young women rape, torture, murder by anti-Christian Western-Hating Immigrant gangs, and the evil-Zionist Witches in Power who push, support, hide, .. them and the rapes, tortures, murders.
