Good Saturday Morning,

May the Spirit of the Gospel and the Holy Word be Always on our Tongues, in our Hearts, Minds, and in our Hands.

Holy Virgin Mary and All Saints - Pray for us!

This morning was the monthly after Mass Catholic Men's Breakfast, and only now getting back. And I took advantage of the 'coffee situation' which I had been looking forward to for the last few days. Which reminds me that I was late of re-ordering my Tea and so may be caffeine-free for a number of days while I wait for it to arrive in mail. Perhaps this situation will motivate me to go back out and sit people-car watching on the off-chance I can talk someone into crossing the street and grabbing a coffee, to drink together. I have not been finishing up my posting details until afternoon and into my time that I do my afternoon prayers – so even on

the nice days I have barely noticed the weather and by the time I am free – well, it is after sundown again.

Perhaps I will be forced to re-arrange and force myself to spend some healthy personal free time outside like it was way-back .. this summer.

—

So, not much on comments this morning. Yesterday I did manage to find some interesting videos.

I have not finished the Peterson interview yet, but good outlining of all the 'climate change' BS science and terms that anyone who really cares why it all seems like Marxist-Satanic evil Barking-Seal howling F-ery, like the Plandemic and so many other insanities, ..

.. insanities that we are being distracted by - so we fail to notice Satan walking the earth .. our children being openly sexually and soul mutilated using our tax dollars by 'Professional' Witches and others women to morally weak to object (where we see why men have been driven out of those positions) – because torturing our children to death before birth, or our sons and grandsons brothers choking own own vomit dying on our feces cover streets because they were not willing to such some Satan Strap-on Penis a local Witch was wearing, more Blood-money-resources going to another advancing Globo-Homo Satanic gov destroying and murdering innocent families far away, increasing poverty, reduced liberty, .. so many other Hell-on-Earth situations is clearly not 'over-the-top' enough, I suppose

—

—

***May this be a Blessing to you and us all. [And all our Futures, and future Multiverse Pasts.]***

—

When I get a minute I will have to look back on my last post or two – I got some clear feedback that it was enjoyed .. so whenever that happens I like to look around and see what 'jumps-out' that they liked .. it is a weird thing to say – but I seem to be able to get a good feel that way, often some aspect that I wrote 'in passing' turns into being something people like being mentioned .. some background assumption that is clearly true but never expressed or even realized, often, but puts think into a better perspective and answers a few confusing aspects.

Because we mostly no longer have trusted friends that you can open-up too and discuss and compare like back in the 1970's and 1980's before screeching horrors were program to damn us for 'wrong-thoughts' and gauge the Witches and mobs against us for asking questions .. so I am likely many live with internal truths that would really help others to understand the world better and the insanity that is this Sickening and Dying society – being actively murdered and any decent being destroyed.

The funniest thing is that Blindness that society had for the longest time that now is clear because of Fatherlessness .. that most of the evil injected into us is from our mothers and women in our families, and society wide that is true also .. the concept of punishing the father for raising a bad son or daughter never

seemed correct because a normal father does not usually have the moment -by-moment influences that the mother, aunts, grandmothers, and not teachers (most all are women) so now it is clear where the vileness and putrid virtueless back-stabbing slimy lying evil that is everywhere is coming from, and as such actually punishing the mothers and such Does Make Sense.

And many women always knew that, but it was one of those Female-Evil Secretes they not allowed to talk about and even if they did – males have been so Gaslighted into believing they have power in society when now pretty clear not that is a total lie, and may have been more even 100 years ago but seriously not the case – not with the Satanic Gov and the howling-evil cnt women in power everywhere mostly virtuous or at least accountable men use to hold .. boys and men enslaved and mind-F-ed tormented and tortured Toys and Abuse-bags for the cnts in our lives and any vicious horror that we forced to be near.

A good Gad comment video.

(If he's going on vacations results in more of these .. then he should go more often!)

TaserDuels would remove this insanity pretty quickly –

just hearing this makes me willing to travel up there and engage everyone of those college cnts until we all Pissing-and-Screaming, and I would not be the only ones – many of us would as soon shoot those kinds of horrors in the head and break their mother's legs – so F-ing sick of this evil shit that our courts and law-makers are Vomiting on us.

.. of course God Demands Love and not Death, and F-you that I feel I need to add this.

I will add that if [most] every older women in West - and everywhere baby-murder of father-child separation existed at the whim of women - was gone, dropped dead for example – we would stop having this kind of crap.

Which would you prefer – TaserDuel of the coming day when society crashes and people can find those that wrong them and hack them to death with machetes – and the older women in their families?, ..

I saw this and decided since his daughter was murdered because of his philosophy and the Satanic Golden Calf Horrors directing Ukraine did not like it – we should all at least hear and consider.

(I was not impressed with the section read of one of his books – but I must admit I think something was lost in the translation, and perhaps I was not invested enough to parse the seemingly overly complicated sentences.)

My rule-of-thumb is now that if someone with power does not want you or others to see, hear, think about something then .. two things; not only the world better they and [most] all older women in family Gone [from power, there Cursed Breathing away from all we care about] and it is probably a good bet that there is something significant in it you should hear, see, think about.

I recommend that become a universal standard consideration if not established belief., ..

Imagine being so guilty 1905 southerners don't buy it when you try to frame a black man

106 years ago today, Leo Frank was lynched in Georgia by an antisemitic mob. His murder was driven by the pervasive #antisemitism of the time and his story reminds us why must continue our fight against that hate today. Learn more [adl.org/resources/back...](https://adl.org/resources/back...)

Just a quick sidenote.

Manufacturing orders are falling at a rate that we haven't seen since the Great Depression.

That is all.

We're going to let them get away with telling us that Gen-Z is merely lazy.

And, perhaps, to some extent, they are. The jury's still out on them.

But, the predominant problem here is that Gen-Z is no longer majority White. You will not find skilled laborers among those who are genetically incapable of acquiring skills.

Gen-Z, in the end, will be blamed for a lot of the collapse as it happens in real-time.

But, their problems aren't generational problems... they're racial problems.
