Good Monday Morning,

May the Spirit of the Gospel and the Holy Word be Always on our Tongues, in our Hearts, Minds, and in our Hands.

Index Number 1698:

One sub-topic in this morning's prayers and meditations touched on Apologetics. Specificity related to 'big mustache man' (as I think of him, God Bless him and his Service) discussing demonology in mostly secular terms, and although he probably does not realize the anti-Catholic and anti-Christian and his pro-Feminist positions actually display exactly what he is trying to address – and while with that little bit in consideration I can definitely recommend all of his videos as – although suspect in details – is pretty nice in the

approach and the over-view .. the methods of application and such.

His latest video and the URL to the YouTube PlayList to his other video (which I have been posting also in these, although not really commenting on except in general warnings) may be found in Post, **October 29th, 2022, Saturday Morning, 'Index Number 1696:'**, ..

.. First and early on he refers to some research by a clearly Feminist Poisoned group of a tribe who demonizes the fact that the men – leadership members, not all – go to a place where the women and others can not interfere to make the important significant decisions, and the Virtue Test being physical tests and such as all bad things. That the women and such were lesser objects, powerless and subject to the kind of unjust whims of those men.

First and foremost on why this is clearly warped and twisted is the very fact that they had to go somewhere else is in-fact a clear indication that women not only had power – having one was likely to over skew the kind of Rational decisions they hope to reach that benefits the entire tribe.

Anyone with open eyes that worked long enough in a male dominated field like engineering or sciences – a productive healthy and rational serious work-filled and clear hierarchy system that then is forced into disorder by a women professional can understand, but even still – the clearly baby-murdering child-mutilating Leftie delusional-psychos and Witches that are everywhere is clear argument for many old enough to remember when we did not live in Evil-Clown world and-or every worked in a field who's man managers and directors of the company were Sane, focused, Ordered, Just, and dealt in Truth – as much as possible and valued.

And why should I argue this point anymore? – it should be clear that VagFeelies are Poison in many situations, and a rare woman might be as good as an average man in that field the fact that she by being a female is totally disrupting to every natural man in reasonable and clear ways – the very fact - again argued above displays this.

Except please-please-please do not be the kind of twisted retard who argues that young women in school should be allowed to wear yoga pants that display clearly their vagina and other type situation around others in school is only a problem because every other person – male and female in puberty should be on sexual-repressing and emotionally numbing and .. drugs and so psychologically warped a bit not being a distraction – because I sure would hate to start repressing the thoughts of how people like you should be taken from society you are a danger too, and all the older women in your family .. well .. Demon Possessed and Active evil Witches likely need more than simple rational re-programming. Anyway – besides the very fact that we have been warped entirely into death, horror, destruction – allowed and championed but the

hyper-empowerment of women – should be clear enough why Leaders should be men and not be allowed the direct influence of women – except where it makes sense, of course, in getting limited facts about situations (to use the tribe example .. does the 'woman's area need anything extra or fixed .. as if they not screeching there women's and children need to every powerful man everyday.)

—

Okay, the consideration of 'women and children as property' as bad is ridiculousness given the situation where the most advance form of Justice was property ownership, and the next was hacking a man to death in combat – or unfairly from hiding. My God Help us deal with the demonic-oppressed and warped understands of the functional retards around us .. and this man in video is no normal retard – but this is, as I mentioned, and example of what he is talking about.

To judge the standards of a primitive society on the very very very advance form of Common English Law developed thousands of years and still an impressive Huge Leap and example of the functional Merit and Virtue of Christian values and society – to judge all other earlier systems as Bad-Evil-Male-Rapey is typical demonic warping and VagFeelie logic – an example of hyper-empower vile slimy back-stabbing vicious twisted anti-Rational, anti-Truth, anti-Justice, disOrdering that comes when women are given too much power in society and education. F-you All, my F-ing life and every other man, women, and child has been so twisted, murdered, and in constant confusion, pain, and suffering, so many DEAD and Burning in Hell, ..

.. to then in evil-Demonic Feminist twisted logic Accuse those men and the system they had – the best at the time that most world-wide had – as being Evil-Bad-Man caused would be clearly borderline insane for Rational people who considered it in the light that men (and many women) would see it 80 years ago, before the demonic-evil Spread Western society wide, Zionism driven, Satanic caused – or at least before it gripped all the major science, medical, educational, .. systems.

And my point about Common English Law and the need to value each single person as a semi Nation or King (Queen) – with the Diversity factor of 1, Groupless in the ideal – Merit, Virtue, and Character of their own and demanding Rights as image of God .. is an argument against his points against Christianity.

I will suggest you – while watching – note how other religions are treated as if they were better – the Judaism was somehow not as Poisoned, and the often misconception that Eastern religions do not exist in societies where they burn to death men who some women do not like and false accuse and such as places that there religious beliefs are raised up as somehow not connected to the evils men do, yet Christian based societies' evils are because of Christianity,

men, evil-Rapey-Women Owing men, and males and their evil testicles.

—

So, have I made my point – the man does not even See this, nor likely many other would.

Demonic Oppression and what his subject and contents are basically about – in a psychological secular manner.

I have to disclose that I have not watched every minute and at least one of them I barely looked at – but this last one I nearly finished through the Q&A at end, and I think it is a good example or the Sense I got from my earlier sections I watched.

—

And I SO MUCH value him and his work – even if he did not Show himself (and most of us) as clearly under this influence – the systematic manner he applies logic and arguments to concepts and lays out the argument is worth look at. He with more Truth - Discernment over what he takes as true and the groups he trusts (most research has been made less then useless by the injections of Witches in power and VagFeelie women co-researchers and lab-techs) so it will be hard to trust anything in last 60+ years.

—

—

I did consider more on the opportunity for the Catholic Church and what Sane and un-evil-twisted Leadership – to Shine to the world!

Some good Apologetic and Perspectives – point to the demonic-oppressed Leader and others, the history of anti-Rationality and self destruction in last 60+ years (more – likely back to 1940) but clearly the point that the Bishop of Saint Fulton Sheen Ending Saint Sheen from Evangelizing to the Nation and Western World on his Sunday night very very popular at time prime-time broadcasts should be considered Demonically Oppressed example – and a little after that the Suppression of the release of the 3 rd Secrete of Fatima – and the continued suppression of full information – as the clear point the Popes were Demonically Controlled – internally or externally is unclear except that a good Catholic would be expected to warn and not cooperate in anyway if say the Guards were all controlled and threats to his life or family was used.

—

The fact that what has often happened with many Protestant Sects, and the rest of the Abrahamic Religions have gone through a taking-over by evil should be clear – and not only overt like the funding by the Saudi pretend-Converted [Zionist Gold Calfers] Royal families & israels – along with this #GreatSatan's involvement - active destruction of Islam by funding extremists, destroying any powerful organizer such as Libya, Iraq, .. and Iran would be destroyed, tried to use Iraq too do it before destroying

them to our support and direction – it is better to be an enemy to Satan than a friend, as my Zombie-Corpse of a Nation's history shown, and is Showing to the common people of Ukraine in their Zionist Golden Calf Worshiper's War for Evil, and Culling of good men and fathers, traumatizing rest for sexual-emotional-soul Mutilation, Rape and Murder.

—

So, what has been clearly happening to the Vatican and The Church Militant is widely visible – and can be – Can Be and Opportunity! Show the World that God Loves Us – and use this spreading evil that is everywhere including our Church, As A Beacon for the World .. Convert or Drive away the evil within, and Resurrect The Body.

—

.. and perhaps the Healed Vatican and Church can be an example and become the Center of the world.

And have a College of Apologetics, motivate an International Abrahamc World Court, Debating System, shape and perhaps manage a world-wide #PublicDataBase all can trust and use, encourage proper use of safe Loving Correction using pain – public and as a manner of display Virtue and Dedication in disputes #TaserDuels, end the need for Capital Punishment – 'God Demands Better' – with decent systems of Just & Merciful alternatives not lacking in resources or warped ideologies and respecting both the Holy Human Dignity that God Demands we respect of all people and the Justice that is demanded, .., full society wide Sex Segregation, and other – huge numbers of world-wide gracious and 'debate suggested' improvements.

—

—

One of the points that comes up regularly in my Medications but often leave me for other shiner points and topics I hope to convey is the simple fact of God's Love.

My Model of Holy shows that it is Possible for God to Love You more than everyone else, and do that for Everyone.

.. and the value of my Model of Holy is not whether it is True, but that I give an example of How it can be True.

Not likely the best and True way exactly – but I show that it is not only not impossible, but every aspect of Life and Death is described – or suggested – and what is not, well I am not the Sharpest Tool God Has or Can Have, and as such an idea – once not Suppressed and these concepts made popular to those Scienticism (Science as their de facto Religion) the details and with input from all world Religious societies and members – well – The Holy is the Limit.

First importance is to Acknowledge the Demonic-Repression and Oppression and Control the world - especially the West is now

under, and we all suffer at various levels. Only the demonically Freed can be expected to be totally Rational and Loving, but properly formed and organized groups of not-Perfect can get there.

And .. I created a semi-indexed Facebook and related GAB post last night, '**Index Number 1698.0:**'..

.. that contained some Memes that argue Flat-Earth perspective, which I enjoy but although my Holy Simulation point of view argues for Both the Flat-Earth and Global Earth arguments, I can not let the illogical arguments and unTruths mentioned stand unopposed.

My favorite was the Reflection on wave one. This took me longer than it should have, and weirdly pleasurable when I figured it out.

1 - the Surface of the ocean is not Flattened – the waves reflect from certain water curvatures and within limits dictated by water cohesiveness and ocean physics are '*in every direction*' and enough are such that some fraction of the sun light would hit the observers altitude and point.

The nearly last video in this post about solving a square-root mathematics problem that was added before I spotted these Memes kicked something in my brain – just in time – to make it seem simple.

2 - Polaris' distance is so much greater from earth that even the offset of the orbit in the Solar System model would not make a visual difference, and the diameter of the earth in our model of Global System of belief is much smaller. It is basic mathematics.

3 – Camera lens can do weird and cool things. This is possible.

On the led-in for a Western news service I often watch sometimes contains images of Paris which make the scene of buildings and people as if they were tiny models on a table and your eyes far apart and high up. I often wanted to find video from the perspective of people walking around and cars and roads busy because I get a kind of memory of the thrill I enjoyed with my toy train as a child.

Lens.

4. Dog on moon. Well, this has me Stumped. :)

But the message is nearly true, and the presentation is an argument against trusting photo evidence.

The actual argument can be tried about ..

Gravity. They lie about everything and they tell us gravity exists...

—

Not included in the GAB post - but posted before image of the Shadow of the moon lander supposedly on moon with the shadow extending weirdly Might Be defined away by a local curve downward of ground nearer the 'the horizon', although the ground beyond would have to be pretty low for a long way and nothing tall enough to hit the sun angle and reflect back.

That Image does the best job of present doubt to me. The videos seen were the timing is wrong, and another one where another channel is included and mixed in were someone is telling the time to respond goes far also .. but 'Chain of Evidence' and so much can be done with AV-computers today no one should trust images or video ..

.. the discrepancies, the active suppression of, and similar .. so likely fake NZ Mosque Shooter video makes that clear. Tied with so many other coordinated World-wide Western citizen disarmament efforts and the Fascist nature of the Gov then and now pretty much argues that any and all dead were likely killed by Gov and-or DeepState Zionist Golden Calfers – minions of them.

—

—

Now – here is what I put together yesterday; ..

—
—
—
More [surprising?] destruction of our Western Liberties by VC Golden Calf worshiping and or Captured enSlaved key people throughout Gov and courts.

A little too much about Pelosi and ended up skipping ahead.

Independent Judge review location Needed? – I have suggested the #PublicDataBase that would cover EVERYONE of Civic involvement and social engagements - and all corpDragons, NGOs, organizations, and all linked people and old members and other cross links, etc., ..

And more., ..

Clearly those in power hate us all – they hate women also, rewarding the most vile and slimy behavior by hyper empower them into such horrors and 'Rights' .. So be sure to tell us When exactly is modern Western womanhood and Poison Vomit Exactly the same? ..

.. Because many of us can not count the number of angels on that pin-head.

Full social #SexSegregation!

.. Let women vomit on each other until they sick of it and learn to control each other and themselves, perhaps.

Another good video and warning of modern society destroying court

The Gov-connected and inter-controlled (by Venture Capitalist Golden Calf Satan worshipping owners) extension of the Administrative State – First Amendment of Constitution crushing Big-Tech corpDragon that is sub-contracted by Gov Surveillance, or the other way around – which is crushing testicles and gonads of all who Threaten or oppose them Or share ideas and thoughts that Satanic Witches do not want.

Why did they hid and lied about the cell-phone cancer connection and suppression of surveillance warning as the evil corpDragons were rolling them out – for the first generation until children grew-up using them?

How many of you still think there is not a significant cancer link? How many do believe it yet your still growing child – or you for that matter – will and do still use?

So - Private companies are selling your movement – and what else? - information to other corpDragons, Police, the local Witch that is targeting you or loved, and which of you retards thinks it stops there – that 'confidentiality' is not only to be used against a person like you but everyone Satanically connected is okay, the 'Business Partners' exceptions in those laws make it okay to share such – medical, police, financial, counseling, ..?
