Good Thursday Morning,

This morning I had a good bit of prayer and meditation, but I went back to sleep as I was struggling with that dosey bit I get once in a while – even after I had at least my normal sleep period. I do recall a few topics but what I thought was going to be an hour nap turned into 2 hours filled with pretty vivid dreams which I did not capture in memory on waking-up, unfortunately. I also feel somewhat stupefied now, so not my best.

I did discover yesterday when I went to Facebook to verify the Days-Remaining for my Suspension – that I was unable to get into it because I needed to set up the super-duper Authentication, and many might recall the last time they did this I wrote about buying the special 'Key' that was supposed to be an alternative to the Cell-Phone (FBI surveillance and tracking device) verification or the special Google (I think) 'Be Evil!' surveillance Web Browser .. and the Key did not work, so thinking it might be a faulty Key I

bought another – over \$100 together wasted – to realize that Facebook included that option only to make those of us to break-down after wasting the resources – and get a Cell Phone, I assume because they are filled with demonic-inducing and Satanic policies and evils, so why would they stop at that Forced Super-Duper needless authentication – especially as it seemed an excuse to Ban without actually Banning on paper - the Female-Evil method of Plausible Deniability.

It turned out that after all that fuss last time – the deadline passed and everything fine with account, but this time It did not 'feel' the same .. maybe because I did not Sacrifice the researches, time, and-or perhaps torture a baby to death to Satan not being a woman - or even one that 'Presents' as one. Any or all of which, Or with being okay with carrying an open-microphone, Camera, and GPS tracking device as a 'Unit' of there Surveillance system constantly involving Gov and Satanic corporations in on every conversation and the details everyone who I talk to share .. well, this time they seemed to not be happy with my lack of concern or noticeable struggles and suffering for their Vagina-god Satan, ..

.. and I am locked-out of Facebook until ...

This came with 22 days left on my Suspension, so besides looking Search in my account postings – which was never reliable as they 'shadow-banned' much in there Search as to mean if I could not find something, and even if I did – it did not mean something or the Witch-Hated posts existed – or did exist at some point.

—

When Satan closes one Door, She opens a window .. which is a weird way of saying the Twitter this morning reports that I have my account back. I have not look to see if all my old tweets were cleared away, and-or my old following group been removed .. perhaps you will know before I do, even.

If not – I have my download file I requested after I noticed a sudden increase in both Official problems and Bot responses (pretending to be humans) and figured my time was limited .. I had taken to arguing directly with people (most were Verified because Searches on topics would of course let you know who was 'important') using my linked-to Clouds of Tweets with references and resources backing up the point in each tweet, so that anyone interested could easily follow them and get a small convent essay broken-up by Points with data, unlike the normal annoying 'Numbered' sequence.

A few 'Flags' from VagFeelie cnts who did not like the fact that they were male-haters (okay with infant male sexual mutilation yet against the female version and the standard lies and BS excuses were shown in my tweeted links to be wrong) or similar .. I had a bunch on 'Climate Change' showing some of the well cited publications' original data before serious manipulation showing that much of it – if not most or all – was actively Fraud based, along with the fact that Funding only went to those who would lie and fraud ..

.. such is upsetting to those who profess to be Professionals and were looking to be followed and believed based on the Witch University bought Ph.D.s and-or connections to 'greatness', etc.

—

I did reflect a bit on my Post yesterday in my meditations – mostly gone are the many things I could have added, but I did like that it displayed the 2 (or more) of many Perspectives I could Write and Think in .. and perhaps you also are aware of the Multiverse Dimensional Personhood of similar degree and might realize that many have a huge number and break with the concept of any one being Good or Bad based on Tone, Grounding in Reality, .. or similar - a Witch twisting cause of self-hate and retardation from crib and result because we as society are giving the (often weak and retarded if not vile) female minds so much control over our children.

Think of them as different Lens to view the world, and I have at least 3, and likely infinite as I have been cycling in this and similar Realities in the Multiverse within the Lion for likely many Eternities, as many but a tiny number of you now are, and connected too. The only way Out is God, of course.

So, yesterday's post – the beginning section - might be of interest and hopefully value to you, URLs in PostScript (PS.) below.

—

Oh! I discovered yesterday that the DropBox directory URL was not allow access to others – it worked fine for me but I was already looked in on that browser. I have taken to removing the useless end of URLs including the '?' which seemed to do no function but make the URL longer – sometimes ridiculously longer as Facebook & YouTube redirects (part of Tracking info mostly), but it turns out that I discovered for those DropBox to directory URLs – they contain a 'Key' phrase that give access as read-only, it seems.

So Having only .. only! .. 20-30 posts with those on SubStack (alone Facebook I am Blocked from – as I mentioned) I went through and put in the corrected full versions at bottom only (not in the PS.) .. I will have to forget for now the GAB and Minds and the untold multiples of that in YouTube and other video comments – with a consolation that if the '*Referenced Here*' could be seen on a video comment that at least that video was watchable.

And I write this because those who have given up on trying might be given new Heart, and also discover that rarely I will include material not directly written about or removed from my Post in the directory – although that is so rare as likely only to be found by accident. That will likely usually be the case.

Oh, I re-Printed PDFs and placed them in DropBox with ' - **Updated**' at end of Filename to include the full directory URLs but in many of them would also be a more later version where corrections and images inserted.

—
I think that is about all the Administrative Update stuff. I will check on the Facebook once in a while for a bit, especially as I would like to Search on posts older then SubStack additions were created .. and maybe by the time my 22 days are gone, and before the next one they will have removed my Block and need for super-duper Authentication.

—
So ..

May this be a Blessing to you and us all. [And all our Futures, and future Multiverse Pasts.]

The Satanic Venture Capital Golden-Calf worshipers' Pied Piper thought he was done, but Satan wanted him again to be Controlled Opposition collecting and pissing away all Opponents of Satan and Her plan towards us and all we love and could love Burning in Hell after a life of constant endless Pain and suffering – mental-emotional-sexual-spiritual soul mutilating torment and torture, that is those not tortured to death before born (or right after) as Sacrifices too Satan.

You can tell Trump is part of this GreatSatan because like this evil-gov, anyone who support and side with him will be worse off then those who Oppose them – look at Germany, Europe, and us at home.

Nigersaurus is a genus of rebbachisaurid sauropod dinosaur that lived during the middle Cretaceous period, about 115 to 105 million years ago. It was discovered in the Eirhaz Formation in an area called Gadoufaoua, in the Republic of Niger. Fossils of this dinosaur were first described in 1976, but it was only named *Nigersaurus taqueti* in 1999, after further and more complete remains were found and described. The genus name means "Niger reptile", and the specific name honours the palaeontologist Philippe Taquet, who discovered the first remains.

Small for a sauropod, *Nigersaurus* was about 9 m (30 ft) long, and had a short neck. It weighed around 4 t (4.4 short tons), comparable to a modern elephant. Its skull was very specialised for feeding, with large fenestrae and thin bones. It had a wide muzzle filled with more than 500 teeth, which were replaced at a rapid rate: around every 14 days. The jaws may have borne a keratinous sheath. Unlike other tetrapods, the tooth-bearing bones of its jaws were rotated transversely relative to the rest of the skull, so that all of its teeth were located far to the front. Its skeleton was highly pneumatized (filled with air spaces connected to air sacs), but the limbs were robustly built.

Nigersaurus and its closest relatives are grouped within the subfamily Rebbachisaurinae (formerly thought to be grouped in the eponymous Nigersaurinae) of the family Rebbachisauridae, which is part of the sauropod superfamily Diplodocoidea. *Nigersaurus* was probably a browser, and fed with its head close to the ground. The region of its brain that detected smell was underdeveloped, although its brain size was comparable to that of other dinosaurs. There has been debate on whether its head was habitually held downwards, or horizontally like other sauropods. It lived in a riparian habitat, and its diet probably consisted of soft plants, such as ferns, horsetails, and angiosperms. It is one of the most common fossil vertebrates found in the area, and shared its habitat with other dinosaurian megaherbivores, as well as large theropods and crocodylomorphs.

History of discovery

rebbachisaurid remains.^[3]

Remains thought to belong to *Nigersaurus* were first discovered during a 1965–1972 expedition to the Republic of Niger led by French paleontologist Philippe Taquet, and first mentioned in a paper published in 1976.^{[1][2]} Although a common genus, the dinosaur had been poorly known until more material of other individuals was discovered during expeditions led by American palaeontologist Paul Sereno in 1997 and 2000. The limited understanding of the genus was the result of poor preservation of its remains, which arises from the delicate and highly pneumatic construction (filled with air spaces connected to air sacs) of the skull and skeleton, in turn causing disarticulation of the fossils. Some of the skull fossils were so thin that a strong light beam was visible through them. Therefore, no intact skulls or articulated skeletons have been found, and these specimens represent the most complete known

SPECIAL NOTICE TO ALL JEWS!

Handwritten signature

The Central Conference of American Rabbis, at the 47th Annual Conference, held in New York on June 26th, 1937, declared for "Exemption of Jews from military service in accordance with the highest interpretation of Judaism".

Our Talmud tells us "When you go to war, do not go as the first but as the last, so that you may return as the first".

Why should we, the only truly international people, be concerned with the mutable interests of stupid Goyim nations? We must do everything in our power to help the great President who has helped us so greatly in establishing control. Support the draft law when it is presented to the American people. Support England and France, for they are fighting Judah's greatest enemy, the Goyim German state.

You are urged to support United States participation in this Holy War of Judah, without reservation and without fear. We can repeat our triumphs of 1918 if we maintain our united front, and the dumb Goyim will fight while we profit, with the aid of our friend in Washington.

Powerful Jews will be on all Draft Boards, and Jewish physicians will protect you from military service. Arrangements are already made to exempt you, in case religious exemption cannot be prepared in time.

You are warned to renounce, abjure, repudiate and deny any of this information if questioned by Gentiles, even under oath, as outlined in the Talmud, and justified for the preservation of our race.
